

## Stream Walk

# Grosvenor Stream Restoration Project

**Saturday, September  
16, 2017**

**Rain or Shine Event**

Time: Varies by stream location

The Department of Environmental Protection would like to invite you to walk with us and review the proposed stream restoration designs. We welcome your input and look forward to any questions you may have.

For those who live along the stream corridor, we can meet you along the stream at the approximate times listed on the map on the next page. For others who do not live along the stream but are interested in what we are proposing, you can meet us at any of the waypoints listed on the map on the next page.

Please be sure to wear boots and clothing you don't mind getting wet in!
