BRT, Bus Rapid Transit, is coming to US 29 in Montgomery County. The Montgomery County Department of Transportation invites you to a public Open House to learn more about the US 29 BRT project. The Open House is a chance to **learn how BRT will operate along the corridor**, how existing **local bus service can better link with the US 29 BRT**, efforts to **incorporate art into station designs**, and view **updates to the station area designs** including approximate right-of-way needs. We are eager for residents to learn more about BRT and the project staff will be ready to answer questions and collect your valuable input. Please spread the word about these important meetings to friends and neighbors. This is a **family-friendly** event featuring a children's activity area.

Find out why BRT is:

RAPID: Features like limited stops, off-board fare collection, priority signaling, and level-boarding through all doors make for a faster ride.

RELIABLE: You'll never wait long for the next BRT and will see real-time travel information at the station.

RELAXING: Avoid the stress associated with driving: use Wi-Fi to be more productive, read a book, or simply use the time to rest.

Note: The open houses are self-paced and attendees can come and go as they please. The three meetings will be identical and attendance at only one is recommended. Sign language interpreters and other assistive services will be provided upon request.
