**MEMORANDUM**

June 11, 2010

TO: County Council

FROM: Amanda Mihill, Legislative Analyst *A. Mihill*

SUBJECT: **Public Hearing/Action:** Resolution to approve revisions to the Board of Appeals' Special Exception Filing Fees

The District Council introduced a resolution to approve revisions to the filing fees for special exception applications for the Board of Appeals on May 18, 2010. The proposed revisions generally increase the fee by ten percent. However, the fee for telecommunication facilities is increased by \$5,000 to be used by the Office of Zoning and Administrative Hearings for contract hearing examiners in response to a Federal Communications Commission declaratory ruling requiring jurisdictions to complete certain applications for these facilities in specific timeframes. The Council supported this increase as part of the Board's budget discussion.

After introduction of the resolution, Board staff noticed an error in the fee schedule regarding the special exception use "Automobile Sales and Service Center". According to Board staff, when fees were revised in 2007, this use was erroneously moved on the list and its associated fee was dropped. The revised fee schedule attached to this resolution returns the use to its correct place on the fee schedule with the correct fee (©3).

A public hearing on the attached resolution is scheduled for June 15 at 1:30 p.m. Action is scheduled immediately following the public hearing. Barring issues presented during the public hearing, **Council staff recommends approval** of the attached fee schedule as revised.

**SUBJECT:** Revision to Board of Appeals Special Exception Filing Fees

**Background**

1. Subject to the approval of the County Council, the Board of Appeals may adopt rules of procedure to govern its proceedings. The Board's rules may govern filing fees, the conduct of meetings and hearings, and other procedures necessary to hear and decide cases.
2. The Board of Appeals has submitted for approval a revised special exception fee schedule.
3. The Council approved the last general revision to the special exception filing fee schedule on June 19, 2007.
4. On {date}, the County Council held a public hearing on the proposed revised special exception filing fee schedule.
5. On {date}, the County Council reviewed the proposed filing fee schedule.

**Action**

The County Council for Montgomery County, Maryland, sitting as the District Council for that portion of the Maryland-Washington Regional District in Montgomery County, Maryland approves the following resolution:

The attached fee schedule is established for filing a special exception application with the Board of Appeals.

BOARD OF APPEALS

March 31, 2010

MEMORANDUM

FROM: Catherine Titus, Chair, Board of Appeals *ct*

TO: Nancy Floreen, Council President

SUBJECT: Proposed Fee Increase

2010 APR -6 PM 12: 31

RECEIVED  
MONTGOMERY COUNTY  
COUNCIL

FILE  
2010  
22

As the Council is aware, on November 18, 2009, the Federal Communications Commission adopted a Declaratory Ruling which establishes timeframes, informally known as a "shot-clock", for state and local governments to process land use applications for telecommunication facilities. Specifically, the ruling requires jurisdictions to process collocation applications within 90 days and all other tower siting applications within 150 days. In Montgomery County, this timeframe will have particular impact on applications which require a special exception. Such applications are reviewed by the Telecommunication Transmission Facility Coordinating Committee (the Tower Committee), by Montgomery County Planning staff and the Planning Board, and by a Hearing Examiner in the Office of Zoning and Administrative Hearings (OZAH), which conducts the evidentiary hearings on the special exceptions prior to final decision by the Board of Appeals.

The shot clock will impose significant scheduling constraints on OZAH's calendar for all special exception hearings, and compliance with the 150 day timeframe may require re-scheduling of other, previously scheduled cases. In anticipation of this impact the Board and OZAH propose an increase of \$5000 in the filing fee for this use, bringing the fee to \$18,750. This amount is estimated to cover the cost of approximately 40 hours of contract hearing examiner time per application, to accelerate telecommunications special exception applications while minimizing the postponement of other hearings. In the last 5 years, there have been 10 applications for special exceptions for telecommunications facilities. However, as applications are accepted on a 'walk-in' basis it is difficult to anticipate their number with certainty. In fact, anecdotal information from industry representatives suggests that a large number may be filed this year. Moreover, the County's Tower Coordinator has informed OZAH that three filings requiring a special exception were recently completed, suggesting that applications with the Board of Appeals will soon follow.
