47 U.S. Code Section 332 – Mobile Services

- (a) **FACTORS WHICH COMMISSION MUST CONSIDER** In taking actions to manage the spectrum to be made available for use by the private mobile services, the Commission shall consider, consistent with section 151 of this title, whether such actions will—
- (1) promote the safety of life and property;
 - (2) **improve the efficiency of spectrum use and reduce the regulatory burden upon spectrum users**, based upon sound engineering principles, user operational requirements, and marketplace demands;
 - (3) **encourage competition and provide services to the largest feasible number of users**; or
 - (4) increase interservice sharing opportunities between private mobile services and other services.
- (b) **REGULATORY TREATMENT OF MOBILE SERVICES**
- (3) **STATE PREEMPTION**
 - (A) Notwithstanding sections 152(b) and 221(b) of this title, **no State or local government shall have any authority to regulate the entry of or the rates charged by any commercial mobile service or any private mobile service**, except that this paragraph shall not prohibit a State from regulating the other terms and conditions of commercial mobile services.
 - (7) **PRESERVATION OF LOCAL ZONING AUTHORITY**
 - (B) **Limitations**
 - (i) The regulation of the placement, construction, and modification of personal wireless service facilities by any State or local government or instrumentality thereof—
 - (I) **shall not unreasonably discriminate among providers of functionally equivalent services; and**
 - (II) **shall not prohibit or have the effect of prohibiting the provision of personal wireless services.**
 - (ii) A State or local government or instrumentality thereof shall act on any request for authorization to place, construct, or modify personal wireless service facilities within a reasonable period of time after the request is duly filed with such government or instrumentality, taking into account the nature and scope of such request.
 - (iii) Any decision by a State or local government or instrumentality thereof to deny a request to place, construct, or modify personal wireless service facilities shall be in writing and supported by substantial evidence contained in a written record.
 - (iv) **No State or local government or instrumentality thereof may regulate the placement, construction, and modification of personal wireless service facilities on the basis of the environmental effects of radio frequency emissions** to the extent that such facilities comply with the Commission's regulations concerning such emissions.
