Worksession

MEMORANDUM

April 23, 2009

TO: Management and Fiscal Policy Committee
FROM: Justina J. Ferber, Legislative Analyst
SUBJECT: Worksession - Executive's Recommended FY10 Operating Budget -
County Executive's Office

Those expected for this worksession:

Tim Firestine, Chief Administrative Officer
Sonetta Neufville, Administrative Specialist III, County Executive Office
Charles Goldsmith, Budget Analyst, OMB

The Executive's recommendation for the County Executive's Office Budget is on pages 25-1 to 25-7

Overview

For FY10, the Executive recommends total expenditures of \$6,669,470 for the County Executive's Office, a decrease of \$556,140 or 7.7% from the FY09 approved budget. Personnel Costs comprise 86.5 percent of the budget. Lapse is budgeted at \$60,897 and 0.7 workyear.

FY10 Expenditure Issues

The chart on the previous page shows the changes in positions that took place in mid-year FY09. One Special Assistant position to the County Executive has not been filled. The position is lapsed in FY10 for ½ of the year. For FY10 the Events Coordinator and Clarksburg Ombudsman positions have been abolished and functions will be assigned to others.

The major change in FY10 in the Executive’s Office relates to the “redesign” of internal audit functions. The “redesign” is a different way of conducting internal audits. Audit positions have been eliminated and operating costs reduced. Remaining operating funds will be used to contract for the performance of internal audits with accounting firms that have up-to-date technology and more sophisticated audit capabilities.

In FY09 the Council shifted the position of Special Projects Manager from DPWT at \$183,430 and 1.0 workyear to the County Executive's Office budget. Staff requested a description of duties for the Special Projects Manager. The description is attached at ©8.

The County Executive's Office budget decreased by \$556,140 in FY10. Staff has no additional recommendations for reductions.

For FY10 there are two programs with only one position and the office may want to consider reorganizing to combine programs.

Staff Recommendation:

- **Approve the budget of the Office of County Executive as submitted for \$6,669,470.**

County Executive

MISSION STATEMENT

The Offices of the County Executive provide political leadership to the community and administrative direction to the County's departments and offices. The Office is committed to providing accurate, timely, and effective staff support to the County Executive and the Chief Administrative Officer (CAO) as they address their responsibilities in an atmosphere that is characterized by excellence, efficiency, openness, outreach, equity, and integrity.

BUDGET OVERVIEW

The total recommended FY10 Operating Budget for the Offices of the County Executive is \$6,669,470, a decrease of \$556,140 or 7.7 percent from the FY09 Approved Budget of \$7,225,610. Personnel Costs comprise 86.5 percent of the budget for 49 full-time positions and seven part-time positions for 46.7 workyears. Operating Expenses account for the remaining 13.5 percent of the FY10 budget.

County Government Reorganization

In FY09, the County Executive implemented a reorganization of Montgomery County Government designed to improve effectiveness, customer service, accessibility, and efficiency. As part of this plan, internal audit responsibilities were moved out of the Department of Finance and into the Offices of the County Executive. In the budget summary, FY08 actuals reflect the old organizational structure, while the FY09 budget, FY09 estimate, and FY10 budget figures reflect the new organizational structure.

LINKAGE TO COUNTY RESULTS AREAS

The Offices of the County Executive support all eight of the County Results Area.

PERFORMANCE MEASURES

The primary focus of the Offices of the County Executive is to provide policy direction, reinforce accountability, and ensure the achievement of results. In support of these objectives, the focus has been on the following:

- development of performance plans with detailed performance targets for major County departments;
- development of related performance measures to gauge efficiency and effectiveness; and
- development of data collection systems to facilitate performance analysis.

The department budget sections reflect many of the performance measures developed as part of this process. During the coming year, additional efforts will be undertaken to measure results and identify further enhancements.

In addition, this department's Capital Improvements Program (CIP) requires Current Revenue funding.

ACCOMPLISHMENTS AND INITIATIVES

- ❖ *CountyStat has finalized a set of outcome-based headline measures for all major government departments that will be used moving forward to track the effectiveness of departmental performance. These are the measures that the Office of Management and Budget has begun to use to implement its results based budgeting initiative.*
- ❖ *CountyStat has, in collaboration with representatives from relevant departments, the County Council, Maryland-National Capital Park and Planning Commission, and the Montgomery County Public Schools, developed a set of high level indicators that will be used to show the state of Montgomery County compared to peer counties across the nation, in terms of the eight priority areas outlined by County Executive Leggett.*
- ❖ *In order to train and build analytical capacity within departments, CountyStat developed and launched the CountyStat Fellowship program.*
- ❖ *CountyStat developed and conducted the County's first internal customer service survey.*

①

- ❖ *In early February 2008, CountyStat launched its website which includes all meeting schedules, presentations, follow-up memos, department performance plans, CountyStat quarterly reports, and other information.*
- ❖ *Completed phase 1 of the MC311 blueprint, which is "customer discovery". Thirty-eight departments and offices have mapped their existing business processes for handling request for information, services, and complaints.*
- ❖ *Construction has begun on the MC311 Call Center at 51 Monroe Street in Rockville.*
- ❖ *The Volunteer Center finalized a new strategic plan, charting a refined direction for the next five years. Numerous stakeholders were involved, including a special advisory team made up of community leaders. A full report is available upon request.*
- ❖ *The level of volunteer participation in the October 2008 Community Service Day more than doubled compared to the previous year.*
- ❖ *In the last year, the new online database of volunteer opportunities had over 98,000 total visits to the website.*
- ❖ *The Volunteer Center performed a complete review of all of its registered nonprofit/governmental organizations, which now total more than 650.*
- ❖ **Productivity Improvements**
 - *CountyStat has developed several IT applications for use by various government departments. These include: [1] a high incident area analysis database that can be used by the Department of Transportation (DOT) and others to quickly garner information about the occurrence of pedestrian and automobile collisions; and [2] an application that allows the Department of Correction and Rehabilitation to effectively monitor the gang status of prisoners to avoid potential issues that would be caused by matching them up to share cells and free time.*
 - *Working with department directors, CountyStat has helped to develop a number of process re-engineering initiatives. These include: changing the way disciplinary actions proceed; the way overtime is monitored; and the manner in which the Department of Permitting Services (DPS) tracks the life cycle of the permitting process.*
 - *As a result of CountyStat and departmental efforts, overtime within the County's public safety agencies and DC were reduced by more than 154,000 hours from calendar year 2007 to 2008, netting \$7.1 million in savings during that time period.*
 - *CountyStat developed a series of recommendations that resulted in cost avoidance. As an example, CountyStat analyzed pedestrian collision data and determined that the addition of two positions in DPS to monitor sidewalk closures/interference would have no impact on reducing the number of pedestrian collisions. This avoided the creation of new positions to deal with this particular issue.*
 - *CountyStat has developed a series of revenue enhancing recommendations for different departments including an examination of police speed cameras, and the way the Department of Recreation plans its courses.*
 - *CountyStat has all of its presentations on the web and uses the web to disseminate significant information to the public.*
 - *The software solution for MC311 was purchased by leveraging the enterprise solution and using Oracle, the same firm chosen for the Enterprise Resource Planning project. This approach will allow the County to maximize efficiencies in terms of integration and support of these two systems, thus reducing their lifecycle costs and increasing the ease of use in combining data from the two systems.*
 - *The Office of Community Partnerships (OCP) and Volunteer Center reduced publication costs by discontinuing hard copy newsletters in favor of e-newsletters and e-bulletins to provide more current information, to more people, more often, at much reduced cost.*
 - *The OCP sponsored a larger number of heritage events than in the past reaching more ethnic communities at modest cost by engaging members of the County Executive's ethnic advisory committees to partner with us and recruit cosponsors.*
 - *The Volunteer Center has saved staff time and obtained better data through the effective use of a new online survey evaluation tool.*
 - *The Volunteer Center continues to consolidate its programs to improve productivity. The Weekend/Evening program was consolidated into a new, streamlined group volunteering program, that links with the new Montgomery Volunteer newsletter.*

- OCP and the Volunteer Center have led the way in promoting volunteerism throughout the County and dramatically increasing numbers of volunteers at countywide service days.

PROGRAM DESCRIPTIONS

County Executive - Policy Planning and Development

The County Executive oversees the enforcement of the laws of Montgomery County and provides Executive direction to all departments and offices of the County government. The County Executive also develops policies; proposes plans, programs, budgets, and legislation to the County Council; adopts Executive Orders and Regulations; and appoints citizens to boards, committees, and commissions.

CAO - Supervision & Management of Executive Branch Depts.

The Chief Administrative Officer (CAO) supervises all departments and offices of the Executive Branch. The CAO also advises the County Executive on administrative matters and coordinates management review and decision-making on policies, programs, plans, budgets, legislation, regulations and similar matters. CountyStat provides a forum for ongoing monitoring and measurement of the effectiveness and efficiency of County government services in order to improve performance, reinforce accountability and focus on results. The Constituent Services staff coordinates responses to correspondence, telephone calls, electronic mail, and walk-ins concerning County programs and services. Information and Referral staff maintains the information database for resources such as the Quick Guide.

Community Partnerships

The Office of Community Partnerships (OCP) is a bridge between community residents and organizations and the County government. To keep Montgomery County's residents informed about policies, programs, and issues, OCP staff coordinates responses to residents' written and e-mail correspondence and responds to telephone inquiries. The OCP staff provides outreach and liaison services to ethnic, multilingual, and multicultural communities. OCP staff works closely with the County's non-profit and faith community organizations. They work in partnership with County departments to ensure that efficient, effective, responsive and high-quality services are provided to all Montgomery County residents. To help celebrate the rich diversity of Montgomery County, the OCP staff coordinates a number of community events throughout the year including the County's Martin Luther King, Jr. Birthday Celebration; Black History Month; Arab American Heritage Month; Asian Pacific American Heritage Month; Juneteenth Commemoration; Hispanic/Latino Heritage Month, and Native American Heritage Month. OCP staff also publishes a monthly e-mail newsletter. The Volunteer Center promotes volunteerism as a community ethic among government, business, religious, civic and educational segments of the community. The Center also coordinates grants associated with volunteer activities.
