Executive's Recommended Budget

The following are expected to attend:

David Dise, Director, General Services Pam Jones, Office Chief, Procurement Ken Taylor, Office Manager, Business Relations and Compliance Bruce Meier, Office of Management and Budget

The relevant pages from the recommended FY12 operating budget are attached on O1-8, with the budget figures primarily represented in O2, 3 and 8.

Summary of Staff Recommendations

- 1. Accept the Executive's recommended FY12 Office of Procurement budget of \$2,232,280, effectively reducing the budget from FY11 levels by \$55,430.
- 2. Accept the Executive's recommended FY12 Office of Business Relations and Compliance budget of \$402,000, effectively reducing the budget from FY11 levels by \$6,660.

Overview

This packet covers two elements of the department of General Services: the Office of Procurement and the Office of Business Relations and Compliance. Together, they represent 8.9% of the overall budget for the Department of General Services. The following Table presents the recommendations of the proposed FY12 Operating Budget for these two offices.

Additional items of interest

1. Internal customer survey and CountyStat recent review

There are periodic customer surveys to provide feedback to the Office of Procurement. A recent CountyStat session discussed the latest survey and encouraged responses to the findings. ©9-12 provide a sampling from this recent review; the entire review can be found at:

http://www.montgomerycountymd.gov/content/EXEC/stat/pdfs/3_4_11_ppt.pdf

2. IPCC and "Green" purchasing by Office of Procurement

The Office of Procurement is an active participant in the Interagency Procurement Coordinating Committee (IPCC); several important collaborative projects are underway. The Office of Procurement is taking the lead in the creation of a single cooperative procurement for vehicles, including "green" vehicles for all 6 agencies. This latest initiative is in addition to existing cooperative procurement efforts in "...gasoline, electricity, natural gas, medical benefits, life insurance and dental services..." (from the IPCC first and second quarter report to the GO Committee).

3. In 2009, the Office of Legislative Oversight reviewed the Local Small Business Reserve Program (LSBRP), one of the four programs managed by the Office of Business Relations and Compliance. The findings of that review, and the current expectations for additional data from the Executive branch that would further this analysis, is summarized in a memo from OLO Research Associate Jennifer Renkema to the Committee found on ©13-14.

General Services

MISSION STATEMENT

The Department of General Services proactively serves the diverse business and service requirements of all County departments, providing a single point of government-to-government service, enabling departments to successfully complete their respective missions and, thereby, adding value to the services performed by Montgomery County to county residents. In so doing, the Department of General Services contributes directly towards the County Executive's objectives of "A Responsive and Accountable County Government", "Healthy and Sustainable Neighborhoods", and "A Strong and Vibrant Economy."

BUDGET OVERVIEW

The total recommended FY12 Operating Budget for the Department of General Services is \$29,638,300, a decrease of \$880,280 or 2.9 percent from the FY11 Approved Budget of \$30,518,580. Personnel Costs comprise 49.5 percent of the budget for 240 full-time positions and seven part-time positions for 178.1 workyears. Operating Expenses and Capital Outlay account for the remaining 50.5 percent of the FY12 budget.

In addition, this department's Capital Improvements Program (CIP) requires Current Revenue funding.

LINKAGE TO COUNTY RESULT AREAS

While this program area supports all eight of the County Result Areas, the following are emphasized:

- A Responsive, Accountable County Government
- Healthy and Sustainable Neighborhoods
- Strong and Vibrant Economy

DEPARTMENT PERFORMANCE MEASURES

Performance measures for this department are included below, with multi-program measures displayed at the front of this section and program-specific measures shown with the relevant program. The FY11 estimates incorporate the effect of the FY11 savings plan. FY12 and FY13 targets assume the recommended FY12 budget and FY13 funding for comparable service levels.

ACCOMPLISHMENTS AND INITIATIVES

- Department of General Services (DGS) Procurement is one of twenty Countywide programs that received a NACo Achievement Award and are listed in the NACo Model Program Database.
- DGS Imaging has completed the records inventory and updated the retention schedules for Health and Human Services and is currently completing the records inventory for Public Safety.
- Since the County requires all paper orders go through Central Duplicating, the Departments are now receiving 50% recycled 8.5 X 11 20# white copy paper.
- DGS strives to improve its inclusion of local small businesses among the County's contractors, continuing to implement its 11 Point Plan to stimulate the vitality of Montgomery County's economy through the Local Small Business Reserve Program (LSBRP). As part of the effort, DGS drafted Local Small Business Reserve Program Bill 3-09 to increase County spending with local businesses to 20% and the implemented LSBRP Bill #-09 with the

passage of Montgomery County Executive Regulation 2-09.

- Through the use of automation DGS improved services to vendors wishing to become part of the Local Small Business Reserve Program.
- DGS encouraged diversity among vendors through the implementation of Bill 45-09 Contracts & Procurement Amendments; expanded the number of minority certification program participants to ensure diversity in vendors doing business with the County; expanded local and minority contracting opportunities through direct purchases under \$10,000; unbundled large contracts and created opportunities for local small businesses to contract with county; and increased the number of contracting opportunities by appropriately lowering bonding and insurance requirements.
- This year the Facilities Management Division will pilot a program to replace current light bulbs with LED light bulbs in an effort to reduce energy costs.
- The Facilities Management Division is also launching a pilot program to use crews performing Alternative Community Service for grounds maintenance rather than contractors.
- Procurement redesigned its internet site to allow firms to download solicitations directly or by supplying contact Information to receive amendment notifications.
- Productivity Improvements
 - The Print Shop now has the capabilities to design e-brochures for the County's Internet and Intranet. By providing this additional method of disseminating information the County has reduced paper usage and met the standards established by the County's Green initiative.
 - The Print Shop is replacing three older presses with an environmentally friendly, digital press. This press uses non toxic ink, reduces grams of CO2\per day by 5,000 over the old presses and 97% of the parts are recycled or re-manufactured. Additionally, this press will increase our current capabilities and enable us to produce multiple brochures on one sheet of paper. The cost savings, resulting from the purchase of this digital press will be passed on to our customers.
 - Hard Wiring of the Record Center increases our processing speed by 60%. Additionally, this hard wiring has
 increased productivity in the areas of quality control and re-scanning due to a decrease in the time to up-load
 documents.

PROGRAM DESCRIPTIONS

Office of Procurement

The mission of the Office of Procurement is to preserve the public trust and ensure the integrity of the public procurement process through the efficient, effective, and economical procurement of goods, services, and construction in accordance with nationally recognized best practices; resulting in the highest value for County government and its residents.

The core components of this program are to purchase goods, services, and construction required by County departments in the most timely and cost-effective manner possible. Program staff assists departments in the development of procurement strategies and documents to ensure a competitive and fair procurement process in accordance with the County Code and the Procurement Regulations. Program staff also helps vendors understand the County's procurement process and procedures.

Procurement staff also provides County departments with training, assistance and guidance of department contract administrators. Further, Procurement works collaboratively with the Office of Business Relations and Compliance, the Office of Partnerships and other departments to build relationships with and provide training to businesses and non-profits interested in doing business with Montgomery County. Procurement Specialists develop contract administration procedures and research, review, and recommend revisions to County procurement policies and regulations to streamline the procurement process. In addition, testimony and other evidence regarding claims and contract disputes with contractors are reviewed to resolve issues.

Office of Business Relations and Compliance

The mission of the Office of Business Relations and Compliance (OBRC) is to plan and implement programmatic strategies to expand business opportunities for Minority, Female and Disabled Persons business owners and small businesses in Montgomery County. The office administers the County's Living and Prevailing Wage programs for service and construction contracts. The OBRC is solely responsible for ensuring the socio-economic programs of the County are compliant with applicable laws.

Minority, Female and Disadvantage Persons (MFD)

The MFD program objectives focus on annual goals of awarding a designated percentage of the total dollar value of negotiated contracts over \$50,000 to Maryland Department of Transportation certified minority, female, or disabled-owned businesses by procurement source. In addition, the program identifies MFD firms; encourages and coordinates their participation in the procurement process through community outreach and internal seminars; and monitors contracts subject to MFD participation to ensure compliance.

Local Small Business Reserve Program (LSBRP)

The mission of the Local Small Business Reserve Program is to ensure that County departments award a minimum of 10 percent of total contract dollars issued for goods, services or construction to registered local small businesses. The program assists County departments to identify contracting opportunities and solicitations appropriate for LSBRP competition. The program provides training and networking to help local small businesses compete with businesses of similar size and resources for County contracts strengthening in the local small business sector.

Living Wage

The mission of the Living Wage program is to ensure that County contractors and subcontractors pay employees, at a minimum, a "living wage" in compliance with the annually adjusted rate established by the Montgomery County Wage Requirements Law on qualifying contracts.

Prevailing Wage

The mission of the Prevailing Wage program is to ensure that contractors and subcontractors pay prevailing wages, as established by the Maryland State Commissioner of Labor and Industry for the Montgomery County region, to workers on certain construction projects awarded by the County.

Automation

The Automation Program provides staffing, material, and support to develop and maintain information systems in support of the Department's business operations. This includes purchase and maintenance of Information Technology (IT) equipment, service and support for major end use systems on a County-wide basis. IT management of system and website design and maintenance is included in this program as well as coordination with the County Department of Technology Services.

Division of Facilities Management

The Division of Facilities Management's mission is to provide for the comprehensive planning and delivery of maintenance services and oversight of building-related operations at County facilities used by County staff and residents. Components of these programs are routine, preventive, correctional and conditional maintenance; housekeeping; grounds maintenance; recycling; building structure and envelope maintenance; electrical/mechanical systems operations and maintenance; small to mid-sized remodeling projects; snow removal, and damage repair from snow, wind, rain, and storm events; and customer service. The energy management program provides technicians to monitor and maintain heating and cooling systems to ensure the most efficient use of these services. In addition, Facilities Management manages several comprehensive Capital Improvements Program (CIP) projects aimed at sustaining efficient and reliable facility operation to protect and extend the life of the County's investment in facilities and equipment.

Environmental Stewardship

This newly developed program focuses on maintaining Montgomery County's leadership in environmentally sensitive maintenance, construction, and operation of County facilities. In this role, the program will develop and oversee the energy and facility environmental programs; monitor new and renovated building systems to ensure proper functioning; obtain necessary permits where applicable and ensure compliance with the terms of the permits; perform building systems diagnostics to analyze failures and recommend and coordinate corrective measures implementation; conduct facility assessments of building conditions and retrofit buildings where appropriate, evaluate maintenance standards; and investigate indoor air quality complaints. This program also oversees the utilities management function and implements strategies to maximize cost savings and reduce energy use from utility deregulation throughout the County. In addition this program provides and coordinates the required maintenance of the County's Stormwater Management facilities.

Central Duplicating, Imaging, Archiving & Mail Svcs.

This program provides timely and efficient document management through: high-speed photocopying service to all County agencies; desktop and electronic publishing; high-speed color copying; bindery; digital imaging; and electronic and physical archiving of County records. This program also serves as point of contact for County printing material produced and completed by Montgomery County Public Schools (MCPS). A print shop consolidation took effect in FY00 in which all County offset printing is provided by MCPS. This program also provides for the daily receipt, sorting, and distribution of mail deliveries from the U.S. Postal Service and inter-office mail to County agencies.

Real Estate Program

This program provides for leasing, site acquisition/disposition, space management and site evaluation. The leasing function recommends, plans, coordinates, implements, and administers the leasing of real property for both revenue and expense leases, including closed school facilities at the best economic and operational value to the County. Site acquisition/disposition is the purchase of property for County use and disposition is the sale or lease of surplus property. The space management function provides for the efficient and aesthetic utilization of space in County-owned and leased facilities. The site evaluation function provides technical support to site evaluation committees for Capital Improvements Program (CIP) projects.

Building Design and Construction

This program provides for the overall management of the Department's facility Capital Improvements Program (CIP). This program includes the comprehensive, timely, economic and environmentally efficient planning, designing and construction of buildings for County use as well as public venues owned by the County. This program also provides comprehensive architectural and engineering services from planning through design. Functional elements include programming, contract administration, planning management, design management, and project management. The planning, design, and construction of facilities is accomplished in accordance with LEED Silver standards as required by County regulation, and following best practices in project design and construction estimating, and the timely delivery of facilities based on project schedules developed for and published in the County CIP.

Administration

Administration services in the Department are provided in three key areas:

- The Director's Office provides overall leadership for the Department, including policy development, planning, accountability, service integration, customer service, the formation of partnerships and the oversight of socio-economic programs which include the Business Relations and Compliance Program. The Director's Office also handles administration of the day-to-day operations of the Department, including direct service delivery, operating and capital budget preparation and administration, training, contract management logistics, and facilities support and human resources.
- The County Executive's Strategic Growth Initiative and other key strategic capital initiatives are also directed through the Office of Planning and Development in the Director's office.
- The Division of Real Estate and Management Services provides oversight and direction of the preparation and monitoring of the Operating and Capital Improvements Program (CIP) budgets for the department; fuel management; payment processing;

Invitations for Bid (IFB), Requests for Proposal (RFP) and contracts; inventory and facility management; the management and administration of computer and office automation activities; oversight of all personnel activities of the Department of General Services; Strategic Planning for the Director; and oversight and management for increasing access to County facilities for residents and employees with disabilities.

Stages of Procurement Solicitation Process

The "Procurement Process" is a multi-departmental process, as it involves Procurement, County Attorney, Risk Management, the user department, vendors, etc., in those various stages. Also, note that there are multiple steps within each stage. For example, during contract receipt there may additional sub steps involving compliance, insurance, and contractors.

Timeliness (Procurement Responsibility) Review of Procurement Performance Data - FY10

The Office of Procurement develops a timeline with the user department for each solicitation. These metrics track Procurement's ability to meet agreed-upon timelines.

Breakdown by Stage of Solicitation

| Solicitation Type | Date Issued | | Date to Department | | Date of Posting | | Date of Execution | |
|----------------------|-------------|------|-----------------------|-----|-----------------|-----|----------------------|-----|
| | Not Met | Met | Not Met | Met | Not Met | Met | Not Met | Met |
| IFB | 31% | 69% | 19% | 81% | 49% | 51% | 60% | 40% |
| RFP | 11% | 89% | 15% | 85% | 31% | 69% | 43% | 57% |
| Construction | 0% | 100% | 10% | 90% | 10% | 90% | 20% | 80% |

Note: "Not Met" means that Procurement exceeded the agreed-upon timeline for one or more of the agreed upon dates by one or more days.

Each stage below is discreet and the % met/not met is based on the agreed-to dates for that particular stage by solicitation type. For example, for IFB "Date To Department", this means for the agreed-to dates for IFBs for this stage only, Procurement met the agreed upon dates for "Date to Department" 81% of the time.

MEMORANDUM

April 13, 2011

TO: Government Operations Committee

FROM: Jennifer Renkema, Research Associate Office of Legislative Oversight

SUBJECT: Update on OLO Report 2010-4: Evaluation of the Local Small Business Reserve Program

This memo describes the findings of OLO's 2009 evaluation of the County's Local Small Business Reserve Program (LSBRP) and summarizes the status of Executive Branch data required or requested by the Council related to the program.

Overview of LSBRP. The Council established the LSBRP by law in 2005, requiring that all County Government departments award at least ten percent of *eligible*¹ contract dollars to local small businesses. The legislative goals of the program are to:

- Enhance competitiveness of County-based small businesses doing business with the County;
- Broaden the pool of local small businesses doing business with the County; and
- Encourage the County's economic growth by enhancing the business climate for local small businesses.

The primary mechanisms established by law for accomplishing these goals were the ten percent procurement requirement and a process for reserving contracts for bidding on by only local small businesses.

In March 2009, at the County Executive's recommendation, the Council approved changes to the LSBRP and extended the sunset date of the program from December 2009 to December 2012. The approved changes included doubling the local small business requirement for County Government departments from 10 to 20 percent of *eligible* procurements and increasing the size thresholds for businesses to be eligible for the program (i.e., a larger business can now qualify as a "small" business based on the changes).

Summary of OLO's Findings. OLO evaluated the LSBRP based on data from FY07 and FY08, the two years for which the County Government had complete data available. OLO's evaluation found that the County Government was largely in compliance with the statutory requirements of the LSBRP in these two years. Overall, however, OLO's findings suggest that the LSBRP did not fully meet the stated legislative goals. Specifically:

¹ County Code § 11B-66 exempts certain types of procurements from LSBRP contracting requirements.

1. Only a fraction of eligible local small businesses registered for the program.

Since January 2006, only 1,540 businesses registered for the program. At the end of FY09, only 687 businesses were actively registered with the program. In comparison, an estimated 20,000 businesses may qualify for the program under the amended regulations approved in March 2009.

2. Almost all of the contracts awarded to LSBRP vendors were awarded through the regular procurement process, not through the LSBRP's contract reserve process.

In FY07, only \$100,000 (1.2%) out of \$11.5 million in awards to LSBRP vendors resulted from contracts reserved under the LSBRP. In FY08, only \$400,000 (3.1%) out of \$11.8 million in awards to LSBRP vendors resulted from reserved contracts.

3. More than 90% of the County Government's total contract spending was exempted from the LSBRP.

In FY07, 94 percent of the County Government's approximately \$1 billion in contract spending met at least one of the legally-established program exemptions. In FY08, almost 92 percent of the \$985 million in total contract spending was exempt. The most commonly cited exemptions were for pre-existing contracts, noncompetitive contracts, and because a department concluded that no qualified local small business existed to perform the contract. The table below summarizes the magnitude of procurement dollars exempted from the LSBRP in FY07 and FY08.

Council Request for Additional Information. The Council is awaiting two types of information related to the LSBRP from the Executive Branch: annual reports for FY09 and FY10 and responses to requests for additional information based on the findings in OLO's report.

By law, the Executive Branch is required to provide the Council an annual report on the program by November 30. The Council has not received reports for FY09 or FY10. Office of Procurement staff cite difficulties with data reporting and extraction as one reason for the delay. As of December 2010, Department of General Services Director David Dise reported the draft of the FY09 report had been completed but had not yet received final edits. FY10 data was still being collected at that time.

Based on the findings in OLO's report, the Council requested that the Executive Branch provide information by November 30, 2010 on: (1) all FY10 contract awards to local small businesses and locally-based non-profit organizations, and (2) strategies other than the contract reserve mechanism that could be implemented to achieve the goals of the Local Small Business Reserve Program.

More specifically, the Council requested information on:

- Total contract dollars awarded to local small businesses both directly and indirectly (i.e., through subcontracts) disaggregated by business type (e.g., wholesale, retail, manufacturing, services, and construction); and
- Total contract dollars awarded to locally-based non-profit organizations.

The Council has not received this additional information.
