

T&E COMMITTEE #3
May 4, 2011

Worksession

MEMORANDUM

May 3, 2011

TO: Transportation, Infrastructure, Energy & Environment Committee

FROM: Susan J. Farag, Legislative Analyst 

SUBJECT: **Worksession: FY12 Operating Budget: Department of General Services:
Fleet Management Services (DFMS)
Motor Pool Fund Contribution (NDA)**

Summary of April 26 Committee Worksession

Replacement Vehicles: The Committee tentatively agreed (2-1) to the following changes to the replacement vehicles:

- 1) Defer the replacement of five dump trucks ($-\$420,000 + 88,890 = -\$331,110$)
- 2) Put the replacement of five dump trucks on the Reconciliation List ($\$311,110$)
- 3) Defer the replacement of 25 public safety vehicles ($-\$625,000 + 46,530 = -\$578,470$)

Take-Home Vehicles: The Committee also discussed take-home vehicles and requested additional information from the Executive regarding compliance with the Fleet Management's pending request to various departments for additional information and/or justification of their take-home vehicle assignments. As of April 26, departments had not provided justification for 176 of 349 take-home vehicles. The Committee was very concerned that departments were not complying with justification requests as required, and advised it would prohibit funding for any vehicles for which justification was not provided.

The Committee also discussed its desire that there be a strong presumption against take-home vehicles in County government. It expressed its intention to not fund take-home vehicles for department directors and other top managers. The Committee requested more information on these vehicles, which has been provided by DFMS (© 80). This list provides assignments along with a brief justification statement.

The Committee also discussed mileage reporting requirements for personal use. The Executive branch indicated that “more than half” are reporting as required. It is still unclear whether other employees who are required to report are doing so.

Discussion Issues:

Take Home Vehicle Justification: The Committee asked DFMS to provide an updated list of vehicles for which justification has been provided. DFMS had not provided it when this packet went to print, and Council staff has asked them to bring it to the worksession. Failure to provide justification for take-home vehicle use is not only a violation of the County’s Administrative Procedure 1-4, but it also violates IRS requirements regarding employee fringe benefits and imputed income. As of April 26, the following departments had not provided justification for vehicles:

Department	Total Number of Take-Home Vehicles	Number of Vehicles Still Requiring Justification
Environmental Protection	23	23
General Services	20	3
Housing and Community Affairs	22	22
Transportation	75	23
Technology Services	3	3
Board of Liquor Control	7	7
Fire and Rescue	81	81
Permitting Services	66	14
TOTAL:	297	176

Public Safety Vehicle Justification/Reporting:

According to the vehicle list provided by DFMS, MCFRS has 81 take-home vehicles, for which MCFRS had not provided requested justification to DFMS. Council staff has been in contact with MCFRS to obtain additional information about their take-home vehicles, as well as the need to provide justification.

MCFRS reports a total of 121 vehicles in its career fleet. Of these, 53 are take-home vehicles. The remainder (68) are shared, unassigned, spare, or pooled vehicles. All but 16 vehicles are classified as Emergency Vehicles, which can have lights, sirens, radios, and other public safety equipment, as well as carrying personal public safety gear. Of the take-home vehicles, only 2 are not classified as emergency equipment vehicles. Take-home vehicles are predominantly assigned in the areas of operations, fire and explosive investigations, and code enforcement.

Council staff has learned that there are inconsistencies in reporting of public safety vehicle information to DFMS, and that the information gaps largely stem from public safety concerns. Council staff agrees that there are legitimate concerns that need to be addressed to ensure that only appropriate information is shared, and suggests that these issues can be resolved in a way that is sensitive to public safety issues and ensures vehicle accountability.

Council Staff Recommendations:

1) Council staff is concerned that record keeping is not only noncompliant with County procedures, but with IRS reporting requirements as well. Therefore, Council staff recommends that the Council require semi-annual reports to the T&E Committee from the Executive on the take-home vehicle program. If the Committee agrees to the reporting requirements, language can be added to the budget resolution mandating the reports as a condition of expending funds. These reports should be provided on November 1 and March 1 of each year. Each report should include the following data:

- Take-home vehicle assignment, by position and by department;
- The IRS valuation method used for reimbursement and/or imputed income for each position;
- For each position that is exempt from reimbursement and/or imputed income requirements, a statement describing the reason for exemption;
- For each position that is not exempt, whether the position has complied with reimbursement and/or imputed income requirements;
- For each position that has not complied fully with both the County’s Administrative Procedure 1-4 and IRS regulations, a statement indicating whether the vehicle assignment has been denied and whether the vehicle has been returned to DFMS.

2) If the Committee chooses to deny take-home vehicles to specific positions, Council staff recommends the following budget language be added to the FY12 Operating Budget Resolution:

“In FY12 only, no funds may be expended on any costs associated with permanently assigned take-home vehicles for the following positions:

- 1)
- 2)
- 3)

Such costs include fuel, maintenance, repairs, and any vehicle purchase or lease expenditures. Nothing in this section may be construed to prevent the use of a County vehicle after hours on an as-needed basis.”

Council staff recommends that the Committee limit the denial of vehicles to positions at the director and deputy director level only. The denial of vehicles should not include vehicles with public safety exemptions. Council staff also recommends not including Manager I, II, and III in any denials at this time. Due to fiscal constraints over the past several years, many departments have shifted front line work duties to manager positions. There are insufficient data at this time to determine which manager positions have legitimate front line work needs that require take-home vehicles.

3) Council staff also recommends that the Committee require Executive staff to work with Council staff to develop appropriate public safety reporting and accountability

requirements to ensure justification for take-home vehicles. The Committee may wish to continue this discussion jointly with the Public Safety Committee to evaluate the broader policy issues involved with public-safety take-home vehicle assignments.

T&E COMMITTEE #3
April 26, 2011

Worksession

MEMORANDUM

April 22, 2011

TO: Transportation, Infrastructure, Energy & Environment Committee

FROM: Susan J. Farag, Legislative Analyst *SJF*

SUBJECT: **Worksession: FY12 Operating Budget: Department of General Services:
Fleet Management Services (DFMS)
Motor Pool Fund Contribution (NDA)**

Those expected for this worksession:

David Dise, Director, Department of General Services
Millie Souders, Chief, Fleet Management Services
Peggy Lynch, Administrative Services Manager, Fleet
Tammy Mulford, Management and Budget Specialist, Fleet
Bruce Meier, Office of Management and Budget

Summary of April 19, 2010 Committee Worksession

The Committee discussed the proposed replacement of various heavy equipment and public safety vehicles. At a prior worksession, the Committee had voted 3-0 to delay the replacement of 10 dump trucks, for a savings of \$840,000. Executive branch staff advised that it would be very difficult to maintain the same snow removal level as we have had in prior years if these dump trucks were not replaced. The Committee stated it would take this additional information under consideration.

Council staff also recommended replacing only 40 of the 65 public safety vehicles slated for replacement, for a savings of \$625,000. At the time, Council staff had been told there was no specific list of vehicles that had been identified for replacement. However, DFMS stated during the worksession that they did have a preliminary list that included 69 police vehicles that need to be replaced. OMB advised that this was a preliminary list only, a current snapshot, and

that there may be changes made between now and when the list is finalized in the fall. The Committee asked for a copy of this list to discuss at the next worksession.

The Committee also discussed the Motor Pool Fund balance, which has fallen to a beginning balance of -\$3.19 million in FY12. Executive staff discussed the various system errors that led to this shortfall and how they have been corrected.

Expenditure Issues:

REPLACEMENT VEHICLES

The Executive branch has not provided the list of public safety vehicles as requested by the Committee. **In the absence of more specific information about replacement vehicles, Council staff recommends delaying the replacement of 25 public safety vehicles, for a savings of \$625,000.**

In addition, Council staff recommends adding language to the FY12 Operating Budget Resolution that prohibits DFMS from expending the remaining \$1,025,000 on public safety vehicle replacements until DFMS provides documentation that includes the vehicles identified to be replaced, along with justification for each replacement:

“In FY12, no funds may be expended on replacement public safety vehicles until 60 days after the Executive provides a written report to the Council, identifying each vehicle to be replaced and the justification for such replacement.”

TAKE-HOME VEHICLES

As counties and state governments across the nation continue to face revenue shortfalls, many have chosen to reduce their take-home vehicle fleets in an effort to reduce costs. According to a memo to Councilmember Riemer (attached at ©14-19), in FY11 the County has a total of 349 take-home vehicles in its fleet (excluding Police personal patrol vehicles or PPVs). Of these, 297 are permanently assigned to certain employees. This number represents a 41% increase from the 210 permanent take-home vehicles in FY08, the last year for which we have data. During the same time period, the number of County employees decreased from 10,122 in FY08 to 9,531 in FY11 (-5.84%)¹. The other vehicles are either seasonal assignments, or are heavy fleet vehicles.

¹ From FY08 and FY11 approved operating budgets.

The following chart shows a listing by department:

FY11 Take-Home Vehicle Assignments by Department	
Department	Number of Vehicles
Corrections	3
County Executive	2
Environmental Protection	23
General Services	20
Housing and Com. Dev.	22
Transportation	75
Technology Services	3
Health and Human Serv.	23
Homeland Security	1
Liquor Control	7
Fire and Rescue	81
Police (excludes PPVs)	19
Permitting Services	66
State's Attorney's Office	4
Total:	349

The composition of the take-home fleet varies significantly. Model years range from 1996 to 2011. The makes and models of vehicles range from smaller cars such as a Chevrolet Cobalt to full-sized SUVs such as a Chevrolet Tahoe. Heavier equipment includes dump trucks, cargo vans, and pick-up trucks. Acquisition costs range from \$10,063 (in 2004) for a Chevy Cavalier to \$47,520 (in 2003) for a Ford Expedition.

Model Years of Take-Home Vehicles	
Year	Number
2011	4
2010	4
2009	50
2008	36
2007	44
2006	42
2005	21
2004	33
2003	32
2002	49
2001	17
2000	12
1999	2
1998	1
1997	1
1996	1
Total	349

How Take-Home Vehicles Are Assigned: The Executive is in the process of revising Administrative Procedure 1-4, which governs the assignment and use of County Vehicles. The draft procedures break down vehicle assignments into five functions:

- Administration;
- Field Supervision;
- Inspection/Technical;
- License/Regulatory; and
- Emergency/Public Safety.

Examples of different job titles that fit into these categories is provided on ©62. The criteria for assigning a vehicle include:

- A. Agencies with employees whose duties require them to spend the major portion of each workday engaged in field activities;
- B. Agencies with employees whose duties and responsibilities require that a vehicle be available at all times during each workday so as to maintain the efficiency of the employee (Adequate justification must be given that proper work scheduling cannot eliminate the need for a constantly available vehicle, and the department or Fleet Management Services' motor pool cannot serve the need for a vehicle); and
- C. Employees whose duties require the constant use and/or storage of special equipment in the vehicle.²

Further, the following reasons may serve as justification for an employee to receive an Agency Assigned Take-home Vehicle:

- A. Employee who regularly, and on a continuing basis, is subject to be called for emergencies during off-hours;
- B. Employee's position requires frequent after-hour travel to meetings to represent the County's interest, or to provide service delivery to client populations;
- C. Documented increases in an employee's job efficiency or effectiveness provide a clear benefit to the County by the operation of an Agency Assigned Take-home Vehicle;
- D. Employee has supervisory responsibility for field employees, and frequently visits multiple job-sites on the way to or from his regularly assigned office location.³

Mileage Reimbursement for Personal Use, Including Commuting:

AP 1-4 currently requires the Department of Finance to reduce the wages from an employee who has an Agency Assigned Take-home Vehicle in the Administrative and Field Supervision functions, according to miles traveled to and from work (©59). The memo to Councilmember Riemer states that "Finance has not been able to fully implement this provision. Where Finance has had clear authority under IRS regulations and existing personnel policies to perform such a deduction, the department has done so. In other instances, Finance has required departments to submit log sheets that are used to add imputed income to the employees pay for

² Draft Administrative Procedure 1-4, Section 4.1

³ Draft Administrative Procedure 1-4, Section 4.2

tax reporting purposes, or employees may elect the imputed income approach provided under IRS Regulations at the rate of \$1.50 per one-way commute (\$30 per pay period)." (©17)

Discussion Issues:

- 1) Why has the number of take-home vehicles increased by 41% in the past three fiscal years when the number of employees has decreased over the same time period?
- 2) The take-home vehicle list provided to Councilmember Riemer indicates that DFMS has requested justification and/or additional information for several vehicle assignments, particularly in Housing and Community Affairs' Code Enforcement division, Department of Permitting Services' Building Construction division, Fire and Rescue, and Transportation's Highway Services division. What is the status of these vehicle assignments? Have any been recalled?
- 3) How does DFMS make the determination about what type of vehicle is necessary for a particular position? Is fuel efficiency a factor? For example, what justifies the assignment of a vehicle such as a Chevrolet Tahoe? Would a smaller, more fuel-efficient SUV (like a Ford Escape) be more appropriate?
- 4) Executive staff indicate that Finance has not been able to fully implement the requirement that the County be reimbursed via payroll deduction according to the actual mileage the vehicles were used for non-governmental purposes. The Committee may wish to understand what challenges the Department faces regarding full implementation. What are the legal and fiscal consequences (both to the County and to employees) of failing to secure appropriate reimbursement? **Does DFMS recall take-home vehicles when an employee fails to report mileage or other required information?**
- 5) What is the justification for not requiring commuting cost reimbursement from employees with take-home vehicles used for inspection/technical and labor/regulatory functions? While AP 1-4 does not require it, the IRS seems to require reporting for all vehicles other than a "qualified nonpersonal use vehicle."
- 6) How does Finance collect reimbursement from "control" employees (per IRS regulations, these include elected officials or those making \$145,700 or more in 2011)? Council staff has identified at least 11 employees who fit these criteria.
- 7) Other jurisdictions have installed GPS systems in their take-home vehicles to automatically record mileage and other variables (after hour call-outs, location, speed, etc). These units can cost as little as \$100 per unit, with free monitoring. Has DFMS considered this approach rather than using written logs?
- 8) Other jurisdictions, such as King County, Washington, require an initial cost-benefit analysis test for each position to determine whether it is more cost effective for the County to reimburse an employee for use of his/her personal vehicle, or to assign a take-home vehicle. Has DFMS considered this approach?

Council staff recommends that the Council require semi-annual reports from the Executive on the take-home vehicle program. These reports should be provided on November 1 and March 1 of each year. The report should include:

- 1) The total cost of the take-home vehicle assignments by fiscal year, including gas, repairs, maintenance, and annual cost of acquisition and/or depreciation; and**
- 2) Which employees (by department) are required to provide reimbursement for commuting, and whether they are complying.**

T&E COMMITTEE #1
April 14, 2011

Worksession

MEMORANDUM

April 12, 2011

TO: Transportation, Infrastructure, Energy & Environment Committee

FROM: Susan J. Farag, Legislative Analyst *SJF*

SUBJECT: **Worksession: FY12 Operating Budget: Department of General Services:
Fleet Management Services (DFMS)
Motor Pool Fund Contribution (NDA)**

Those expected for this worksession:

David Dise, Director, Department of General Services
Millie Souders, Chief, Fleet Management Services
Maggie Orsini, Administrative Services Manager, Fleet
Tammy Mulford, Management and Budget Specialist, Fleet
Bruce Meier, Office of Management and Budget

Major Issue: The recommended budget includes \$3.625 million for the replacement of some heavy equipment and public safety vehicles. Council staff recommends delaying some vehicle replacements, for a savings of \$1.465 million.

The Executive's recommendation for Fleet Management Services is attached at ©1-5. The Executive's recommendation for the Motor Pool Fund Contribution (NDA) is attached at ©6. The FY12-17 Public Services Program: Fiscal Plan for the Motor Pool Fund is attached at ©7.

Overview

For FY12, the Executive recommends total expenditures of \$61,691,920 for Fleet Management Services, an increase of \$3,887,220 or 6.7% from the FY11 approved budget of \$57,804,700.

~~8~~
7

	FY10 Actual	FY11 Approved	FY12 CE Recommended	% Change FY11-FY12
Expenditures:				
Motor Pool Internal Services Fund	\$63,435,121	\$57,804,700	\$61,691,920	6.7%
TOTAL Expenditures	\$63,435,121	\$57,804,700	\$61,691,920	6.7%
Positions:				
Full-time	202	199	201	1.0%
Part-time	0	0	0	0.0%
TOTAL Positions	202	199	201	1.00%
WORKYEARS	202	194.3	205.6	5.8%

The FY12 County Executive's recommendation is a net increase of \$3,887,220, stemming from the following identified same services adjustments.

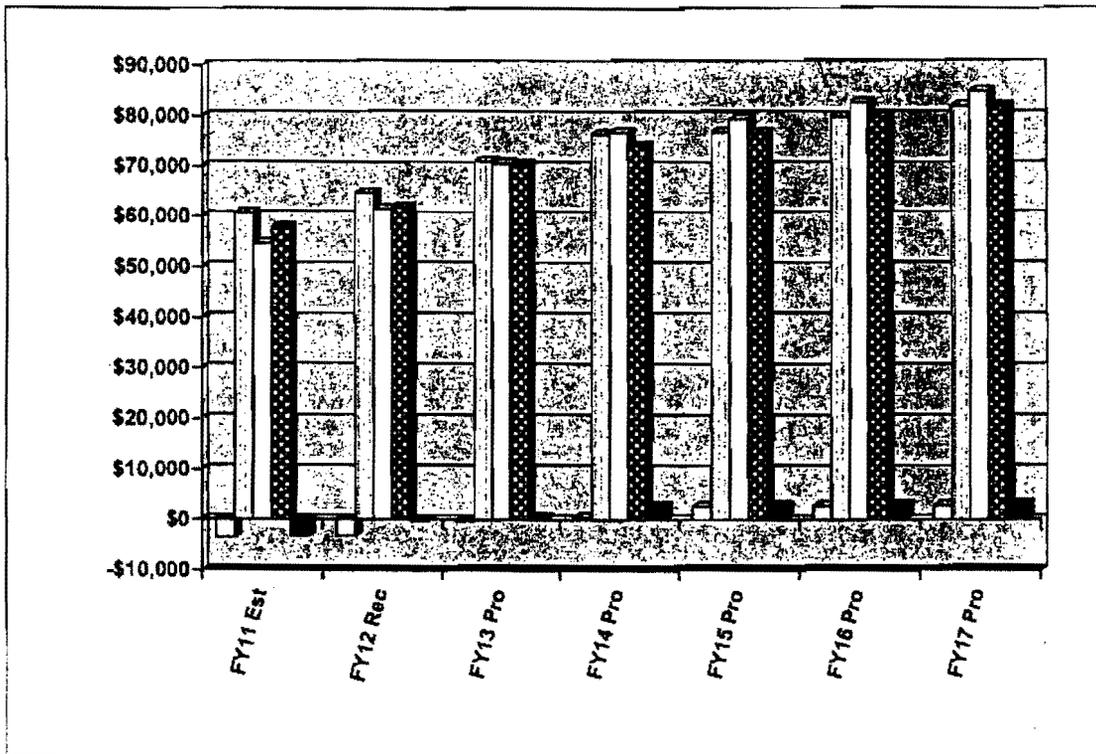

Identified Same Services Adjustments	
Increase Cost: Replace some public safety and heavy equipment	\$2,641,000
Increase Cost: Retiree Health Insurance Pre-Funding (OPEB)	\$999,980
Increase Cost: Fuel costs	\$351,220
Increase Cost: Adjustment for net-to-gross change (Highway Services)	\$346,040
Increase Cost: Maintain and improve fuel sites to meet State Stds.	\$310,290
Increase Cost: Risk Management Adjustment	\$259,920
Increase Cost: Restore Personnel Costs - Furloughs	\$254,420
Increase Cost: Transit Bus Service Lane Contract	\$219,680
Increase Cost: Alternative Corrections Service team	\$119,330
Increase Cost: Transit Bus Enhanced Cleaning Contract	\$61,660
Increase Cost: Printing and Mail Adjustment	\$6,770
Increase Cost: Other Contract CPI Increases	\$3,710
Total Increases:	\$5,574,020
Decrease Cost: Occupational Medical Services Adjustment	(\$9,390)
Decrease Cost: Leased Tire Contract	(\$100,000)
Decrease Cost: Use retreads on rear bus tires	(\$100,000)
Decrease Cost: Retirement Adjustment	(\$155,270)
Decrease Cost: Group Insurance Adjustment	(\$379,900)
Decrease Cost: Redundant transit fleet inspections	(\$942,240)
Total Decreases:	(\$1,686,800)
Net Same Services Adjustment Total:	\$3,887,220

FY12 Motor Pool Fund Internal Services Fund Cash Balance

The following chart identifies the cash balance for the Motor Pool Fund from FY11 to FY17 (detail provided on 7). In FY12, the projected beginning fund balance falls to -\$3.19 million, even though its projected balance at the time the FY11 budget was approved was \$4.1 million. OMB advises that this revenue shortfall was due primarily to three accounting errors within DFMS that have now been corrected. In FY12, the projected ending fund balance is -\$300,670. The fund is expected to be in the black by the end of FY13, with an estimated ending fund balance of \$379,740.

2
8

When fund balance policies for the non-tax supported funds were examined in 2006, the County policy for the Motor Pool Fund stated the vehicle replacement policy does not set a particular targeted ending balance in terms of amount or a ratio, but it does provide that there should be an ending cash "balance adequate to protect against unanticipated expenditures requirements, such as necessary involuntary upgrades, price increases, etc., for each year." *The Committee should understand why the fund balance is in the red for FY12, what the risk is of this happening in FY13 and beyond, and what operational implications this may have.*

FY12 Expenditure Issues

ADMINISTRATIVE SERVICES

REPLACE SOME PUBLIC SAFETY AND HEAVY EQUIPMENT (\$2,641,000)

The proposed replacements for FY12 include both public safety and heavy equipment that DFMS has determined to be necessary as priority replacements. For FY12, approximately \$1.625 million is allocated to public safety replacements, while approximately \$2 million is allocated to heavy equipment.

Department of Transportation Replacements: The DOT recommended FY12 operating budget currently includes the replacement of 24 dump trucks at a cost of \$2,016,000, or \$84,000 per dump truck. In the April 7, 2011 DOT FY12 operating budget packet, Council staff recommends replacing only 14 of the proposed 24 dump trucks, for a savings of \$840,000. *The Committee voted in favor of this reduction (3-0) during its April 11 worksession.*

Public Safety Replacements: As stated above, DFMS indicates that \$1.625 million is slated for public safety vehicle replacements. This assumes the replacement of 65 public safety vehicles at a cost of \$25,000 per vehicle.

DFMS' official replacement schedule for public safety vehicles is six years or 120,000 miles. According to OMB, specific vehicles to be replaced have not yet been identified; this process will be completed later this year. *Council staff recommends replacing only 40 public safety vehicles instead of 65, for a savings of \$650,000. This figure would permit DFMS to replace the highest mileage vehicles and allow some flexibility to replace others that are or become beyond repair.*

TRANSIT EQUIPMENT SERVICES

Redundant Transit Fleet Inspections (-\$942,240)

Currently, a DFMS contractor performs a circle check (vehicle inspection) daily on each Transit Bus. Transit Bus Operators are also required to perform a circle check prior to operating the bus, as a condition of maintaining a Commercial Drivers License (CDL). DFMS will revise the current contract so that redundant circle checks are not performed on a daily basis. Instead, the driver will perform the daily circle check, and the contractor will maintain a minimal circle check schedule. These checks include inspecting fluid levels, gauges, lights, and other safety equipment. *The Committee may wish to ask if there are any measures in place to ensure that drivers actually perform this circle check on a daily basis. How will DFMS ensure that all safety measures are being met?*

~~4~~
10

MANAGEMENT SERVICES

Retiree Health Insurance Pre-Funding (OPEB) (\$999,980)

This item shows the increased cost to fund the Retiree Health Benefits Trust in FY12. The total proposed Motor Pool Fund contribution is \$2,097,810 for FY12.

Maintaining and Improving Fuel Sites to Meet State Standards (\$310,290)

DFMS is required to meet current Maryland Department of Environment (MDE) standards for fuel sites. If the County fails to meet these standards, it could face fines or be shut down. This budget item is not related to the current upgrade of the fuel management system that is contained within the Capital Budget; however, the maintenance and improvement efforts will be coordinated with the CIP project.

Fuel Costs (\$351,220)

For FY12, DFMS projects the following fuel purchases:

Fuel Type	Gallons	Budgeted \$/Gallon	Total
Unleaded	2,667,827	\$2.37	\$6,322,750
ULS Diesel	2,826,786	\$2.55	\$7,208,304
E-85 (Ethanol)	24,931	\$2.38	\$59,336
Compressed Natural Gas (CNG)	1,123,837	\$2.04	\$2,293,751
			\$15,884,141

For FY11 Estimates for the Approved FY11 Budget were:

Fuel Type	Gallons	Budgeted \$/Gallon	Total
Unleaded	2,557,202	\$2.35	\$6,009,425
ULS Diesel	2,871,785	\$2.50	\$7,179,463
E-85 (Ethanol)	23,630	\$2.49	\$58,839
Compressed Natural Gas (CNG)	1,120,193	\$2.04	\$2,285,194
			\$15,532,921

MOTOR POOL FUND NDA

This account funds the acquisition of new, additional motor pool vehicles, as opposed to replacement vehicles that are financed through an established chargeback mechanism (©6). For FY12, the fund recommendation is \$511,110 for 10 new Police Department Personal Patrol Vehicles (PPVs) related to the proposed 3rd District Staffing Enhancement. This is the first fiscal year since FY09 that includes funds for additional vehicles.

5
11

COUNCIL STAFF RECOMMENDATION

Council Staff recommends delaying the replacement of 25 public safety vehicles, for a savings of \$625,000. Council staff recommends approval of the rest of the FY12 operating budget as submitted by the Executive.

This packet contains:

Recommended FY12 Budget: Fleet Management Services	1-5
Recommended FY12 Budget: Motor Pool Fund (NDA)	6
FY12-17 Public Services Program: Fiscal Plan for the Motor Pool Fund	7

12

Fleet Management Services

MISSION STATEMENT

The mission of the Department of General Services- Fleet Management Services (Motor Pool Internal Service Fund) is to plan for, acquire, maintain, and dispose of the County's fleet of motor vehicles, buses, heavy equipment, and other vehicular equipment in support of the transportation and service delivery needs of all County departments.

BUDGET OVERVIEW

The total recommended FY12 Operating Budget for the Division of Fleet Management Services is \$61,691,920, an increase of \$3,887,220 or 6.7 percent from the FY11 Approved Budget of \$57,804,700. Personnel Costs comprise 30.1 percent of the budget for 201 full-time positions for 205.6 workyears. Operating Expenses and Capital Outlay account for the remaining 69.9 percent of the FY12 budget.

LINKAGE TO COUNTY RESULT AREAS

While this program area supports all eight of the County Result Areas, the following are emphasized:

- ◆ *A Responsive, Accountable County Government*
- ◆ *An Effective and Efficient Transportation Network*
- ◆ *Healthy and Sustainable Neighborhoods*

DEPARTMENT PERFORMANCE MEASURES

Performance measures for this department are included below, with multi-program measures displayed at the front of this section and program-specific measures shown with the relevant program. The FY11 estimates incorporate the effect of the FY11 savings plan. FY12 and FY13 targets assume the recommended FY12 budget and FY13 funding for comparable service levels.

ACCOMPLISHMENTS AND INITIATIVES

- ◆ *In FY10 the Division of Fleet Management Services (DFMS) began the fuelling support for 28 compressed natural gas (CNG) refuse trucks operated by a contractor for Solid Waste Services. In addition, DFMS is supporting a second contractor operating an additional 33 CNG refuse trucks. DFMS currently supports CNG fuelling operations for 61 refuse trucks as well as 92 transit buses daily. The refuse trucks are displacing the use of approximately 1,100 diesel gallon equivalents daily.*
- ◆ *The Division of Fleet Management is currently training key personnel for underground storage tank inspection and testing to enhance compliance with Maryland Department of Environment regulations.*
- ◆ *Productivity Improvements*
 - *Working towards an overall reduction in fleet size through assessment, collection, and reallocation of both under-utilized vehicles and vehicles turned in by end-user agencies due to budget reductions.*
 - *In the parts section, the Division of Fleet Management Services (DFMS) is now moving to bulk buying of like commodities stored at a central location and distributed to the storerooms for improved cost control. DFMS is testing dilution equipment for controlling the use of concentrated chemicals which will ensure proper mixture resulting in possible cost savings. Additionally, monthly spot checks have been updated to include a rotation of personnel making certain proper counts are being logged.*
 - *As a pilot project, the EMOC Transit shop location has created a new Preventive Maintenance inspection form condensing requirements to one page. The new form has resulted in lower inspection times and has allowed more time to be allocated for corrective maintenance. It has also helped in the reduction of overdue Preventative Maintenance at this location.*

PROGRAM CONTACTS

Contact Tammy Mulford of the Division of Fleet Management Services at 240.777.5733 or Bruce R. Meier of the Office of Management and Budget at 240.777.2785 for more information regarding this department's operating budget.

PROGRAM DESCRIPTIONS

Heavy Equipment and Automotive Services

This program is responsible for the maintenance and repair of the heavy equipment fleet which includes heavy dump trucks, construction equipment, snow plows, leafers, mowers, backhoes, gradalls, and other specialized pieces of heavy equipment. In addition, this program is responsible for the maintenance and repair of the automotive fleet which includes administrative vehicles, police vehicles, vans, and light trucks. The maintenance and repair service for the automotive and light truck fleet is provided through contractual service at the Seven Locks Maintenance facility.

Program Performance Measures	Actual FY09	Actual FY10	Estimated FY11	Target FY12	Target FY13
Heavy Equipment Fleet Availability	95.0	94.7	94.7	94.7	94.7
Percentage of Customer Satisfaction for Police Vehicle Maintenance	99.0	98.2	99.0	99.0	99.0
Percentage of Fleet Availability for Police Vehicle Maintenance	98.0	97.3	98.0	98.0	98.0
Mean Distance Between Failure: Heavy Equipment (in miles) ¹	1,559	5,100	5,610	5,610	5,610

14

Management Services

This program provides policy development and planning; operational, personnel, and administrative oversight; and support for division activities. This program is also the central coordinator for the County on energy-related matters pertaining to emissions and motor fuel to include alternative fuels and applicable State and Federal legislation.

Program Performance Measures	Actual FY09	Actual FY10	Estimated FY11	Target FY12	Target FY13
Clean Air Commitment - Gallons Alternative Fuels Used ¹	3,442,832	1,046,138	1,587,064	1,587,064	1,587,064
Clean Air Commitment - Gallons Diesel/Unleaded Used ²	2,818,881	5,670,480	5,494,613	5,494,613	5,494,613
Fiscal Inventory Parts Turn Rate	2.4	1.95	2.0	2.0	2.0
Percentage of workorders completed without delay for parts	89.5	89.4	90	90	90

¹ Alternative fuels include E-85 Ethanol and Compressed Natural Gas. The decrease in FY10 is due to the need for the department to determine the optimal blend for bio diesel.

² The increase in FY10 is due to the need for the department to determine the optimal blend for bio diesel.

FY12 Recommended Changes	Expenditures	WYs
FY11 Approved	2,206,330	8.3
Increase Cost: Retiree Health Insurance Pre-Funding (OPEB)	999,980	0.0
Increase Cost: Fuel costs	351,220	0.0
Increase Cost: Maintain and improve fuel sites to meet State standards	310,290	1.0
Increase Cost: Other Contract CPI Increases	3,710	0.0
Miscellaneous adjustments, including restoration of employee furloughs, employee benefit changes, changes due to staff turnover, reorganizations, and other budget changes affecting more than one program	207,080	0.8
FY12 CE Recommended	4,078,610	10.1

Administrative Services

This program includes the preparation and monitoring of the Operating and CIP Budgets; financial management of the Motor Pool Internal Service Fund; fuel management; payment processing; solicitations, and contracts; inventory and facility management; and the management and administration of computer and office automation system activities.

Montgomery Coalition for Adult English Literacy (MCAEL)

This NDA provides funding for the Montgomery Coalition for Adult English Literacy (MCAEL). MCAEL's mission is to strengthen the countywide adult English literacy community of providers' network with resources, training, collaborations, and advocacy to support a thriving community and an optimal workforce. Funding for MCAEL supports program grants to organizations that provide adult English literacy services; technical assistance, training, and networking opportunities that improve program quality and coordination; information resources for the community; and operating expenses to administer the grants and provide the support services. The County's contribution is implemented by a contract between the Department of Public Libraries and MCAEL.

<i>FY12 Recommended Changes</i>	<i>Expenditures</i>	<i>WYs</i>
FY11 Approved	717,850	0.0
Reduce: MCAEL support by 5% similar to other contract reductions	-35,890	0.0
FY12 CE Recommended	681,960	0.0

Motor Pool Fund Contribution

This NDA funds the acquisition of new, additional Motor Pool fleet vehicles, as opposed to replacement vehicles, which are financed through an established chargeback mechanism.

<i>FY12 Recommended Changes</i>	<i>Expenditures</i>	<i>WYs</i>
FY11 Approved	0	0.0
Add: Ten new Police Cars for 3rd District Staffing Enhancement	511,110	0.0
FY12 CE Recommended	511,110	0.0

Municipal Tax Duplication

The Montgomery County Tax Duplication Program, authorized by Chapter 30A of the Montgomery County Code, reimburses municipalities for those public services they provide that would otherwise be provided by the County. County Council Resolution No. 9-1752, enacted April 27, 1982, increased the scope of program coverage from street-related expenditures to include other public services, such as police supplemental aid; animal control; elderly transportation; parks maintenance; Board of Appeals; and Human Rights.

This program was reviewed in FY96 and technical formula amendments proposed. The changes were approved, and payment calculations since then are prepared in accordance with County Council Resolution No. 13-650, adopted September 10, 1996. Specifically, as the exact payment amount for the current year cannot be determined until both municipal and County books are closed, reimbursements are based on the final audited cost of performing eligible services during the fiscal year two years prior to the budget year. Also, reimbursements are now made at the County's cost and not at "the lesser of County or Municipal costs" of eligible service provision.

Finally, payments to municipalities are also made from other sources, including Cable TV Franchise Fees, Grants in Lieu of Shares Tax, Non-Departmental Accounts, and as part of the County's Community Development Block Grant.

<i>FY12 Recommended Changes</i>	<i>Expenditures</i>	<i>WYs</i>
FY11 Approved	6,662,120	0.0
Decrease Cost: Reduction in Municipalities' Speed Camera Allocation	-61,890	0.0
Decrease Cost: Reduce by 5 Percent	-318,250	0.0
FY12 CE Recommended	6,281,980	0.0

Prisoner Medical Services

This NDA provides reimbursements to physicians and hospitals for medical care provided to individuals in the custody of any Montgomery County law enforcement agency, with the following exceptions:

- Offenders committed to the custody of the Department of Correction and Rehabilitation (DOCR) and receiving medical treatment paid for by the budget of that department,
- Medical treatment expenses covered by Workers' Compensation,
- Medical treatment expenses covered by personal medical insurance,
- Medical treatment expenses covered by the Federal government,
- Medical treatment expenses covered by other appropriate and available outside resources.

The Department of Police will manage this account, and, with the assistance of the County Attorney, will determine costs for which the County is responsible. All bills are to be reviewed for appropriateness of cost by a private contractor prior to payment.

DEPARTMENT OF GENERAL SERVICES

Isiah Leggett
County Executive

David E. Dise
Director

MEMORANDUM

April 11, 2011

TO: Hans Riemer, Councilmember

FROM: David E. Dise, Director 
Department of General Services

Jennifer E. Barrett, Director 
Department of Finance

SUBJECT: Response to Request for Detailed Information on County Take-Home Vehicle Assignments dated March 10, 2011

ATTACHMENT: Take-Home Vehicle Report (Permanent/Seasonal)

The information contained in this joint Department of General Services (DGS) and Department of Finance (Finance) response to the above referenced request relating to County Take-Home Vehicle assignments addresses current take-home vehicle assignments for County staff with the exclusion of Police personal patrol vehicles and vehicles that are assigned to sworn officers in the Sheriff's Office.

Administrative Procedure (AP) 1-4 addresses the Assignment and Use of County Vehicles. This AP is in the process of Executive staff review to address issues relating to use of County vehicles while under the influence of alcohol or drugs. The sections referenced in this response are from the current version of AP 1-4 as currently available on the Office of Management and Budget intranet site.

- The position and department (by division) of each County Employee who is assigned a take-home vehicle

See attached Take-Home Vehicle Report (Permanent/Seasonal).

This report includes data from the Vehicle Assignment System which is maintained by the Departments. As vehicle assignments change, the Departments are responsible for updating the Vehicle Assignment System. This ongoing Department update results in a fluid report and variances may be observed if reports are generated on different dates and times. Currently, the Vehicle Assignment Report reflects what the Departments initially entered. The Division

Office of the Director

101 Monroe Street, 9th Floor - Rockville, Maryland 20850

www.montgomerycountymd.gov/dgs

of Fleet Management Services (DFMS) has concurred with some requests, required justification or additional information on some requests, and denied some requests. This is an iterative process as the Departments respond and supply additional information and justification.

- The make, model, year, and purchase price of the vehicle

See attached Take-Home Vehicle Report (Permanent/Seasonal). This information is included on the same report as the preceding request.

DFMS maintains a light fleet and a heavy fleet. Take-home vehicles consist primarily of light fleet vehicles, but do include trucks and vans that are classified as part of the heavy fleet. Heavy fleet vehicles are occasionally necessary due to the work responsibilities of the employee assigned the vehicle.

- The length of time each employee has had a take-home vehicle

This information is not tracked in the Vehicle Assignment System. Each department is responsible for justifying the assignment of a take-home vehicle on an annual basis and updating the Vehicle Assignment System as business needs change.

- Whether the employee parks outside the County at night

Per AP 1-4, Section 2.2:

“Agency Assigned Take-home Vehicle - A passenger vehicle assigned to a designated employee whose County assignments require the vehicle be taken home during off-duty hours in order to be used for governmental purposes. Such vehicles will not be parked outside of the County on a regular basis during off-duty hours except in the case of Department Directors and Management Level I employees/managers who are otherwise assigned an Agency Assigned Take-home vehicle.”

Per AP 1-4, Section 3.0:

“Permanent assignment of vehicles may be made to those employees whose duties mandate it. Such assignment of vehicles may be made on a short-term, temporary, or seasonal basis, rather than a year-round basis. A take-home vehicle will not be assigned as a fringe benefit of employment, nor will the vehicle be used for commuting outside of the County except in the case of Department Directors and Management Level I employees/managers who are otherwise assigned an Agency Assigned Take-home vehicle. In addition, employees who are approved by the Chief Administrative Officer to protect the health and safety of the County will be permitted to commute outside the County in their Agency Assigned Take-home vehicles.”

15
21

These are the only categories identified in AP 1-4 that permit vehicles to be taken home outside the County. Other than Agency Assigned Take-home Vehicles, only vehicles assigned to employees designated to respond to seasonal emergencies may be taken to a residence outside the County limits. "Seasonal" is identified as December 1 through February 28, but may also include other times of the year such as major weather events or other specified short-term requirement. Since AP 1-4 generally prohibits taking County vehicles out of the County, DFMS has designated parking areas for take-home vehicles at specified County facilities located near County boundaries.

- What are the specific criteria used to determine which employees are assigned take-home vehicle?

Per AP 1-4, Section 4.1:

The criteria to receive an Agency Assigned vehicle are the following:

- A. Agencies with employees whose duties require them to spend the major portion of each workday engaged in field activities;
- B. Agencies with employees whose duties and responsibilities require that a vehicle be available at all times during each workday so as to maintain the efficiency of the employee. (Adequate justification must be given that proper work scheduling cannot eliminate the need for a constantly available vehicle, and the department or Fleet Management Services' motor pool cannot serve the need for a vehicle); and
- C. Employees whose duties require the constant use and/or storage of special equipment in the vehicle.

Per AP 1-4, Section 4.2:

The following reasons may serve as justification for an employee to receive an Agency Assigned Take-home vehicle:

- A. Employee who regularly, and on a continuing basis, is subject to be called for emergencies during off-hours;
- B. Employee's position requires frequent after-hour travel to meetings to represent the County's interest, or to provide service delivery to client populations;
- C. Documented increases in an employee's job efficiency or effectiveness provide a clear benefit to the County by the operation of an Agency Assigned Take-home vehicle;
- D. Employee has supervisory responsibility for field employees, and frequently visits multiple job-sites on the way to or from his regularly assigned office location.

DGS is working to develop a unified procedure on take-home vehicles that will encompass the assigned department's responsibilities, authorized employee usage and restrictions on usage, the responsibilities of DFMS, and the approval process including the Chief Administrative Officer (CAO) concurrence.

46
22

- How often does the County review take-home assignments?

Take-home assignments are reviewed by DFMS on an annual basis. The FY11 Take-Home Vehicles memorandum requesting that Departments update the Vehicle Assignment System was sent to Departments by the Chief of DFMS on December 15, 2010. The request to update the Vehicle Assignment System was also conveyed to the fleet coordinators at the December Fleet Coordinators Meeting. Follow-up memos were sent in March to the Departments that failed to respond and to the Departments that responded, but their justification was not adequate or the form was incomplete. To emphasize accountability, DGS is currently drafting recommended revisions to AP 1-4 to enhance departmental compliance with monitoring and reporting the use of take-home vehicles. This enhancement will include regular reports to the Chief Administrative Officer.

- Do employees reimburse the agency for vehicle costs when not used for County purposes? If so, at what rate?

In accordance with AP 1-4, Section 5.4, County employees who have take-home vehicles to perform administrative and field supervision functions are required to reimburse the County for the cost of their normal commute. Employees with take-home vehicles that are used for inspection/technical and labor/regulatory functions are not required to reimburse the County under AP 1-4.

The AP requires that the County be reimbursed via payroll deduction according to the actual mileage the vehicles were used for non-governmental purposes. Finance has not been able to fully implement this provision. Where Finance has had clear authority under IRS regulations and existing personnel policies to perform such a deduction, the department has done so. In other instances, Finance has required departments to submit log sheets that are used to add imputed income to the employees pay for tax reporting purposes, or employees may elect the imputed income approach provided under IRS Regulations at the rate of \$1.50 per one-way commute (\$30 per pay period). There are remaining issues that continue to be addressed as described below.

Since December 2010, Finance and DFMS have been reviewing vehicle assignment and usage and are conducting a review of the actual mileage reimbursement vs. imputed income approach for all employees assigned a take-home vehicle. The goal of this review is to implement the actual mileage reimbursement option and required reporting methods wherever permissible, to ensure the fullest recapture of costs for the County. Finance is currently in the process of reviewing its ability to make automatic deductions from pay for all employee groups. At the same time, Finance will continue work with DFMS, OHR, and the County Attorney's Office to determine if a reimbursement policy and revisions to AP 1-4 can be developed that can be applied to all employees with take-home vehicles for administrative and field supervision purposes, and expanded to other groups of employees as appropriate.

(17)
(23)

- Is after-hour usage of take-home vehicles tracked or logged? If so, how?

After-hour usage of take-home vehicles for personal use is not allowed.

The following chart was provided to Council as requested through FY2008. This chart has been expanded to include FY2011.

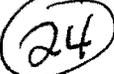

MONTGOMERY COUNTY, MD PERMANENT TAKE-HOME VEHICLES

Represented Employees	204	188	161	153	231
Unrepresented Employees	14	14	12	52	62
State's Attorney's Office/Circuit Court	6	6	6	5	4
TOTAL	224	208	179	210	297

Prior year reports did not include Seasonal Take-Home Vehicles. The FY2011 Seasonal time frame was from December 1, 2010 through February 28, 2011. The chart below shows the number of take-home vehicles used as take-home only during that time period.

MONTGOMERY COUNTY, MD SEASONAL TAKE-HOME VEHICLES					
ASSIGNED VEHICLES	2005	2006	2007	2008	2011
Represented Employees					17
Unrepresented Employees					16
TOTAL					33

Prior year reports did not include Heavy Fleet Take-Home Vehicles. The chart below shows the number of take-home heavy fleet vehicles that were either used as a seasonal take-home vehicle or are currently being used as a permanent take-home vehicle.

MONTGOMERY COUNTY, MD HEAVY FLEET TAKE-HOME VEHICLES					
ASSIGNED VEHICLES	2005	2006	2007	2008	2011
SEASONAL					
Represented Employees					0
Unrepresented Employees					12
PERMANENT					
Represented Employees					1
Unrepresented Employees					6
TOTAL					19

The following chart is the sum of the permanent take-home vehicles, the seasonal take-home vehicles and the heavy fleet take-home vehicles.

MONTGOMERY COUNTY, MD TOTAL TAKE-HOME VEHICLES					
ASSIGNED VEHICLES	2005	2006	2007	2008	2011
Represented Employees					249
Unrepresented Employees					96
State's Attorney's Office/Circuit Court					4
TOTAL					349

OFFICES OF THE COUNTY EXECUTIVE

Isiah Leggett
County Executive

Timothy L. Firestine
Chief Administrative Officer

MEMORANDUM

March 29, 2011

TO: Executive Branch Departments and Office Directors
Administrative Service Coordinators and Functional Equivalents

FROM:  Fariba Kassiri, Assistant Chief Administrative Officer

SUBJECT: Draft Administrative Procedure 1-4, Assignment and Use of County Vehicles

Please go to OMB's website to find draft Administrative Procedure 1-4, Assignment and Use of County Vehicles. This Administrative Procedure establishes policies and procedures for the assignment and use of County-owned vehicles and supersedes the current procedure dated November 3, 2003. Under the revised procedure, an employee will be forbidden to operate County heavy equipment if the employee is impaired or under the influence of alcohol; non-prescribed, controlled dangerous substances; or over-the-counter or prescribed medicines that could affect/impair one's ability to drive a vehicle or operate heavy equipment. In addition, an employee will be forbidden to operate a County vehicle within four (4) hours after the employee has ingested any amount of alcohol. Further, alcoholic beverages will not be allowed in a County vehicle except as permitted by the Chief Administrative Officer for the business of the County (i.e. Department of Liquor Control, Police seizure, etc.).

Please forward this administrative procedure to all your division chiefs, program managers and all other employees in a supervisory capacity. Also, provide written comments to Philip Weeda in the Office of Management and Budget by Friday, April 29, 2011. After comments are received and incorporated into the administrative procedure, as appropriate, the procedure will be published in final form and will be placed on OMB's home page for administrative procedures.

MONTGOMERY COUNTY ADMINISTRATIVE PROCEDURE

Offices of the County Executive • 101 Monroe Street • Rockville, Maryland 20850

NO. 1-4

PAGE 1 of 11

DATE 3/24/11

TITLE
Assignment and Use of County Vehicles

CAO APPROVAL
[Signature]

DRAFT

PURPOSE

- 1.0 To establish policies and procedures for the assignment and use of County-owned vehicles. This procedure provides department heads with operational guidance to manage the use of such vehicles.
- 1.1 To provide reliable and timely transportation for County employees in the pursuit of County business while establishing an efficient and equitable program for responding to these transportation needs with a minimum of vehicles.
- 1.2 Vehicles of the Police Department, the Montgomery County Fire/Rescue Services, the State's Attorney Office, the Sheriff's Office and the Department of Correction and Rehabilitation are also covered by this procedure.

DEFINITIONS

- 2.0 Administrative Vehicle - Vehicles used to provide transportation in support of administrative/non-emergency purposes.
- 2.1 Agency Assigned Take-home Vehicle - A passenger vehicle assigned to a designated employee whose County assignments require the vehicle be taken home during off-duty hours in order to be used for governmental purposes. Such vehicles will not be parked outside of the County on a regular basis during off-duty hours except in the case of Department Directors and Management Level I employees/managers who are otherwise assigned an Agency Assigned Take-home Vehicle.
- 2.2 Assigned Emergency/Administrative Vehicle - A passenger vehicle assigned to a designated employee whose County work assignments require the employee to be within emergency radio and/or telephone communications on a 24-hour, 7-day a week basis.
- 2.3 Assigned Emergency/Public Safety Vehicle - A passenger vehicle assigned to a designated employee whose County work assignments require the employee be within emergency-radio and/or telephone communications contact on a 24-hour, 7 days a week basis. Assigned Emergency/Public Safety vehicles are approved and designated as "emergency" vehicles by the Motor Vehicle Administrator for the State of Maryland.
- 2.4 Emergency Vehicle - Vehicles designated, equipped and/or marked for emergency response.
- 2.5 Motor Pool - A motor pool vehicle normally assigned on a temporary basis. Procedures concerning the use of the Division of Fleet Management Services motor pool vehicles are covered under Administrative Procedure 5-2, Motor Pool Operation.

POLICY

- 3.0 Use of County vehicles or operation of County heavy equipment is prohibited if the employee is impaired or under the influence of alcohol, non-prescribed, controlled dangerous substances, or over-the-counter or prescribed medicines that could affect/impair one's

Assignment and Use of County Vehicles

ability to drive a vehicle or operate heavy equipment. County vehicles will not be operated within four (4) hours after the employee has ingested any amount of alcohol. Alcoholic beverages are not allowed in a County vehicle except as permitted by the Chief Administrative Officer for the business of the County (i.e. Department of Liquor Control, Police seizure, etc.).

- 3.1 This procedure establishes a uniform system for authorizing employees to drive County-owned, County-leased or County-contracted motor vehicles, and also for the use of their personal vehicles while conducting County business. An employee with a suspended driver's license is prohibited from operating a County-owned, County-leased, County-contracted vehicle or from operating a personal vehicle for County business.
- 3.2 Permanent assignment of vehicles may be made to those employees whose duties mandate it. Such assignment of vehicles may be made on a short-term, temporary, or seasonal basis, rather than a year-round basis. A take-home vehicle will not be assigned as a fringe benefit of employment, nor will the vehicle be used for commuting outside of the County except in the case of Department Directors and Management Level I employees/managers who are otherwise assigned an Agency Assigned Take-home Vehicle. In addition, employees who are approved by the Chief Administrative Officer to protect the health and safety of the County will be permitted to commute outside the County in their Agency Assigned Take-home Vehicles.
- 3.3 Take-home vehicle assignments are categorized into five functions as follows:
- A. Administration
 - B. Field Supervision
 - C. Inspection/Technical
 - D. License/Regulatory
 - E. Emergency/Public Safety
- 3.4 An example of the current job titles under each function is found in Appendix 1.
- 3.5 Only authorized personnel directly associated with County business will travel in County vehicles on a regular basis (Assigned Emergency vehicles exempt). Car pools with County employees using assigned vehicles, as determined according to the criteria for assignment, are strongly encouraged.
- 3.6 All Agency Assigned Take-home Vehicles will revert to the agency motor pool or be temporarily reassigned when an employee is absent from duty. Assigned vehicles may be utilized by the employee who, in a designated acting capacity, is performing the functions for which the vehicle was originally assigned.
- 3.7 Employees will not install or have installed any items of equipment on County vehicles without prior written approval of the Director, Department of General Services or their

DRAFT

designee. Two-way radios required for performance of duties will be installed by the Enterprise Telecommunications Division, Department of Technology Services or its designated service provider. The cost of removal of existing and approved personal equipment will be at the employee's expense.

- 3.8 All employees are prohibited from using County vehicles while engaged in or attending any political or partisan activity. Such activities include rallies, caucuses, promotional events, political speeches and fund raisers, driving people to the polls for a candidate or a party, etc. Employees may use County vehicles to attend official government activities, or while on official County business.
- 3.9 Departments are encouraged to rotate vehicles within their own departments to utilize resources better. The Director, Department of General Services or designee will decide periodically to reassign or rotate vehicles for the better utilization of fleet resources.
- 3.10 Personal use of Assigned-Emergency/Public Safety vehicles will be permitted to ensure constant two-way communications capability with the County provided that the employee is subject to 24-hour emergency callback or functions in a Public Safety capacity. Vehicles will not be taken outside the Baltimore-Washington Standard Metropolitan Statistical Areas (SMSA). Employees assigned such vehicles will reimburse the County by payroll deduction for the actual of commuting mileage between home and work. The operator of any vehicle taken out of the SMSA must contact the Division of Fleet Management Services to report destination, length of time out of area, driver's name and vehicle stock number. The Division of Fleet Management Services will provide a list of all vehicles garaged outside the State of Maryland to the Division of Risk Management.
- 3.11 Assigned Emergency/Administrative vehicles can be justified only if the employee is on call 24 hours a day, 7 days a week to respond to emergencies and requires the use of a vehicle equipped with two-way radio and/or mobile telephone communication devices.
- 3.12 Assigned/Emergency Public Safety vehicles can be justified only if the employee is on call 24 hours a day, seven days a week to respond to life-threatening emergencies and requires the use of the vehicle equipped with two-way radio and/or mobile telephone communication devices.
- 3.13 No provisions in this procedure are to be interpreted as precluding a department head from authorizing the temporary use of a vehicle on a take-home basis for employees whose duties include emergency stand-by or call-back status. Such vehicles will be drawn preferably from the agency's own motor pool, and as a last resort, from the general County motor pool. Temporary assignments beyond five days must be approved by the Director, Department of General Services, or their designee.
- 3.14 Any employee, including public safety employees, who, while operating a County-owned or County-contracted vehicle, or shortly after operating such a vehicle, is stopped by a law enforcement officer on suspicion of driving or attempting to drive the vehicle under the influence of alcohol, a non-prescribed controlled substance, or a prescribed medicine or

over-the-counter substance that impairs the employee's ability to drive and who is requested by the law enforcement officer to submit to a test of the employee's breath for alcohol concentration ("a breathalyzer test") or appropriate screening test for drugs must:

- A. submit to the test; and
- B. report the results of the test to the employee's supervisor on the next business day.

3.15 An employee who refuses to submit to a drug or alcohol test must report this refusal to the employee's supervisor on the next business day following the employee's detention by the law enforcement officer. Failure to make such a report will subject the employee to disciplinary action, which may include dismissal.

3.16 An employee must ensure that the County-owned vehicle is returned to the agency motor pool or the County-contracted vehicle to the contractor, no later than the next business day following the employee's detention by the law enforcement officer, if:

- A. the employee's driver's license is confiscated by a law enforcement officer (and replaced by a temporary license) because the employee refused to submit to a breathalyzer test or other appropriate alcohol/drug screening test after being stopped by a law enforcement officer while operating (or shortly after operating) a County-owned or County-contracted vehicle; or
- B. the employee fails to report the results of a breathalyzer test or other appropriate drug screening test to the employee's supervisor as required.

3.17 The Director of the Department of General Services or designee may suspend or revoke, either permanently or for a specific period of time, an employee's privilege to receive the assignment of a County-owned vehicle or the use of a County motor pool vehicle, a County-leased vehicle or the use of a vehicle supplied to the County by a contractor when notified by the Chief, Division of Risk Management that:

- A. a law enforcement officer confiscated the employee's driver's license because the employee refused to submit to a breathalyzer test or appropriate drug screening test after being stopped by a law enforcement officer while operating (or shortly after operating) a County-owned or County-contracted vehicle;
- B. the employee submitted to a breathalyzer test or appropriate drug screening test while operating a County-owned or County-contracted vehicle but failed to report the results of the test to the employee's supervisor, as required in Section 3.14(B) above; or
- C. the employee submitted to a breathalyzer test or appropriate drug screening test while operating a County-owned or County-contracted vehicle and the results of the test indicated that the employee was impaired by or under the influence of alcohol or drugs.

3.18 At the end of the period of suspension, the Chief, Division of Risk Management or designee will notify the Director of the Department of General Services or designee to reinstate the employee's vehicle assignment or the employee's authorization to use motor pool or contract vehicles after considering:

- A. if the employee's use of a County-owned or County-contracted vehicle would be a threat to public safety; and
- B. if the employee can maintain and operate a County-owned or County-contracted vehicle.

3.19 The Director of General Services, or designee, may, on reasonable grounds, immediately suspend or terminate the employee's vehicle assignment or the employee's authorization to use motor pool or contract vehicles.

3.20 The Chief, Division of Risk Management or designee, will notify the Director of the Department of General Services, after receiving a copy of the Motor Vehicle Administration's (MVA) decision, to reinstate an employee's authorization to be assigned a County-owned or County-contracted vehicle if, after a hearing, the MVA reinstated the employee's driver's license because the MVA found that:

- A. the employee can safely maintain and operate a County-owned or County-contracted vehicle;
- B. the law enforcement officer did not have reasonable grounds to believe that the employee was driving or attempting to drive the County-owned or County-contracted vehicle while under the influence of alcohol; or
- C. the employee did not refuse to take the test.

3.21 The Director of the Department of General Services or designee, when notified by the Chief, Division of Risk Management, will revoke an employee's privilege to drive a County vehicle or operate County heavy equipment if an employee receives a ticket and fine for driving under the influence of alcohol or drugs in their personal vehicle, that results in loss or suspension of a license. The privilege to drive a County-owned vehicle, County-leased vehicle or vehicle supplied to the County by a contractor will not be restored until the appropriate license is restored by the state in which the employee is licensed.

3.22 An employee who submits to a breathalyzer test or appropriate drug screening test and whose test indicates use of alcohol or drugs may also be subject to discipline under other applicable County procedures and regulations.

GENERAL

4.0 Employees are prohibited from putting any bumper sticker decal, placard, banner, or insignia on any County vehicle. Partisan political materials of any kind are prohibited. Police Officers with Personnel Patrol Vehicles may display the official emblems of the Fraternal

Order of Police, the Police Association, and/or the Coalition of Black Police Officers
(Prohibited items are to be removed immediately from all County vehicles).

- 4.1 The criteria to receive an agency-assigned vehicle are the following:
 - A. Agencies with employees whose duties require them to spend the major portion of each workday engaged in field activities;
 - B. Agencies with employees whose duties and responsibilities require that a vehicle be available at all times during each workday so as to maintain the efficiency of the employee. (Adequate justification must be given that proper work scheduling cannot eliminate the need for a constantly available vehicle, and the department or Fleet Management Services' motor pool cannot serve the need for a vehicle); and
 - C. Employees whose duties require the constant use and/or storage of special equipment in the vehicle.

- 4.2 The following reasons may serve as justification for an employee to receive an Agency Assigned Take-home Vehicle:
 - A. Employee who regularly, and on a continuing basis, is subject to be called for emergencies during off-hours;
 - B. Employee's position requires frequent after-hour travel to meetings to represent the County's interest, or to provide service delivery to client populations;
 - C. Documented increases in an employee's job efficiency or effectiveness provide a clear benefit to the County by the operation of an Agency Assigned Take-home Vehicle;
 - D. Employee has supervisory responsibility for field employees, and frequently visits multiple job-sites on the way to or from his regularly assigned office location.

- 4.3 The following guidelines will be used to evaluate fleet upgrade or vehicle class change requests:
 - A. Agency vehicle needs may have changed significantly during the year;
 - B. Vehicle technology may have improved considerably from the time a vehicle was originally ordered;
 - C. Unique maintenance problems may have occurred with the present vehicles in use; and
 - D. A clear and present danger must either exist, or could exist, to County employees or the public with the currently operated vehicles; and upgraded equipment will significantly reduce or eliminate the problem.

- 4.4 The use of a BlackBerry or other texting devices, Geographical Positioning System devices and cellular telephones (unless the device is "hands free") is prohibited for drivers while the vehicle is in motion.

RESPONSIBILITIES

- 5.0 Employee
 - A. For those employees who operate or request to operate a County-owned/leased or County-contracted vehicle in the course of County employment, provide Fleet Management Services with notice of their driver's license number at the time of request and notify the County of any suspension or revocation of their driver's license. This provision does not supersede or invalidate any existing event or record reporting requirement authorized by law, regulations, or departmental procedure.
 - B. For those employees who have an assigned County vehicle, or who regularly operate a County-owned, County-leased, County-contracted vehicle, or County heavy equipment, provide the employee's supervisor with a copy of the employee's driving record (as issued by the state that issued the employee's driver's license) during the month of January.
 - C. For those employees who operate a County owned/leased or County-contracted vehicle, report to Occupational Medical Services any medications that are prescribed that might affect their ability to operate a County vehicle or heavy equipment.
- 5.1 Division of Risk Management, Department of Finance
 - A. Based on information obtained regarding the driving records of employees who operate a County vehicle, the Chief, Division of Risk Management, must report to the Director, Department of General Services or designee, as well as the respective department director of any of the following information:
 1. The suspension or revocation of the driver's licenses of employees who operate County vehicles;
 2. Occurrences in which employees who operate County vehicles were found guilty of driving under the influence of alcohol or drugs in violation of state motor vehicle laws;
 3. The presence of restrictions (other than the requirement to wear eyeglasses) placed on the driver's licenses of employees who operate County vehicles.
 - B. Submit to the Director, Department of General Services or designee, as well as the respective department notification, on the following occurrences:

DRAFT

1. Confiscation of an employee's driver's license by a law enforcement officer due to the employee's refusal to submit to an alcohol or drug screening test;
2. Occurrences in which employees who operate County vehicles were found guilty of driving under the influence of alcohol or drugs in violation of state motor laws; and
3. Reinstatement of an employee's privilege to drive a County vehicle.

5.2 Department

- A. Keep up-to-date records of employee driver's license numbers and license status of those employees who operate or request to operate County vehicles. The department is to notify Fleet Management Services as well as the Division of Risk Management of any employee whose license is suspended or revoked. The department is to take appropriate action such as not allowing the employee to drive a County vehicle, when the department becomes aware that the employee is in violation of this Administrative Procedure.
- B. Upon receiving a copy of an employee's driving record each year in January, review the driving record to determine whether the employee has complied with the reporting requirements of this Administrative Procedure. Also, determine whether the employee's driving record indicates the employee's driver's license was suspended or revoked, and whether the employee was convicted of driving under the influence of alcohol or drugs (within the preceding twelve months).
- C. Report to Fleet Management Services as well as the Division of Risk Management an employee's failure to report to the employee's supervisor the results of a breathalyzer test or appropriate drug screening test that was administered by a law enforcement officer in connection with the employee's operation of a County-owned vehicle, County-leased vehicle or County-contracted vehicle;
- D. Request an additional Agency Assigned Take-home Vehicle for an employee eligible to receive a take-home vehicle using the procedures under Paragraph 6.0 of this administrative procedure. Include miles traveled to and from work in requests for additional take-home vehicles for employees in the Administration and Field Supervision functions.
- E. Submit in writing to the Division of Fleet Management Services any request to change: 1) the quantity of Agency Assigned Take-home Vehicles; 2) the status of currently assigned agency operated vehicles; or 3) the vehicle class of currently assigned agency operated vehicles. All vehicle assignment requests should stress what taxpayer benefits would accrue, and how service delivery to County residents would be improved by the requested change or new vehicle assignment.

- 5.3 Division of Fleet Management Services, Department of General Services
 - A. Provide department heads with management or technical information to assist in the development of sound vehicle utilization decisions.
 - B. Assist departments in reviewing all vehicle assignment requests for fleet management issues, e.g. changes in the quantity of Agency Assigned Take-home Vehicles, or changes in the type of passenger vehicle assignment of currently assigned agency operated vehicles.
 - C. Provide departments with guidance when there is a vehicle class change request, e.g. when the vehicle class changes from passenger sedan to four wheel drive vehicle, etc.
 - D. Coordinate with departments to have their Agency Assigned or Take-home Vehicle reassigned or rotated for better utilization of fleet resources.
 - E. Submit to the Payroll Division, Department of Finance, the employees who are assigned to Agency Assigned Take-home Vehicle in the Administrative and Field Supervisory functions.
 - F. Provide the Division of Risk Management with the names and license numbers of all employees who operate or request to operate a County-owned/leased or County-contracted vehicle in the course of County employment.

- 5.4 Payroll Division, Department of Finance

Reduce the wages from an employee, who has an Agency Assigned Take-home Vehicle in the Administrative and Field Supervision functions, according to miles traveled to and from work.

- 5.5 Office of Management and Budget

Review the department's request for additional Agency Assigned Take-home Vehicle(s) and provide a recommendation to the County Executive through the budget process.

- 5.6 Office of the County Executive

Review OMB's recommendation and approve or disapprove the department's request for an additional agency assigned vehicle(s).

PROCEDURE

REQUESTING AN ADDITIONAL VEHICLE OR VEHICLE UPGRADE

- 6.0 Department Submit a Vehicle Request Form to the Division of Fleet Management Services for an additional or upgrade vehicle for an eligible employee, according to the criteria outlined under Paragraphs 4.1, 4.2 and 4.3 of this administrative procedure.
- 6.1 Division of Fleet Management Services, Department of General Services Review the department's request for an additional or upgrade vehicle. Complete the cost estimate on the Vehicle Request Form and provide recommendations to the department and the County Executive.
- 6.2 Office of Management and Budget Review the department's request for an additional or upgrade vehicle, ensure the requirements for the department are in accordance with the guidelines of this procedure, and provide the County Executive with a recommendation through the budget process.
- 6.3 Office of the County Executive Review OMB's recommendation and approve or disapprove the department's request for an additional or upgrade Agency Assigned Take-home Vehicle(s).
- 6.4 Department Submit copy of approved request to the Division of Fleet Management Services, Department of General Services, for an additional or upgrade vehicle.
- 6.5 Division of Fleet Management Services, Department of General Services Provide departments guidance when there is a vehicle class change request and provide recommendation for any fleet upgrade or vehicle class change to the Director, Department of General Services.

NOTE: All vehicle class change requests that exceed fifteen percent will be processed either as a Supplemental Appropriation, or through the annual budget process.

ANNUAL REVIEW OF VEHICLES

- 7.0 Department Complete/update vehicle assignments on-line through the Division of Fleet Management Services' Intranet site, as part of the budget process for all assigned vehicles.

Assignment and Use of County Vehicles

7.1 Division of Fleet Management
Services, Department of
General Services

Review the vehicle assignments and submit an updated list as part of the budget process.

Division of Fleet Management
Services, Department of
General Services

Submit to the Payroll Division, Department of Finance, the list of employee(s) in the Administration and Field Supervision functions who have an Agency Assigned Take-home Vehicle and the number of miles the employee(s) travel round-trip from home to the job site.

7.2 Payroll Division,
Department of Finance

Reduce an employee's salary who was assigned an Agency Assigned Take-home Vehicle in the Administration and Field Supervision functions by the commuting mileage between home and work multiplied by the Internal Revenue Service mileage reimbursement rate that can be found at www.gsa.gov/mileage.

NOTE: The amount that will be deducted from an employee's bi-weekly pay is the number of miles the Agency Assigned Take-home Vehicle is driven round-trip from home and to the job site multiplied by the Internal Revenue Service multiplied by the mileage reimbursement rate.

SUNSET REVIEW PROVISION

8.0 Take home vehicle assignments will be subject to review on an annual basis. Other vehicle assignments may be subject to review on an as needed basis. The Vehicle Assignment Review Form, which is to be used as part of the review process, is found at Appendix 2.

All requests for authorization of assigned vehicles, both agency assigned and take-home, will stress the taxpayer benefits which accrue, and how improved service delivery to County residents will continue through the use of such vehicles.

ASSIGNMENT OF VEHICLE REVIEW FORM

Visit Fleet's Intranet Services Site at <http://dpwt-fms/fleetservices/index.aspx> and click on Take Home Vehicles under Applications to complete the required information on line

Department and Division: _____

Purpose: To provide information on current assigned vehicles and department motor pool vehicles during the annual budget process as required by AP 1-4.

1. Type of Assignment

- a. Agency Assigned Take-Home Vehicle
- b. Agency Assigned Vehicle (non take-home)
- c. Department Motor Pool
- d. Other _____

2. Current Vehicle Description

- a. Type: Sedan Truck SUV Van Other _____
- b. Vehicle Stock Number _____ Tag Number _____
Year _____ Make and Model _____
- c. Equipment: Two-way Radio PS2000 Decals
- d. Other Installed/Special Equipment _____

3. Vehicle Assignment

- a. Operator Name (or note Dept Motor Pool) _____
- b. Job Position Title and Class _____
- c. Merit System Employee Appointed Elected Official
- d. Nature of Work _____

4. Location: full address of where the vehicle is parked after work hours:

Street Name and Number _____

City _____ County _____

5. Passengers: Name Employee Position Title and Class

6. Estimated Current Vehicle Use

- a. Total Annual Mileage: _____
- b. Assigned Office Work Location: _____
One way miles from office location to where vehicle parked in #5: _____
(Field personnel - Use your home office, not job site location.)
- c. Average business use per day: _____ miles _____ hours

NOTE: The IRS requires calculation of the taxable benefit for the commuting use of a business vehicle by operators or car-poolers.

7. Vehicle Justification:

For Agency Assigned Take-Home — check all that apply:

- Subject to emergency, off-hours call-back;
- Frequent after-hours travel to meetings for service delivery;
- Increase in the efficiency or effectiveness can be documented; and
- Field supervision and frequent site visits on the way to or from work.

For Agency Assigned Take-Home, please justify the nature of each of the blocks checked as it pertains to the employee's job duties and responsibilities.

For Agency Assigned Vehicle (non-take-home) - check all that apply;

- Engaged in Field activities for major portion of each workday.
- Duties require vehicle to be available at all times during the week; and
- Require constant use for storage of special equipment and vehicle.

OTHER JUSTIFICATION: Stress what taxpayer benefits would accrue, and how service delivery to County residents would be improved:

ADDENDUM
T&E COMMITTEE #3
April 26, 2011

MEMORANDUM

April 25, 2011

TO: Transportation, Infrastructure, Energy & Environment Committee

FROM: Susan J. Farag, Legislative Analyst 

SUBJECT: **Worksession: FY12 Operating Budget: Department of General
Services: Fleet Management Services (DFMS)
Motor Pool Fund Contribution (NDA)**

Attached are two documents that were provided after the packet for today's worksession was published. The first document includes DFMS answers to follow-up questions regarding take-home vehicles. In addition, OMB has provided the preliminary list of specific public safety vehicle replacements as requested by the Committee.

F:\Farag\FY12 Budget - Operating\Committee Packets\ADDENDUM Fleet April 26.doc

Additional Questions Regarding Take-Home Vehicles: (DFMS Responses in Italics)

1) My understanding of IRS regulations is that commuting from home to a workstation is considered personal use of a vehicle. 26 CFR §1.162.2(e). If this is the case, do you require employees to log or otherwise track their commuting mileage? It is also my understanding that if records are not provided by the employee, then the value of **all use of the vehicle** is considered wages to the employee. §1.132-5(b)

Yes, we do require logs for commuting miles. However, for employees electing the \$1.50 personal commuter imputed income approach, we require a log that tracks each day a commute was made from home-to-work.

2) You mention on page 4 of the April 11 memo that employees "may elect the imputed income approach under IRS Regulations at the rate of \$1.50 per one-way commute (\$30 per pay period). My understanding is that this \$1.50 rule is not permissible for a "control employee." This is defined as an elected official or an employee whose compensation is at least as great as a Federal government employee at Executive Level V (for 2011, \$145,700). Do we calculate imputed income differently for elected officials and those whose salaries are at least \$145,700 or more?

The IRS regulations allow for either the calculation of imputed income or reimbursement. The County has elected to require reimbursement for certain "controlled employees."

3) Could you provide written guidelines of how the type of vehicle is chosen for a specific position? My concern is about vehicle assignments such as the 2007 Chevy Tahoe for the CAO. Is there a reason this vehicle can't be a more fuel efficient vehicle?

Guidelines regarding requests for additional or upgraded vehicles are included in the County's Budget Manual for the Preparation of the FY Operating Budget. Departments requesting vehicles must complete a Vehicle Request Form for each new or upgraded vehicle and submit the form to DGS Division of Fleet Management Services (DFMS). The form is on the County intranet site and includes pertinent information and justification for the vehicle. The pertinent information includes vehicle category, vehicle description, type of assignment, estimated annual mileage and how the vehicle will be used. The request must identify required accessories and equipment such as decals, light bars, hitches and other attachments or appurtenances necessary for the intended use. Based on this information DFMS provides to the department a capital cost estimate for the vehicle, including related equipment, and the annual motor pool operating charges. DFMS also reviews the vehicle purchase/upgrade request assessing the vehicle type and equipment necessary to perform the function described in the request form, which may not be met by the specific vehicle type desired by the department/agency. This assessment includes consideration of the intended purpose of the vehicle/equipment; when, where and how the vehicle will be used (normal driving, plowing, hauling, towing, moving many people); what payload it may carry; typical operating conditions, and other appropriate criteria. DFMS then determines if a vehicle already exists in the fleet that can do the job and is available, such as redeploying underutilized vehicles turned in by other county departments. DFMS returns the signed form, indicating its support for or objection to the department's request. The department includes the form, with DFMS comments, in its budget submission.

4) What is the total annual cost of the take-home vehicles, including leasing/purchasing, gas, maintenance, repair, replacement? Do you have this for FY10?

DGS' Division of Fleet Management Services (DFMS) does not track costs separately for take-home vehicles. DFMS tracks the operation and maintenance costs for the entire fleet under the presumption that vehicles approved for take home use are in support of necessary county services and, therefore, as much a component of the cost of maintaining the fleet as if it were only used in a traditional 8-hour day. Most take home vehicles are driven from home to different locations as part of the employee's routine work, or in response to emergencies, or attending to required after-hours work-related duties. Because of this, developing a definitive cost or even a reliable average cost is challenging at best. Tracking only a portion of vehicles that may generally be driven directly to a single location wouldn't represent a true cost of overall take-home use.

5) Jurisdictions like King County, Washington, do an initial economic benefit calculation to determine whether it is more cost-effective for an employee to use his/her private vehicle or a County take-home vehicle. They determine whether the cost of reimbursement to an employee for the business use of a private vehicle is greater than the commuting costs associated with a take-home vehicle. Do we do anything similar? If so, what?

While DFMS does not perform a formal economic benefit calculation, we do track the cost-per-mile for the administrative/light fleet. The cost-per-mile by classification is: auto/admin \$.19 per mile; vans/admin \$.33 per mile; trucks/SUV admin \$.30 per mile. When compared to the IRS established reimbursement rate of \$.51 per mile, it appears to be more cost-effective to drive a County vehicle. As noted above, vehicle purchases and assignments are based on need. Vehicle use that does not rise to full time need results in redeployment of the underutilized vehicle. Pool vehicles are also available for short term or occasional needs. Employees are encouraged to use County owned vehicles when performing County business. It is unlikely that most employees possess adequate insurance riders that will cover them in the event of accident or injury when using their personal vehicle when performing County business.
