

MEMORANDUM

TO: Government Operations and Fiscal Policy Committee

FROM: Robert H. Drummer, Senior Legislative Attorney 

SUBJECT: **Worksession:** Executive Regulation 19-11, Financial Disclosure, Reporting Year 2011

Background

Executive Regulation 19-11 was submitted for method 2 Council review on January 19, 2012. See ©1. Executive Regulation 19-11 contains a schedule of filing positions for reporting year 2011.

County Code §19A-17(a) requires the County Executive, the Chief Administrative Officer, Deputy Chief Administrative Officer, special assistants to the County Executive, the director and deputy director of each department, principal office, and office in County government, and members of the Ethics Commission to file a public financial disclosure statement. Code §19A-17(b) expressly requires Assistant Chief Administrative Officers, attorneys in the Office of the County Attorney, Hearing Examiners, members of the Fire and Rescue Commission, and paid members of any board, commission, committee, or authority of County government to file a confidential financial disclosure statement.

Code §19A-17 also authorizes the County Executive to designate, by regulation issued under method 2, other public employees in the Executive branch, the Revenue Authority, Board of License Commissioners, or Housing Opportunities Commission to file a public, limited public, or confidential financial disclosure statement. When making this designation, §19A-17(c) requires the Executive to consider if an employee has substantial responsibility for:

1. contracting or procurement;
2. administering grants or subsidies;
3. land use, planning and zoning;
4. regulating, licensing or inspecting any business;
5. other decisions with significant economic impact;
6. law enforcement; and
7. controlling access to confidential information.

A public financial disclosure statement must include comprehensive information regarding real property interests, business interests, sources of income, gifts, offices, debts, and liabilities (Code §19A-19). A limited public financial disclosure statement must include information about any economic interest or gift that "may create a conflict between the employee or member's personal interest and official duties" (Code §19A-17(a) (6)). The County Ethics

Commission must make public financial disclosure statements and limited public financial disclosure statements available to the public for examination.

A confidential financial disclosure statement must include the same comprehensive information regarding real property interests, business interests, sources of income, gifts, offices, debts, and liabilities as is required for a public financial disclosure statement (Code §19A-19). However, the County Ethics Commission is prohibited from making confidential financial disclosure statements available to the public for examination (Code §19A-18(e) (4)).

Code §19A-17(d) requires the Executive to annually review the designation of employees required to file financial disclosure statements. This regulation was advertised in the November 2011 issue of the Montgomery County Register with a 30-day comment deadline. No comments were received. ER 19-11 would supersede ER 15-10, covering the 2010 reporting year. Regulation 15-10, Financial Disclosure, was submitted for method 2 Council review on January 10, 2011 and approved by the Council on February 15, 2011.

Issues

1. What changes have been made in the designation of employees required to file financial disclosure statements from Executive Regulation 15-10?

The Executive's transmittal memo states that the designation of positions has been amended to reflect the movement of positions from one department to another, positions that have been abolished, and positions that no longer are assigned duties that warrant financial disclosure (e.g., contracting or procurement duties). Positions whose duties now warrant filing a financial disclosure statement have also been added.

The Executive is also proposing a substantive change to the regulation that would authorize the Chief Administrative Officer (CAO) to waive the filing requirement where the duties of a position identified in the schedule change and the incumbent is no longer performing duties that merit filing a financial disclosure statement. It is anticipated that the CAO would then propose an amendment to the next iteration of the filing schedule to reflect this change. Regulation 15-10 already authorized the CAO to require an employee to file a financial disclosure statement even though the employee's position is not identified in the schedule where the duties of the position changed after the regulation was approved.

A clean copy of the spreadsheet listing the Division, job title, filing type, and reviewer for each position that has been designated by the Executive to file a financial disclosure statement for the 2011 reporting year is at ©31-93. A second spreadsheet at ©94-163 shows the same information with the positions added from last year underlined and the positions removed shown in brackets. Finally, a third spreadsheet showing just the additions and subtractions from last year is attached at ©10-30.

Council staff recommendation: approve Executive Regulation 19-11 as submitted by adopting the proposed Resolution at ©163.

2. Should the Council amend the list of Legislative Branch positions required to file financial disclosure statements?

County Code §19A-17 expressly requires Councilmembers, the Council's Staff Director, Deputy Staff Director, the Director of the Office of Legislative Oversight, members of the Board of Appeals, members of the Merit System Protection Board, and the director and deputy director of each Legislative Branch department, principal office, and office to file a public financial disclosure statement. The law also expressly requires the Hearing Examiners to file confidential statements. §19A-17(a)(5) and §19A-17(b)(8) also authorize the County Council to designate by resolution certain employees of the Legislative Branch of County government who must file public, limited public, or confidential financial disclosure statements after finding that doing so will promote trust and confidence in County government. The Council is required to annually review the list of employees required to file public or confidential financial disclosure statements. The Council adopted Resolution 16-467 on March 4, 2008 designating the Legislative Branch employees who must file financial disclosure statements.

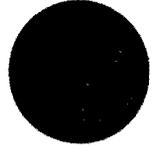

There have been no changes in position titles or duties in the Legislative Branch since the adoption of Resolution 16-467, attached at ©164-165. The Resolution provides that it applies to financial disclosure statements for 2008 and later calendar years. **Council staff recommendation:** no changes are needed to Resolution 16-467.

MEMORANDUM

January 19, 2012

TO: Roger Berliner, President
Montgomery County Council

FROM: Isiah Leggett, County Executive *Isiah Leggett*

SUBJECT: Proposed Executive Regulation 19-11
Financial Disclosure, Reporting Year 2011

RECEIVED
MONTGOMERY COUNTY
COUNCIL
2012 JAN 19 PM 4:03

I am transmitting proposed Executive Regulation 19-11 (Financial Disclosure, Reporting Year 2011) promulgated under Method 2, for Council review and approval. Section 19A-17 of the County's Ethics Law authorizes the County Executive to designate those public employees in the executive branch, Revenue Authority, Board of License Commissioners, and Housing Opportunities Commission who are required to file financial disclosure statements. These statements promote trust and confidence in County government by helping ensure that filers do not have a conflict of interest with their specific position. The Ethics Law requires me to annually review the list of employees.

As in past years, the schedule attached to the proposed regulation has been amended as necessary to reflect the movement of positions from one department to another. Positions were deleted from the regulation when they were abolished or the department did not assign them duties that warranted filing a financial disclosure statement (e.g., contracting or procurement duties). Positions whose duties warrant filing a financial disclosure statement have been added to the regulation. In addition to "clean" and "bracket and underline" versions of the schedule, I am also attaching a version of the schedule showing only the changes from last year.

I am proposing one substantive change to the resolution. The regulation already permits the Chief Administrative Officer to require an employee to file an initial financial disclosure statement even though the employee or the employee's position is not identified in the schedule. This typically occurs when, after the regulation is approved, a new position is created in a class where all the other positions in that class already file. The proposed amendment will address a similar situation—where the duties of a position identified in the schedule change and the incumbent is no longer performing duties that merit filing a financial disclosure statement. This recommended change would permit the CAO to waive the filing requirement with the expectation that the next iteration of the regulation would be amended to reflect this change.
