TO: County Council

FROM: Robert H. Drummer, Senior Legislative Attorney 

SUBJECT: **Public Hearing:** Expedited Bill 57-14, Health – Montgomery Cares – Advisory Board - Continuation

Expedited Bill 57-14, Health – Montgomery Cares – Advisory Board - Continuation, sponsored by Council Vice President Leventhal, was introduced on November 25, 2014. Action is tentatively scheduled for December 9.

**Background**

Montgomery Cares Program is a public/private partnership between the County Department of Health and Human Services and a network of nonprofit clinics and hospitals that provides primary medical care and prescription medications to low-income, uninsured adults who reside in the County. The Advisory Board for the Montgomery Cares Program was established to guide the development of the Program and to ensure steady and measurable growth in the number of uninsured County residents accessing high quality and efficient health care services.

Under current law, the Advisory Board must recommend to the Council and the Executive whether the County should continue the Board or establish an alternative governance structure for the Montgomery Cares Program on or before January 1, 2015. Bill 57-14 would extend the time for the Board to make this recommendation to March 31, 2015. The Bill would also extend the sunset date for the Board from June 30, 2015 to October 31, 2015. Vice President Leventhal, the lead sponsor, explained the reason for the extension at ©4-8.

ROCKVILLE, MARYLAND

MEMORANDUM

GEORGE LEVENTHAL  
COUNCILMEMBER  
AT-LARGE

November 18, 2014

TO: Councilmembers

FROM: George Leventhal, Council Vice President *GL*

SUBJECT: Introduction of Expedited Bill to Extend the Sunset Date for the  
Montgomery Cares Advisory Board

I am asking the Council to introduce on November 25<sup>th</sup> an expedited bill to extend the sunset date for the Montgomery Cares Advisory Board from June 30, 2015 to October 31, 2015 to allow the Board to have until March 31, 2015 to provide the Executive and the Council with a recommendation on whether to continue the Board or establish an alternative structure.

When the Montgomery Cares Advisory Board was established, Montgomery Cares was focused on primary care for uninsured low-income adults. With the Council's ongoing support, Montgomery Cares served almost 28,000 patients in FY14 and increased access to behavioral health services, specialty care, and preventive care, such as mammograms. The Affordable Care Act is changing access to health care. Patient-centered medical homes and family-centered health care are changing how health care is delivered, and we are now looking to achieve the "Triple Aim" of improving population health, improving the patient experience, and reducing the per capital cost of health care.

I have attached a copy of the law establishing the Montgomery Cares Advisory Board. The current law requires the Board to provide the Executive and the Council with a recommendation on whether it should continue by January 1, 2015. The Board needs additional time to discuss how it might be structured given changes to programs serving low income residents (possibly adults and children) and develop its recommendation. The bill I am proposing would give the Board until March 31, 2015 to forward its recommendation. The Council would then have until October 31, 2015 to consider the recommendation and amend the law as needed.
