LEGISLATIVE REQUEST REPORT

Bill 20-10

MCPS Food Distribution Facility Relocation

- DESCRIPTION:** The County Executive requests that capital project No. 361111, MCPS Food Distribution Facility Relocation, be authorized as a "Special Capital Improvements Project" pursuant to Section §302 of the County Charter and Section §20-1 of the Montgomery County Code.
- PROBLEM:** Section §302 of the County Charter and Section §20-1 of the County Code require certain capital improvement projects to be individually authorized by law if the locally-funded cost is projected to exceed \$12,863,000 in FY11 dollars. The estimated locally-funded cost of this project in the County Executive's FY11 Recommended Capital Budget and FY11-16 Capital Improvements Program (CIP) is \$29,179,000 for planning, design, and supervision; site improvements and utilities; construction and other costs.
- GOALS AND OBJECTIVES:** This project is part of the Smart Growth Initiative and provides for design and construction of a new facility on the Webb Tract site on Snouffer School Road.
- COORDINATION:** This project has been coordinated with the Department of General Services, Department of Transportation, Department of Permitting Services, Department of Finance, Department of Technology Services, Office of Management and Budget, Upcounty Regional Services Center, Montgomery County Public Schools, Maryland-National Capital Park and Planning Commission, and local utility companies.
- FISCAL IMPACT:** The total estimated cost for this project is \$29,179,000. Of this, \$3,209,000 is for planning, design, and supervision; \$3,685,000 is for site improvements and utilities; \$20,838,000 is for construction; and \$1,447,000 is for other. The estimated locally-funded cost is \$29,179,000. The funding source for this project is Interim Finance.
- ECONOMIC IMPACT:** The enhanced facility will accommodate the needs of the present and projected user departments noted above under Goals and Objectives.
- EVALUATION:** Capital projects are evaluated biennially by the County Executive and County Council as part of the Capital Improvements Program review.
- EXPERIENCE ELSEWHERE:** Not Applicable.
- SOURCE OF INFORMATION:** Anita Aryeetey, Blaise DeFazio, Office of Management and Budget. The Department of General Services – Division of Building Design and Construction project manager has yet to be assigned as the design phase will not commence until the fall of 2010.
- APPLICATION WITHIN MUNICIPALITIES:** Not Applicable.
- PENALTIES:** None Required.

DESCRIPTION

This project is part of the Smart Growth Initiative and provides for design and construction of a new facility on the Webb Tract site on Snouffer School Road. The existing facility is located at the County Services Park on Crabbs Branch Way. The current MCPS Food Distribution Facility is about 58,000 square feet with 150 parking spaces for the staff and 8 loading docks. The new facility may include expansion space.

ESTIMATED SCHEDULE

The design phase will commence during the fall of 2010 and is expected to last twelve months, followed by approximately six months for bidding, with a construction period of approximately thirteen months.

JUSTIFICATION

In order to implement the County's Shady Grove Sector Plan which capitalizes on the existing investment in mass transit by creating a transit-oriented development community, the County Service Park at Crabbs Branch must be relocated. Relocation of the facilities at the County Service Park will enable the County to realize housing and transit-oriented development while also addressing unmet County facilities needs.

OTHER

Special Capital Projects Legislation will be proposed by the County Executive.

FISCAL NOTE

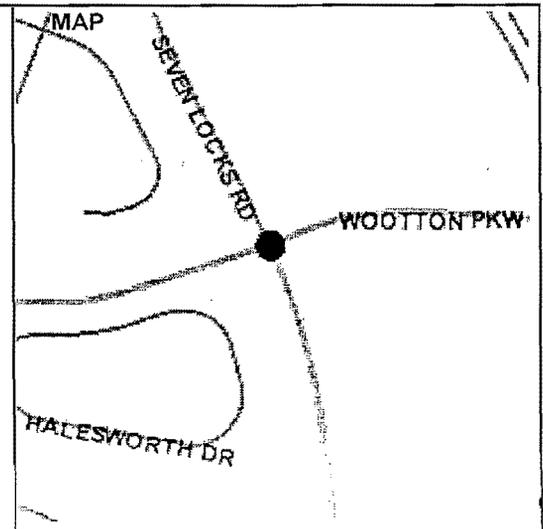

The project provides for complete design and construction. Interim financing will be used for this effort in the short term, with permanent funding sources to include G.O. Bonds and Land Sale Proceeds.

OTHER DISCLOSURES

- A pedestrian impact analysis will be performed during design or is in progress.

LEGISLATIVE REQUEST REPORT

Bill 21-10

Glenmont FS 18 Replacement

DESCRIPTION: The County Executive requests that capital project No. 450900, Glenmont FS 18 Replacement, be authorized as a "Special Capital Improvements Project" pursuant to Section §302 of the County Charter and Section §20-1 of the Montgomery County Code.

PROBLEM: Section §302 of the County Charter and Section §20-1 of the County Code require certain capital improvement projects to be individually authorized by law if the locally-funded cost is projected to exceed \$12,863,000 in FY11 dollars. The estimated locally-funded cost of this project in the County Executive's FY11 Recommended Capital Budget and FY11-16 Capital Improvements Program (CIP) is \$13,032,000 for planning, design, and supervision; site improvements and utilities; construction and other costs.

GOALS AND OBJECTIVES: This project provides for the construction of an approximately 19,900 gross square foot fire station to replace the current fire station located at the intersection of Georgia Avenue and Randolph Road.

COORDINATION: This project has been coordinated with the Department of General Services, Department Technology Services, Department of Permitting Services, Montgomery County Fire and Rescue Service, Mid-County Regional Services Center, the Maryland State Highway Administration, and local utility companies.

FISCAL IMPACT: The total estimated cost for this project is \$13,032,000. Of this, \$1,747,000 is for planning, design, and supervision; \$1,046,000 is for site improvements and utilities; \$9,254,000 is for construction; and \$985,000 is for other. The estimated locally-funded cost is \$13,032,000. The funding source for this project is General Obligation Bonds.

ECONOMIC IMPACT: The new facility will accommodate the needs of the present and projected user departments noted above under Goals and Objectives.

EVALUATION: To be requested.

EXPERIENCE ELSEWHERE: Not Applicable.

SOURCE OF INFORMATION: Blaise DeFazio, Office of Management and Budget; and Jeffrey Knutsen, Project Manager, Department of General Services – Division of Building Design and Construction.

APPLICATION WITHIN MUNICIPALITIES: Not Applicable.

PENALTIES: None Required.

Net Impact				627	0	0	0	0	285	342

DESCRIPTION

This project provides for an approximately 19,900 gross square foot fire station to replace the current fire station located at the intersection of Georgia Avenue and Randolph Road. The recommended replacement fire-rescue station is a modified Class II station designed to meet current operational requirements and accommodate modern fire fighting apparatus. The project includes gear storage, decontamination, information technology rooms, and four apparatus bays.

ESTIMATED SCHEDULE

The design phase will commence upon land acquisition and it is estimated to last twenty months, followed by approximately six months for bidding, and a construction period of approximately eighteen months.

COST CHANGE

The cost increase is due to the addition of construction expenditures.

JUSTIFICATION

The Maryland State Highway Administration (SHA) plans to build a new intersection at Georgia Avenue and Randolph Road. The current station is located on the planned intersection site. The replacement fire station will be located on a different site but in proximity to the service area of the current station.

OTHER

Special Capital Projects Legislation will be proposed by the County Executive.

FISCAL NOTE

The project provides for the design and construction phase costs. Debt service for this project will be financed with Consolidated Fire Tax District Funds. There are no funds for fire apparatus included in project budget.

OTHER DISCLOSURES

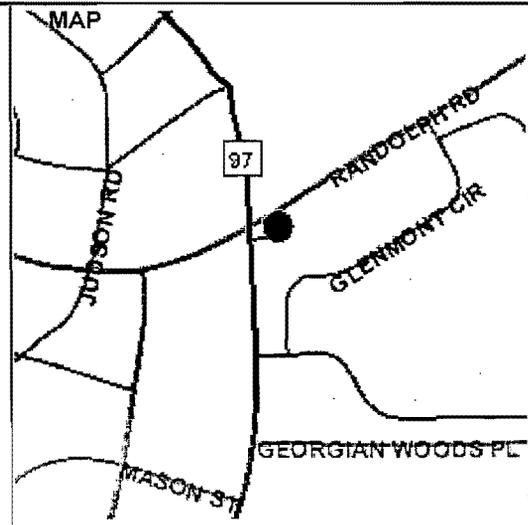

- A pedestrian impact analysis will be performed during design or is in progress.
- Land acquisition will be funded initially through ALARF, and then reimbursed by a future appropriation from this project. The total cost of this project will increase when land expenditures are programmed.

LEGISLATIVE REQUEST REPORT

Bill 22-10

Travilah Fire Station

- DESCRIPTION:** The County Executive requests that capital project No. 450504, Travilah Fire Station, be authorized as a "Special Capital Improvements Project" pursuant to Section §302 of the County Charter and Section §20-1 of the Montgomery County Code.
- PROBLEM:** Section §302 of the County Charter and Section §20-1 of the County Code require certain capital improvement projects to be individually authorized by law if the locally-funded cost is projected to exceed \$12,863,000 in FY11 dollars. The estimated locally-funded cost of this project in the County Executive's FY11 Recommended Capital Budget and FY11-16 Capital Improvements Program (CIP) is \$16,034,000 for planning, design, and supervision; site improvements and utilities; construction and other costs.
- GOALS AND OBJECTIVES:** This project provides for the design and construction of a new fire-rescue station at the county-owned site located at the northwest intersection of Darnestown and Shady Grove Road and the purchase of associated apparatus.
- COORDINATION:** This project has been coordinated with the Department of General Services, Department of Transportation, Department Technology Services, Department of Permitting Services, Montgomery County Fire and Rescue Service, Up-County Regional Services Center, Maryland-National Capital Park and Planning Commission, the City of Rockville, and local utility companies.
- FISCAL IMPACT:** The total estimated cost for this project is \$16,034,000. Of this, \$2,310,000 is for planning, design, and supervision; \$1,045,000 is for site improvements and utilities; \$10,194,000 is for construction; and \$2,485,000 is for other. The estimated locally-funded cost is \$16,034,000. The funding source for this project is General Obligation Bonds and Fire Consolidated funds.
- ECONOMIC IMPACT:** The new facility will accommodate the needs of the present and projected user departments noted above under Goals and Objectives.

DESCRIPTION

This project provides for the design and construction of a new fire-rescue station at the county-owned site located at the northwest intersection of Darnestown and Shady Grove Road and the purchase of associated apparatus. Fire/rescue apparatus to be purchased for this station includes an Emergency Medical Services unit and an engine.

ESTIMATED SCHEDULE

The conceptual planning is complete. Design will start in the winter of 2010 and will be completed in seventeen months, followed by six months for bidding, and a construction period of about eighteen months.

COST CHANGE

The project location and schedule have been amended to change the site from 9710 Great Seneca Highway to the aforementioned site. The cost increase is due to the project's scope changing from a two-bay fire station that was to be part of the Public Safety Training Academy to a stand alone, four-bay fire station at the new site. The station includes a battalion chief's suite.

JUSTIFICATION

The new fire/rescue station is necessary in this area due to present and future population density and development. This growing area includes the new communities of Falls Grove and Travilah as well as existing communities in the Travilah/North Potomac area. Several major complexes and buildings in this area, including Shady Grove Adventist Hospital, Shady Grove Adventist Nursing Home, the National Lutheran Home, and the University of Maryland-Shady Grove Campus will be served by this station. The area has a high volume of fire-rescue incidents that are expected to increase as Travilah and Falls Grove are completed and additional biotechnology facilities are constructed. Operation of this station will help the County meet Council-adopted fire-rescue response time goals as well as NFPA Standard 1710 guidelines. This project is recommended in the Fire, Rescue, Emergency Medical Services, and Community Risk Reduction Master Plan approved by the County Council in October 2005 and the Montgomery County Fire and Rescue Service Station Location and Resource Allocation Work Group, Phase 1 Report, "Need for Up-County Fire-Rescue Resource Enhancements," October 14, 1999. A site evaluation was performed by PSA Dewberry, Inc. in August 2009. The site evaluation was based on the Program of Requirements and took into account the Gaithersburg West Master Plan, access for fire apparatus, zoning, parking, storm water management, and other construction requirements.

FISCAL NOTE

The expenditures shown as "Other" are for the purchase of new apparatus (\$1,286,000) and furniture and equipment (\$1,199,000). Future replacement apparatus expenditures will be funded in the operating budget of the Montgomery County Fire and Rescue Service. Debt service for this project will be financed with Consolidated Fire Tax District Funds.

LEGISLATIVE REQUEST REPORT

Bill 23-10

3rd District Police Station

- DESCRIPTION:** The County Executive requests that capital project No. 470302, 3rd District Police Station, be authorized as a "Special Capital Improvements Project" pursuant to Section §302 of the County Charter and Section §20-1 of the Montgomery County Code.
- PROBLEM:** Section §302 of the County Charter and Section §20-1 of the County Code require certain capital improvement projects to be individually authorized by law if the locally-funded cost is projected to exceed \$12,863,000 in FY11 dollars. The estimated locally-funded cost of this project in the County Executive's FY11 Recommended Capital Budget and FY11-16 Capital Improvements Program (CIP) is \$25,555,000 for planning, design, and supervision; land; site improvements and utilities; construction and other costs.
- GOALS AND OBJECTIVES:** This project, located at the northeast intersection quadrant of New Hampshire Avenue and U.S. Route 29, provides for the site selection, planning, and design, land, and construction of a new 32,844-gross square foot (including auxiliary buildings) 3rd District Police Station to serve Silver Spring and vicinity.
- COORDINATION:** This project has been coordinated with the Department of General Services, Department of Permitting Services, Department of Technology Services, Department of Housing and Community Affairs, Department of Police, Housing Opportunity Commission, East County Regional Services Center, Local Law Enforcement Agencies, the Maryland-National Capital Park and Planning Commission, and local utility companies.
- FISCAL IMPACT:** The total estimated cost for this project is \$25,555,000. Of this, \$2,776,000 is for planning, design, and supervision; \$2,878,000 for land; \$5,856,000 is for site improvements and utilities; \$12,556,000 is for construction; and \$1,489,000 is for other. The estimated locally-funded cost is \$25,555,000. The funding sources for this project are PAYGO and General Obligation Bonds.
- ECONOMIC IMPACT:** The new facility will accommodate the needs of the present and projected user departments noted above under Goals and Objectives
- EVALUATION:** Capital projects are evaluated biennially by the County Executive and County Council as part of the Capital Improvements Program review.
- EXPERIENCE ELSEWHERE:** Not Applicable.
- SOURCE OF INFORMATION:** Edmond Piesen, Office of Management and Budget; and Behrooz Alemi, Project Manager, Department of General Services – Division of Building Design and Construction.
- APPLICATION WITHIN MUNICIPALITIES:** Not Applicable.
- PENALTIES:** None Required.

Net Impact				1,128	0	0	282	282	282	282

DESCRIPTION

This project, located at the northeast intersection quadrant of New Hampshire Avenue and U.S. Route 29, provides for the site selection, planning, and design, and construction of a new 32,844 -gross square foot (including auxiliary buildings) 3rd District Police Station to serve Silver Spring and vicinity. The facility is based on the prototype district station consisting of two floors and surface parking. The first floor houses the public access area, operations, patrol and patrol support functions, and a small prisoner holding area. The second floor houses investigative units, staff support and administration. The district station is a 24-hour, 7-day per week operation and provides support for the patrol beat teams. It is the command center for the satellite facilities within the police district. The district station will accommodate up to approximately 200 department staff and volunteers. A public meeting room will be available to facilitate outreach with the community. A police substation now serves the Central Business District of downtown Silver Spring.

ESTIMATED SCHEDULE

The design phase is ongoing and is estimated to end by Summer 2010, followed by approximately six months for permitting and bidding, with a construction period of approximately 21 months.

COST CHANGE

Increases are due to updated cost estimates, inclusion of construction expense.

JUSTIFICATION

The existing Silver Spring District Station was constructed in a 1962 court building and does not provide adequate work space for staff assigned to the station, lacks essential security features, is not equipped to accommodate future technology, has no public meeting space, and requires replacement of major building infrastructure components. In addition, business, residential, and transportation patterns have changed, leaving this primary facility at the far south end of the 3rd Police District.

OTHER

Special Capital Projects Legislation will be proposed by the County Executive.

OTHER DISCLOSURES

- A pedestrian impact analysis will be performed during design or is in progress.

LEGISLATIVE REQUEST REPORT

Bill 24-10

Equipment Maintenance and Operations Center (EMOC)

- DESCRIPTION:** The County Executive requests that capital project No. 500933, Equipment Maintenance and Operations Center (EMOC), be authorized as a "Special Capital Improvements Project" pursuant to Section §302 of the County Charter and Section §20-1 of the Montgomery County Code.
- PROBLEM:** Section §302 of the County Charter and Section §20-1 of the County Code require certain capital improvement projects to be individually authorized by law if the locally-funded cost is projected to exceed \$12,863,000 in FY11 dollars. The estimated locally-funded cost of this project in the County Executive's FY11 Recommended Capital Budget and FY11-16 Capital Improvements Program (CIP) is \$134,410,000 for planning, design, and supervision; land; site improvements and utilities; construction and other costs.
- GOALS AND OBJECTIVES:** This project is part of the Smart Growth Initiative and provides for land, planning and design and construction of a new Equipment and Maintenance Operations Center (EMOC) to support a doubling of transit ridership by 2020; as well as current transit, highway maintenance, and fleet operations
- COORDINATION:** This project has been coordinated with the Department of General Services, Department of Transportation, Department of Permitting Services, Department of Finance, Department of Technology Services, Office of Management and Budget, Upcounty Regional Services Center, the Maryland-National Capital Park and Planning Commission, and local utility companies.
- FISCAL IMPACT:** The total estimated cost for this project is \$134,410,000. Of this, \$10,228,000 is for planning, design, and supervision; \$30,000,000 is for land; \$13,025,000 is for site improvements and utilities; \$78,727,000 is for construction; and \$2,430,000 is for other. The estimated locally-funded cost is \$134,410,000. The funding sources for this project are General Obligation Bonds and Interim Finance.
- ECONOMIC IMPACT:** The new facility will accommodate the needs of the present and projected user departments noted above under Goals and Objectives.
- EVALUATION:** Capital projects are evaluated biennially by the County Executive and County Council as part of the Capital Improvements Program review.
- EXPERIENCE ELSEWHERE:** Not Applicable.
- SOURCE OF INFORMATION:** Anita Aryeetey, Office of Management and Budget; and the Department of General Services – Division of Building Design and Construction.
- APPLICATION WITHIN MUNICIPALITIES:** Not Applicable.
- PENALTIES:** None Required.

Net Impact				18,204	0	0	4,551	4,551	4,551	4,551	

DESCRIPTION

This project is part of the Smart Growth Initiative Program and provides for land, planning and design and construction of a new Equipment and Maintenance Operations Center (EMOC) to support a doubling of transit ridership by 2020, transit, highway maintenance and fleet operations. Major components of the project are: administrative buildings for Transit Services, Fleet Management, and Highway Services; bus parking for 200 buses; bus service lanes; a bus wash facility; a fare collection area; bus service maintenance bays; a parts room; a heavy equipment storage shed; a soil/gravel storage area; highway service bays; a CNG fast-fill station; and employee parking. The current facility is located in the County Service Park on Crabbs Branch Way. The new facility will be built at sites known as Casey 6 & 7 located at 16624 and 17000 Crabbs Branch Way.

The Day Laborer facility located on the west side of Crabbs Branch way in the County Service Park will be co-located on this site.

ESTIMATED SCHEDULE

The design phase commenced in the fall of 2009 and is expected to last fourteen months, followed by approximately six months for bidding, with a construction period of approximately sixteen months.

COST CHANGE

Project cost has increased by \$97.7 million to \$134.4 million due to the addition of full construction costs for the facility.

JUSTIFICATION

Currently, EMOC has insufficient capacity to house and maintain its existing buses as well as the projected growth in transit and in highway and fleet services. EMOC design must begin as soon as possible in order to meet bus expansion plans. The Shady Grove Sector Plan has identified county owned properties on the east and west side of Crabbs Branch Way including the EMOC facilities, for future transit oriented development. In order to implement the Sector Plan, these facilities need to be relocated. This requires relocation of the current EMOC.

Plans and studies for this project include: M-NCPPC Shady Grove Sector Plan, approved by the Montgomery County Council, January 2006, adopted by the M-NCPPC, March 15, 2006; "Montgomery County Property Use Study Updated Briefing to County Council," April 29, 2008 (based on Staubach Reports); "Montgomery County Smart Growth Initiative Update to County Council," September 23, 2008.

OTHER

Special Capital Projects Legislation will be proposed by the County Executive.

FISCAL NOTE

Interim financing will be used for land acquisition in the short term, with permanent funding sources to include G.O. Bonds and Land Sale Proceeds.

OTHER DISCLOSURES

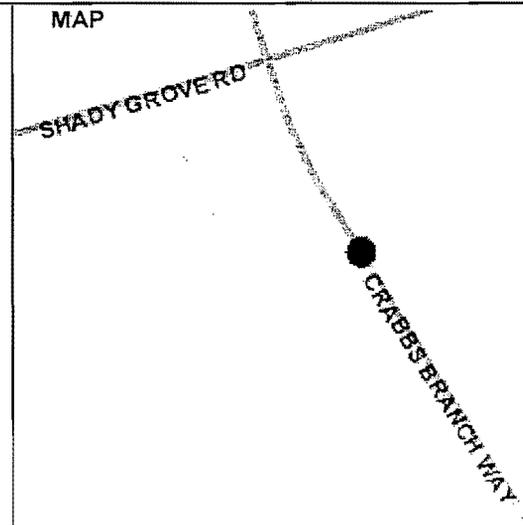

- A pedestrian impact analysis will be performed during design or is in progress.

LEGISLATIVE REQUEST REPORT

Bill 25-10

Olney Library Renovation and Addition

- DESCRIPTION:** The County Executive requests that capital project No. 710301, Olney Library Renovation and Addition, be authorized as a "Special Capital Improvements Project" pursuant to Section §302 of the County Charter and Section §20-1 of the Montgomery County Code.
- PROBLEM:** Section §302 of the County Charter and Section §20-1 of the County Code require certain capital improvement projects to be individually authorized by law if the locally-funded cost is projected to exceed \$12,863,000 in FY11 dollars. The estimated locally-funded cost of this project in the County Executive's FY11 Recommended Capital Budget and FY11-16 Capital Improvements Program (CIP) is \$12,909,000 for planning, design, and supervision; site improvements and utilities; construction and other costs.
- GOALS AND OBJECTIVES:** This project provides for a 5,000 square foot addition and full interior renovation of the existing interior space to the Olney Library, 3500 Olney-Laytonsville Road, Olney, Maryland.
- COORDINATION:** This project has been coordinated with the Department of General Services, Department of Technology Services, Department of Public Libraries, Department of Permitting Services, Upcounty Regional Services Center, the Maryland-National Capital Park and Planning Commission, and local utility companies.
- FISCAL IMPACT:** The total estimated cost for this project is \$12,909,000. Of this, \$1,685,000 is for planning, design, and supervision; \$1,355,000 is for site improvements and utilities; \$8,209,000 is for construction; and \$1,660,000 is for other. The estimated locally-funded cost is \$12,909,000. The funding sources for this project are General Obligation Bonds and Current Revenue: General.
- ECONOMIC IMPACT:** The new facility will accommodate the needs of the present and projected user departments noted above under Goals and Objectives.
- EVALUATION:** Capital projects are evaluated biennially by the County Executive and County Council as part of the Capital Improvements Program review.
- EXPERIENCE ELSEWHERE:** Not Applicable.
- SOURCE OF INFORMATION:** Bruce Meier, Office of Management and Budget; and Susanne Churchill, Project Manager, Department of General Services – Division of Building Design and Construction.
- APPLICATION WITHIN MUNICIPALITIES:** Not Applicable.

OPERATING BUDGET IMPACT (\$000)

Maintenance				432	0	48	96	96	96	96
Energy				310	0	34	69	69	69	69
Net Impact				742	0	82	165	165	165	165

DESCRIPTION

The project provides for a 5,000 square foot addition and full interior renovation of the existing interior space to the Olney Library, 3500 Olney-Laytonsville Road, Olney, Maryland. The renovation and addition include HVAC replacement, updating all building systems according to applicable building and energy codes, replacement of the building's storefront and windows, related pedestrian safety and walkway improvements, and exterior lighting and stormwater management improvements.

ESTIMATED SCHEDULE

The project is currently in the design development phase. Design completion is scheduled for June 2010, followed by six months for bidding, with a construction period of approximately eighteen months.

COST CHANGE

Cost increase is due to the addition of the book and media collection.

JUSTIFICATION

The Department of Public Libraries' Strategic Facilities Plan identified the Olney Library for renovation in 2002, 20 years after it opened to the public. The Olney community has grown considerably since the construction of this 16,825 square foot facility in 1981. The library circulates approximately 525,000 items per year and has about 425,000 visits by the public each year. The library is in need of additional space to continue to provide a full range of public library services, such as, reference information, an increasingly popular adult circulation, enrichment and children's programs, supplemental school curriculum materials, a homework center, linkage to the internet, and other resources. The existing facility is in need of space re-arrangement, functional, mechanical, safety, and building code modifications.

OTHER

Special Capital Projects Legislation will be proposed by the County Executive. Traffic studies may require signalization across MD 108. Signalization cost is not included; if necessary, would be funded by the State.

FISCAL NOTE

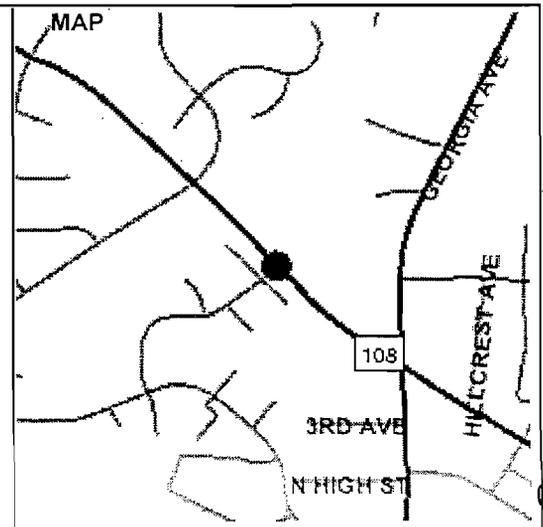

Project schedule amended to reflect current implementation plan.

OTHER DISCLOSURES

- A pedestrian impact analysis has been completed for this project.

MEMORANDUM

April 7, 2010

RECEIVED
MONTGOMERY COUNTY
COUNCIL
2010 APR - 8 PM 1:16

TO: Nancy Floreen, President, County Council
FROM: Isiah Leggett, County Executive 
SUBJECT: Special Capital Improvements Project Legislation:
MCPS Food Distribution Facility Relocation
Glenmont FS 18 Replacement
Travilah Fire Station
3rd District Police Station
Equipment Maintenance and Operations Center (EMOC)
Olney Library Renovation and Addition

In accordance with Section 302 of the County Charter and Section 20-1 of the Montgomery County Code, I am forwarding the attached Special Capital Improvements Project Legislation Authorization and Legislative Request Report for the following projects:

- Montgomery County Public Schools (MCPS) Food Distribution Facility Relocation (No. 361111)
- Glenmont FS #18 Replacement (No. 450900)
- Travilah Fire Station (No. 450504)
- 3rd District Police Station (No. 470302)
- Equipment Maintenance and Operations Center (EMOC) (No. 500933)
- Olney Library Renovation and Addition (No. 710301)

This request is necessary because the local cost of these projects exceed the FY11 Special Capital Improvements Project Legislation cost threshold of \$12,863,000 as set by Executive Order 236-09. The purpose of these projects is set forth below.

The MCPS Food Distribution Facility Relocation project is part of the Smart Growth Initiative and provides for design and construction of a new facility on the Webb Tract site on Snouffer School Road.

Nancy Floreen, President, County Council

April 7, 2010

Page 2

The Glenmont FS 18 Replacement project provides for an approximately 19,900 gross square foot fire station to replace the current fire station located at the intersection of Georgia Avenue and Randolph Road.

The Travilah Fire Station project, located at the northwest intersection of Darnestown and Shady Grove Road, provides for the design and construction of a new fire-rescue station at the county-owned site.

The 3rd District Police Station project, located at the northeast intersection quadrant of New Hampshire Avenue and U.S. Route 29, provides for the site selection, planning, and design, and construction of a new 32,844-gross square foot (including auxiliary buildings) 3rd District Police Station to serve Silver Spring and vicinity.

The EMOC project is part of the Smart Growth Initiative and provides for land, planning, design, and construction of a new EMOC to support a doubling of transit ridership by 2020; as well as current transit, highway maintenance and fleet operations.

The Olney Library Renovation and Addition project provides for a 5,000 square foot addition and full interior renovation of the existing interior space to the Olney Library.

I recommend prompt passage of this legislation so as to advance these projects.
