## OPINION

Zoning Text Amendment No. 06-07 was introduced on February 28, 2006, for the purpose of allowing a farm building supply and construction use in the C-1 zone, under certain circumstances.

The Montgomery County Planning Board in its March 30, 2006 report to the Council recommended that the text amendment be approved as introduced.

The County Council held a public hearing on April 4, 2006, to receive testimony concerning the proposed text amendment. The text amendment was referred to the Planning, Housing and Economic Development Committee for review and recommendation.

The Planning, Housing and Economic Development Committee reviewed ZTA 06-07 on June 19, 2006, and (3-0) recommended approval of ZTA 06-07 with an amendment that broadens the scope. As amended by the Committee, a farm building supply and construction use would be permitted by right on C-1 zoned properties located in the Agricultural Reserve as delineated in the 1980 Agricultural Preservation Master Plan. The Committee believes that this use should be available at convenient sites to serve the agricultural community.

The District Council reviewed Zoning Text Amendment No. 06-07 at a worksession held on July 11, 2006, and agreed with the recommendations of the Planning, Housing and Economic Development Committee.

For these reasons and because to approve this amendment will assist in the coordinated, comprehensive, adjusted, and systematic development of the Maryland-Washington Regional District located in Montgomery County, Zoning Text Amendment No. 06-07 will be approved as amended.
