Hours: Call for hours of operation

All numbers next to the farm listings correlate to the numbers on the map in the center of this booklet.

Dear Customer:

The Montgomery County Department of Economic Development is pleased to present the 2008/2009 Montgomery County Farm Directory, a useful guide to locating farm fresh produce, meats, flowers, plants and other agricultural commodities.

This easy-to-use directory was developed to assist both the individual consumer as well as the volume purchaser (such as a restaurant or store) in obtaining direct access to the Montgomery County grower. Keep it handy and use it often. Ask questions of the producers directly, and remember to call before you visit. Hours of operation may vary due to seasonal or weather conditions.

Call Montgomery County's Agricultural Services Division at 301-590-2823 if you have any questions regarding this directory, our annual Farm Tour and Harvest Sale, the Farmers Markets or any issue pertaining to the County's agricultural industry.

See you at the farm!

Sincerely,

The Department of Economic Development
Agricultural Services Division
