TO: County Council

FROM:  Michael Faden, Senior Legislative Attorney 
Robert H. Drummer, Legislative Attorney

SUBJECT: **Public Hearing:** Amendments to the County government collective bargaining agreements

This public hearing will review the amendments to the County's collective bargaining agreements with the Municipal and County Government Employees Organization (MCGEO), representing County employees who are in the OPT and SLT bargaining units, and the Fraternal Order of Police (FOP), representing members of the police bargaining unit. See ©4-15 (MCGEO) and ©21-35 (FOP). For the budget overview, see operating budget excerpts on ©1-3.

Both these agreements are "concession agreements" which resulted from negotiations between the County Executive and the respective union after the Executive proposed not to fund the cost of living increases in each collective bargaining agreement. As you know, negotiations with the third County bargaining unit, the firefighters unit represented by the International Association of Firefighters (IAFF) did not result in an agreement.

Office of Human Resources (OHR) answers to Council staff questions about the MCGEO agreement are on ©16-20 and OHR answers to Council staff questions about the FOP agreement are on ©36-41.

These agreements are subject to the same Council review process as other collective bargaining agreements, which is outlined below.

Legal Background

Under the County Employees Labor Relations Laws (Police: County Code §§33-75 through 33-85; County employees: County Code §§33-101 through 33-112; Fire and Rescue employees: County Code §§33-147 through 33-157), the County Council must review any term or condition of each final collective bargaining agreement requiring an appropriation of funds or enactment, repeal, or modification of a county law or regulation. On or before May 1, unless the Council extends this deadline for up to 15 days, the Council must indicate by resolution its intention to appropriate funds for or otherwise implement the agreement or its intention not to do so, and state its reasons for any intent to reject any part of an agreement. The Council is not bound by the agreement on those matters over which the Council has final approval. The Council may address contract items individually rather than on an all-or-nothing basis. See County Code §33-80(g); §33-108(g)-(j); §33-153(l)-(p).

If the Council indicates its intention to reject or opts not to fund any item, it must designate a representative to meet with the parties and present the Council's views in their further negotiations. The parties must submit the results of any further negotiations, or impasse procedures if the parties cannot agree on a revised contract, to the Council by May 10 (unless the May 1 date was extended).

Concession Agreements

The MCPS unions agreed to forgo the scheduled FY10 COLA (5.3 percent) without major contract changes, except for a parity (“me too”) clause. FOP Lodge 35 and MCGEO Local 1994 entered into “concession agreements” with the Executive that postpone the COLAs (4.25 and 4.5 percent, respectively) but include some new contract provisions. Their key provisions are:

Both agreements: For employees in the defined benefit pension plan, the future pension benefit must credit annual salary as if the COLA had been paid in FY10. The budget lists no current fiscal impact for this “phantom” COLA credit, but there certainly will be one in the future because neither the County nor employees will contribute to the pension fund (the Employees’ Retirement System) for the forgone FY10 COLA amount.

MCGEO agreement: Employees at normal retirement age, or within two years of it, will be eligible for a \$40,000 buyout incentive, with participating employees scheduled to retire on June 1. The program is supposed to help find openings for employees in the 234 filled positions that are expected to be abolished.

MCGEO agreement: Employees at the top of their pay grade in FY10 will receive 60 hours (1.5 weeks) of compensatory leave.

FOP agreement: Officers who live outside the County but within 15 miles of the County’s borders (about 200 officers) will now have full-use vehicles (Personal Patrol Vehicles). Officers who live in the County would now be able to drive their PPV’s up to the 15-mile radius as well.

FOP agreement: Officers will receive 3 additional leave days each year. There is supposedly no additional cost for personnel or overtime.

Funds for the County's contribution to the ERS for each member employee are included in the appropriate County government departmental budget or agency budget. Budgeted ERS contribution rates are displayed in the table "Retirement Funds: Enrollment and Contribution Rates" at the end of this narrative and are based on a 40-year funding schedule, with the exception of the additional costs from the FY09 Retirement Incentive Program (RIP) which are being amortized on a 10-year schedule. The County uses multiple contribution rates designating the percentage of payroll for the various employee groups to determine the retirement contribution. These rates are determined annually by an actuarial valuation.

County contributions are determined using actuarially sound assumptions to assure the financial health of the Fund. Factors that affect the County's contributions include the impact of compensation adjustments, increases in the size of the workforce, investment returns, and collectively bargained benefit changes. The ERS contribution rates reflect projections of revenues and expenses to the fund. Revenues include member contributions which are set at fixed percentages of salaries and investment income which is driven by both earnings in the market and the size of the Fund balance invested.

Expenses of the Fund include pension payments which are affected by mandated cost-of-living increases and changes in the number of retirees and survivors; administrative and operational expenses of the Fund managers and financial consultants; and charges for services provided by County staff in the Board of Investment Trustees, Finance, and Human Resources.

The Executive and Municipal and County Government Employees Organization (MCGEO), Local 1994, agreed to seek legislation authorizing a retirement incentive program for FY10. Employees at normal retirement age or within two years of normal retirement will be eligible to receive the \$40,000 incentive. Similar to the program successfully implemented in FY09, this incentive is intended to realize long term personnel cost savings, but it will also provide a mechanism to coordinate and manage the significant number of position abolishments and reductions-in-force included in the recommended budget. The Executive's budget includes estimated savings of \$1,011,260 in the Personnel Cost Savings NDA for this program.

- ❖ One-time credit of 60 hours of compensatory leave for all bargaining unit employees at pay grade maximum in FY10. Fiscal Impact: No additional funding included in the recommended budget. For FY10, the Executive and FOP agreed to terminate the existing agreement effective June 30, 2009 and replace it with a successor term agreement effective July 1, 2009 through June 30, 2011. The following are the successor agreement’s salient economic terms:

- ❖ FY10 general wage adjustment shall not be effective in FY10. Fiscal impact: \$4.9 million cost increase avoided.
- ❖ Salary-based benefits shall not be diminished, and such benefits will be calculated as if the wage increase had been received as scheduled. - ❖ Reopener in November 2009 on wages, service increments, and other benefits to be effective July 1, 2010.

WORKFORCE ANALYSIS

Basis: Workforce Analysis has been performed on changes to tax supported and non-tax supported workyears (WYs) in the Executive's Recommended FY10 Operating Budget for the County government. Overall changes are calculated in comparison to the Approved Personnel Complement for FY09, which began on July 1, 2008. Changes shown reflect such factors as the addition of grant-funded positions; abolishments and creations to implement approved job sharing agreements; technical adjustments to remove positions currently associated with "group positions" which can contain unlimited numbers of employees (temporary, seasonal, or contractual), but are defined by the amount of service in terms of workyears that they are to provide; and other miscellaneous changes. Changes recommended by the Executive for FY10 are in three categories: current year position changes due to supplemental appropriations or other actions, new fiscal year position changes scheduled to take effect July 1, 2009, and position changes scheduled for later in the fiscal year. In the latter case, the workyear change will be prorated for the portion of the year it is recommended.

Summary: The recommended budget includes funding for 8,923 full-time positions, a net decrease of 115 from the approved FY09 Personnel Complement of 9,038 full-time positions. Funding for 940 part-time positions is included, a net decrease of 163 positions from the approved FY09 Personnel Complement of 1,103 positions.

Tax supported workyears account for 82.9 percent of the County's total workyears. Total tax supported workyears will decrease to 8,084.2 WYs in FY10, a decrease of 283.5 WYs or 3.4 percent.

Total County government workyears will decrease to 9,734.2 WYs in FY10, a decrease of 298.9 WYs or 3.0 percent. When measured relative to population, total workyears per thousand population has also decreased, from FY09 (10.47 compared to 10.08).

Of the County's 8,084.2 tax supported workyears proposed for FY10, Public Safety departments account for 48.5 percent, or 3,920.4 workyears. Public Safety workyears will decrease by 67.9 workyears, or 1.7 percent from FY09 levels. Detailed below are the significant net changes in the number of tax supported workyears in the FY10 Recommended Budget.

| Workforce Changes (Tax Supported) | WYs |
|--|------------|
| • DOT-Transit Services: route reductions, elimination of part-time bus operator positions, and program reductions | -42.0 |
| • Public Libraries: elimination of vacant positions across branches | -38.3 |
| • Recreation: Teen Club Program, pool manager positions, and teen programs seasonal staff | -28.0 |
| • Health and Human Services: includes the addition of the Emergency Safety Net Program and the elimination of the Assertive Community Treatment Team | -26.4 |
| • Police: elimination of several civilian administrative and sworn positions | -28.6 |
| • Fire and Rescue Services: the opening of the Milestone (East Germantown) Fire Station is offset by the reduction in recruit classes | -9.7 |

MEMORANDUM

April 10, 2009

TO: Philip M. Andrews, President, Montgomery County Council
Duchy Trachtenberg, Chair, Management and Fiscal Policy Committee

FROM: Joseph Adler, Director, Office of Human Resources

SUBJECT: Information Request – Collective Bargaining Agreement between the Montgomery County Government and the Municipal & County Government Employees Organization/United Food and Commercial Workers Union Local 1994

This is in response to the information request from Council staff dated March 31, 2009.

It should be noted initially that this concession agreement resulted from direct “discussions” between the County and the Municipal & County Government Employees Organization/United Food and Commercial Workers Union Local 1994 (MCGEO). Since MCGEO had no obligation to bargain with the County about canceling or postponing the 4.50 percent wage increase scheduled to take effect in July 2009, the impasse and interest arbitration procedures mandated by the County’s collective bargaining law were not applicable to these “discussions.”

1. **Is there a fiscal impact statement beyond the conclusions on page 8-5 of the Executive’s recommended budget? Please provide it.**

According to OMB, there is no fiscal impact statement for the MCGEO agreement beyond that set forth on page 8-5 of the County Executive’s recommended budget. OMB, however, is preparing fiscal impact statements for the legislation resulting from the MCGEO bargaining agreement. The fiscal impact statement for the legislation giving the MCGEO representative *ex officio* status on the Board of Investment Trustees has been transmitted to Council with the bill. The fiscal impact statement for the retirement legislation is pending receipt of information from the County’s actuary.

2. **Sec. 5.2 (c) – Does the use of the phrase “postponed and shall not be effective during FY10” mean that the 4.5% COLA will automatically kick in on July 1, 2010, subject to Council appropriation? If not, what does it mean?**

The phrase “postponed and shall not be effective during FY10” does not mean that the 4.5 percent general wage adjustment will automatically go into effect on July 1, 2010 or any other date. In the fall of 2009, the County Government will commence negotiations with MCGEO on a new term agreement to go into effect in July 2010. Those negotiations will determine the amount, if any, of a general wage adjustment for FY 2011, subject to Council appropriation.

In our view, the term “postponed” should be read in conjunction with Section 5.2(e) which provides for reopening the agreement to discuss wages in the event the County’s financial condition improves and there are funds in excess of that necessary to maintain the current level of services.

3. **Sec. 5.2(d) – Does this provision apply if the Executive negotiates higher compensation, or only if the Council approves higher compensation for other bargaining units? Does higher compensation include benefits, or is it limited to wages and salary?**

The “me-too” provision is triggered if the County Government or MCPS negotiates higher compensation improvements for any of its employee organizations. The compensation provided for any bargaining unit is of course subject to Council appropriation. The term “higher compensation improvements” is not per se limited to wages and would arguably include any element of compensation such as improved health insurance premiums.

4. **Sec. 6.1(d) – Do you have a fiscal impact for the 60 hours of comp leave for employees at the top of the grade? How many employees are affected and what is the dollar value of their leave? In particular, please estimate the amount of overtime that will be necessary to fill in for essential employees County-wide and in major direct service units (e.g. DOT, Libraries) who take the added compensatory leave. Also, will this added leave be passed through to unrepresented (including MLS) employees who are at top of grade?**

Currently, there are about 1450 MCGEO bargaining unit employees who are at the top of their grade. This calculates to a dollar value of approximately \$2.6 million. However, no additional funding is needed to implement this provision because the leave cannot be converted into a monetary payment. As explained in the budget document, to the extent that minimum staffing is impacted in certain operations from the additional use of leave, the provision could lead to additional overtime. According to OMB, they cannot predict within any reasonable amount of certainty how often this

would occur, if at all. In addition, normal leave approval procedures would remain in place and OHR would expect managers and supervisors to maintain operations with minimal impact on overtime use.

This added leave in the form of compensatory leave will be passed through to unrepresented employees at top of grade on their service increment date but not to MLS employees because they are not eligible for compensatory leave.

5. Sec. 27.5 – Can MCGEO file a grievance arbitration to challenge layoffs of unit members because the County could have eliminated a service contract instead?

As a general rule all provisions of a collective bargaining agreement are grievable, absent specific language that a particular action or provision is not grievable. In our view, this provision requires the County to use its “best efforts” to avoid the layoff of bargaining unit employees. While MCGEO can challenge layoffs of bargaining unit employees by filing a grievance, we don’t believe that such a grievance would be upheld by an arbitrator.

6. Sec. 36.2 – What is the value of the additional administrative leave for union activity? As above, please estimate the amount of overtime needed to fill in during these leaves County-wide and in major direct service units.

According to OMB, the value of this additional administrative leave is less than \$10,000. As discussed in the response to question #4 above, to the extent that minimum staffing is impacted in certain operations from the additional use of leave, this could lead to additional overtime. According to OMB, they cannot predict within any reasonable amount of certainty how often this would occur, if at all

7. Sec. 28.6/7 – Why wouldn’t these changes require amendments to the Personnel Regulations? What impact will these changes have on effective management and discipline?

The changes to Sections 28.6 and 28.7 modify so-called “Weingarten rights,” which refers to a 1975 Supreme Court decision, *NLRB v. J. Weingarten*, in which the Court held that a unionized employee in the private sector has the right, upon request, to have a union representative present at an investigative interview that the employee reasonably believes might result in disciplinary action against the employee. Weingarten rights

have been written into the labor agreements between the County and each of the unions that represent County employees. In contrast, the Personnel Regulations do not provide non-bargaining unit employees with a right to representation under similar circumstances. Therefore, no changes are required to the Personnel Regulations. We believe that the impact of these changes on effective management and discipline will be de minimis.

8. Sec. 41.3 – What is the effect of making the MCGEO representative an ex officio member? What would it change? When will we get the proposed legislation to implement this?

Under this provision, the representative selected by MCGEO, and approved by the County Executive to the Board of Investment Trustees would be designated as an *ex-officio* member. Currently, under the statute, the Directors of OMB, Finance, and OHR, and the Council Staff Director enjoy *ex-officio* status. From MCGEO's perspective, this change would provide a measure of continuity since *ex-officio* members are not subject to a three-year term like other members of the Board of Investment Trustees. The proposed legislation was transmitted to Council on April 2.

9. Sec. 41.6 – What is the cost in FY 10 and over time of the phantom COLA? How did you calculate it? Does it cover the ERS, RSP, and GRIP? When can we expect legislation to implement this?

The so-termed phantom COLA has no fiscal impact in Fiscal Year 2010 for the reasons explained on page 8-5 of the County Executive's recommended budget. The County's actuary is in the process of providing an estimate of the cost beyond Fiscal Year 2010 to OMB. The phantom COLA covers Groups A, E, F, and H in ERS, but does not apply to RSP or GRIP. The proposed legislation was transmitted to Council on April 2.

10. Appendix VI (c) (4) – What work schedules does Fleet use now? What is the fiscal impact of this change?

This provision is consistent with the County Executive's recent initiative to allow more County employees to work a 4-day 10 hour work week. Almost 80 percent of the mechanics in Fleet Services, except for those who work on heavy equipment, currently work 4-10s. Under this provision, 9 of the 27 mechanics in heavy equipment will also be able to

work 4 -10s beginning in July 2009. We do not believe that this will have any fiscal impact.

MEMORANDUM

April 1, 2009

041498

TO: Philip M. Andrews, President, Montgomery County Council
Duchy Trachtenberg, Chair, Management and Fiscal Policy Committee

FROM: Joseph Adler, Director *Joseph Adler*
Office of Human Resources

SUBJECT: Information Request – Collective Bargaining Agreement between the
Montgomery County Government and the Fraternal Order of Police
Montgomery County Lodge #35 Inc.

This is in response to the information request from Council staff dated March 23,
and March 26, 2009.

It should be noted initially that this concession agreement resulted from direct
“discussions” between the County and the Fraternal Order of Police Lodge #35 (FOP).
Since the FOP had no obligation to bargain with the County about canceling or
postponing the 4.25 percent wage increase scheduled to take effect in July 2009, the
impasse and interest arbitration procedures mandated by the County’s collective
bargaining law were not applicable to these “discussions.”

1. **What is the current number of employees in the FOP bargaining unit by rank (Police Officer III, Master Police Officer, Sergeant)?**

| | |
|------------------------------------|------------|
| Police Officer Candidate (Academy) | 16 |
| Police Officer I | 142 |
| Police Officer II | 114 |
| Police Officer III | 681 |
| Master Police Officer | 64 |
| Sergeant | <u>137</u> |
| | 1154 |

2. **Article 14 is amended to increase the number of Personal Leave Days from 1 to 4 (increase of 3). It is stated that this additional Personal Leave will be taken and used without additional personnel costs or use of overtime to backfill for unit members. Please describe**

how the Executive expects the no additional cost/no overtime provision to be implemented. In particular, please describe how Personal Leave can be taken by FOP bargaining unit members assigned to the district stations without backfilling the positions using overtime.

The use of these Personnel Leave Days is subject to approval by the officer's supervisor and the supervisor may deny a request to take a personal leave day if it would result in a need to backfill the position or use overtime. For example, if there are 8 patrols in a precinct that need to be covered, and there are 11 officers scheduled to work that shift on a particular day, the supervisor can approve a request by one of the 11 officers to use a Personal Leave Day. However, if there were only 8 officers scheduled to work that shift, then the supervisor would deny the request.

3. **Is this provision for 3 additional Personal Leave Days being passed through to Police Management?**

The increase in personal leave to 4 days is being passed through to Police Management. Currently, Police Management receives 3 personal leave days and they will get one more day to bring the entire department to 4 days.

4. **Please provide the 1997 map that shows the 15 mile radius that is the basis for the amendments to eligibility for the Personal Patrol Vehicle (PPV) Program.**

The boundary map is attached.

5. **Please explain why the Executive believes that the proposed amendments to eligibility that would allow Police Officers to use PPVs as full-use vehicles outside of Montgomery County is consistent with the program objective included in the Collective Bargaining Agreement: "*Program Objectives*. The goal of the PPV program is to provide the highest level of police service to the community by providing greater police presence on the streets and in the neighborhoods of Montgomery County and by enhancing the responsiveness of both on-duty and off-duty officers to calls for service."**

While the proposed amendments to eligibility that would allow police officers to use PPVs as full-use vehicles outside of Montgomery County do not further the objective of providing greater police presence on the streets and in the neighborhoods of Montgomery County, the

amendments do enhance the mobility and response time of officers living outside the County should they be needed immediately to return to the County to provide service. Whether off duty or on-call, the officer living outside the County would not have to drive to another site, either at their home or somewhere near the County line where the police vehicle may be parked, in order to change vehicles.

It should also be noted that collective bargaining is a give-and-take process. Ideally, any agreed-to provision would provide equal benefit to the employees and to the department. In some instances, particularly where a trade-off may be involved, a provision may benefit one party more than the other.

6. **Please provide the back-up documentation to the recommendation that only \$237,000 is required to implement this amendment to the PPV program. Please include the number of PPVs currently in the Department's fleet, the number of Police Officers currently eligible for the PPV program, the number of Police Officers eligible under the revised criteria of living within 15 miles of the Montgomery County border, the additional miles that are expected to be driven by Police Officers using their cars outside of, but within 15 miles of, the County border, and the FY10 assumption for cost per mile.**

There are 775 PPVs currently in the Department's fleet as well as 97 Single Officer Fleet Vehicles (SOFV). 302 FOP members or roughly 25 percent of the bargaining unit live outside Montgomery County. With respect to these 302 employees who live outside Montgomery County, 205 live within the 15 mile border as measured by the 1997 map and the other 27 reside in parts of Virginia, Pennsylvania, and West Virginia. Pending the availability of more detailed information, the Executive recommends a placeholder amount of \$237,000 related to additional anticipated maintenance and fuel costs.

7. **Please clarify whether Police Officers who live in Montgomery County are now allowed to drive their PPV as a full use vehicle anywhere in the 15 mile radius shown in the 1997 map. Section G(1) retains the language that Officers will not take their vehicle outside the County except on official business or with authorization but then allows Officers who reside outside of Montgomery County, but within the borders shown on the map, to drive within the 15 mile radius. For**

example, can a Police Officer who resides in Germantown drive his/her PPV into Frederick or Howard County on personal business?

Under the current collective bargaining agreement, police officers who live in Montgomery County are not allowed to drive their PPV as a full use vehicle anywhere in the 15 mile radius shown in the 1997 boundary map. However, under the amendments which are subject to Council approval and become effective July 1, 2009, police officers would be allowed to do so. Thus, with respect to the example posed, as of July 1, 2009, an officer who resides in Germantown could drive the PPV on personal business into areas of Frederick or Howard County provided those areas are within the borders shown on the boundary map.

8. **Section H(1) states that, “While using the vehicle off-duty, officers will monitor the police radio on the frequency for the district in which the vehicle is being operated. Officers need not advise the dispatcher when going in or out of service; however, the officer will advise the dispatcher when responding to a call.” What is the expectation for monitoring a police radio frequency while the car is being driven out of county? Is the officer expected to monitor the frequency of the district closest to their location? Is there an expectation that an officer will drive back into the county to respond to a call for service?**

There is the same expectation for monitoring the police radio frequency whether the vehicle is being driven inside or outside the county. The expectation that an officer will drive back into the county to respond to a call for service depends on the location of the vehicle. Thus, there is a higher expectation if the vehicle is a mile or two from the county border than if the vehicle is in say Harper’s Ferry, West Virginia.

9. **If the revised PPV program is implemented should there be an amendment to Section M which requires an officer who moves out of county to turn their vehicle in to the Department’s Fleet Manager before they move?**

If a police officer moves outside the boundary map radius rather than outside the County, the officer would be required to return the PPV to the Department’s Fleet Manager.

10. **Is the new eligibility criteria for PPVs being passed through to Police Management?**

No. Currently, police managers who have PPVs can drive those vehicles within a 75 mile radius of the County Office Building.

11. **Please clarify the impact of the amendment on the Single Officer Fleet Vehicle Program. Please provide a copy of the side letter referenced in the title.**

The amendment on the Single Officer Fleet Vehicle Program simply codifies the existing practice. There are three side letters that reference Article 35, Vehicles, and they can be found in the Appendix to the current FOP collective bargaining agreement,

12. **Please confirm that, in Section H which has been added to *Article 36 – Wages*, the words “higher compensation improvements” refers only to wages and not to any other part of a total compensation package.**

The term “higher compensation improvements” is not per se limited to wages and would arguably include any element of compensation such as improved health insurance premiums.

13. **Are there expected to be any costs associated with the Wellness Study Committee for staffing or consultant reports?**

We do not contemplate any additional costs for staffing or consultant reports.

14. **What, if any, implications are there to the County’s Risk Management program if full-use cars are assigned to Police Officers that live out-of-county but in the State of Maryland or to Police Officers that live out-of-county and out-of-state (Virginia, West Virginia, or the District of Columbia). What is the County’s or the Officer’s liability if the car is involved in a crash while being used for personal use?**

There are several liability implications with respect to driving a County vehicle out of state. For example, the Maryland Local Government Tort Claims Act provides a tort cap of \$200,000 per person, \$500,000 per accident for accidents that occur within the state if the employee is acting within the scope of employment and is sued. Since a police officer driving within the state can be called upon to act at any moment, even when off-duty, and can use special police powers, the officer is arguably acting within the scope employment whenever the vehicle is being driven

within the state. Under this law, the County is required to pay for the damages but the liability is, thus limited. However, the limits of this tort cap do not apply, if the accident occurs out of state. The Maryland cap does not apply in other states.

As for automobile insurance, the County maintains insurance liability coverage (through self-insurance) for its vehicles for the minimum amount required by law - \$20,000/\$40,000/\$15,000. This insurance coverage goes with the vehicle and would cover the situation where the County, as the owner and insurer of the vehicle, is sued. However, in the case where the police officer is sued, there is a legal issue as to whether a police officer driving a PPV out of the state for personal use is nevertheless considered to be acting within the scope of employment because of the PPV provisions in the contract. If the officer is acting within the scope of employment when driving outside the state, then the county would be liable for any judgment in excess of the minimum liability coverage. And there would be no cap on liability. If not, the officer would be financially liable for a verdict in excess of the vehicle insurance coverage that would be paid by the County in the amount of \$20,000 per person, or \$40,000 for all claimants in one accident.
