

Resolution No.: 17-917  
Introduced: October 29, 2013  
Adopted: October 29, 2013

**COUNTY COUNCIL  
FOR MONTGOMERY COUNTY, MARYLAND**

---

By: County Council

---

**SUBJECT:** Establishment of Spending Control Limits for Use in the Preparation of the FY15 Capital and Operating Budget of the Washington Suburban Sanitary Commission

**Background**

1. When the Montgomery and Prince George's County Councils approved the FY94 budget of the Washington Suburban Sanitary Commission (WSSC) in May 1993, their concern about rising WSSC rates, debt, and debt service led them to create a bi-County Working Group on WSSC Spending Controls to review WSSC's finances and recommend spending control limits to guide the preparation of the WSSC budget.
2. The Working Group's January 1994 report recommended "the creation of a spending affordability process that requires the Counties to set annual ceilings on WSSC's rates and debt (debt in this context means both bonded indebtedness and debt service), and then place corresponding limits on the size of the capital and operating budgets of the Commission."
3. On February 15, 1994, the Prince George's County Council adopted Resolution No. CR-12-1994. This resolution proposed a bi-County Rate Affordability Committee (RAC), which would transmit to the two Councils before October 15 of each year recommended "limits to the increase of debt and debt service in the WSSC water and sewer operating budget and to the increase of WSSC water and sewer rates for the next fiscal year", as well as "debt and rate targets for the next six years."
4. On April 5, 1994, the Montgomery County Council adopted Resolution No. 12-1558, which calls for the establishment of a WSSC spending affordability process in each County. Under this process, each Council appoints a Spending Affordability Committee (SAC); for Montgomery County, the SAC is the Transportation, Infrastructure, Energy and Environment Committee. Each SAC recommends spending control limits to its Council, and each Council recommends limits and transmits them to the other Council. Spending control limits are "ceilings on elements of the WSSC capital and operating budgets in the following year that have been selected by the SACs. Spending control limits must include ceilings on debt and debt service."

5. Both Councils' resolutions provide for the Councils to adopt identical spending affordability resolutions for the following fiscal year. Both resolutions state that the Councils must not approve a WSSC budget in excess of the approved bi-County spending control limits unless a majority of each Council votes to raise the limits.
6. A public hearing was held on October 1, 2013.
7. On October 7, 2013, the Transportation, Infrastructure, Energy and Environment Committee discussed WSSC's FY15 spending control limits and made recommendations to the Council.

### Action

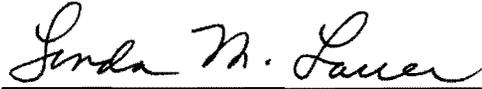

The County Council for Montgomery County, Maryland approves the following resolution:

1. The Montgomery County Council recommends to the Prince George's County Council the joint establishment of four spending control limits for use in preparation of the FY15 WSSC capital and operating budget.
2. These spending control limits are:
 

• <u>New debt:</u>	\$384,622,000
• <u>Debt service:</u>	\$227,042,000
• <u>Total water/sewer operating expenses:</u>	\$678,591,000
• <u>Maximum average rate increase:</u>	6.0%
3. The Montgomery County Council recommends that, within the spending control limits recommended, WSSC continue its large diameter pre-stressed concrete cylinder pipe inspection, repair, and fiber optic monitoring installation program on its current multi-year schedule, and that WSSC's water and sewer reconstruction programs as described in the "Information Only" section of WSSC's Proposed FY15-20 Capital Improvements Program be funded as well.
4. Montgomery County Council action on FY15 spending control limits does not presume approval of any specific level of WSSC workforce compensation or benefits adjustments for FY15. Compensation and benefits decisions for the FY15 budget will be made during the budget review process next spring, in the context of the Council's review of compensation and benefit adjustments across all County agencies.

5. With regard to employee compensation changes in FY15, the Council will not support any base salary or lump sum increases that exceed the amounts provided to County general government employees.
