MEMORANDUM

October 9, 2009

TO: County Council

FROM: Minna K. Davidson, Legislative Analyst *MKD*

SUBJECT: **Introduction:** Resolution to support application for the State's Community Investment Tax Credit program: Jewish Federation of Greater Washington

The State of Maryland's Department of Housing and Community Development (DHCD) administers the Community Investment Tax Credit (CITC) program which annually awards, on a competitive basis, tax credits which a non-profit organization may exchange with a business for a contribution of cash, goods, or real property. Current information on the Community Investment Tax Credit program from DHCD's website is on © 4-5. All applications must have a resolution of support from the local governing body.

The County Executive recommends that the Council approve a resolution supporting an application from the Jewish Federation of Greater Washington for \$50,000 in tax credits. The proceeds from the sale of the tax credits will be used to support the Jewish Federation's "Coming of Age in Maryland" program (formerly known as "Community Partners Program"). This program provides a range of services to assist seniors to age in place, including recreation, support groups, health and wellness education, and transportation. The Jewish Federation proposes using monies from the sale of the tax credits to provide financial subsidies to low income participants, and for operating costs including staff salaries.

Council action is tentatively scheduled for October 20. An approval resolution is attached on © 2-3.

SUBJECT: Resolution to Support the Application of The Jewish Federation of Greater Washington for the State's Community Investment Tax Credit Program

Attached for Council introduction and action is a resolution in support of the application of The Jewish Federation of Greater Washington for an allocation of \$50,000 in tax credits through the State's Community Investment Tax Credit (CITC) program. COMMUNITY INVESTMENT TAX CREDITS (CITC) support 501(c)(3) nonprofit organizations by awarding allocations of State tax credits to use as incentives for business contributions.

New Beginnings received tax credits to raise funds to support activities that focus on social skills, character building and academics for at-risk youth and their parents.

As part of a competitive application process, 501(c)(3) nonprofit organizations apply to the Maryland Department of Housing and Community Development for tax credit allocations.

Nonprofit organizations utilize the tax credits as incentives for businesses to donate money, goods or real property to support operational and programmatic costs associated with specific, approved projects delivering services to communities across Maryland.

These tax credits are in addition to the deductions on both Federal and State taxes as a result of the charitable contribution. Based on the income and tax structure of the individual business, the net cost of the donation could be as low as \$0.27 for every \$1.00 contributed.

Businesses must use the tax credits against taxes owed for the year in which the contribution was made and may not be used retroactively for taxes from a prior year. Any business contemplating making a donation is encouraged to consult with their accountant or tax professional for information about their specific tax benefits.

Over the past ten years, the Community Investment Tax Credit Program has leveraged almost \$19.8 million in charitable contributions for 296 nonprofit projects.

WHO CAN APPLY

Nonprofit organizations designated a 501(c)(3) organization by the IRS are eligible to apply for CITCs for a project or activity that is either located in or serving a community in a Priority Funding Area. Community Investment Tax Credits are awarded annually through a competitive application process. Nonprofits applying for CITC must maintain "good standing" with the Maryland Department of Assessment and Taxation, as well as, maintain their charitable organization status with SDAT.

Training is **mandatory** for those who have either never applied to the Community Investment Tax Credit Program before or for those who have never applied electronically.

- Description of how the organization is marketing the tax credits

In an effort to assist nonprofits with a marketing strategy, DHCD Catalyst offers a "How to Market Tax Credits" workshop prior to each funding round.

Nonprofits should consider using Community Investment Tax Credits to complement other State funding programs which offer resources to assist communities with revitalization efforts.
