

PUBLIC MEETING

Planned Improvements for Stormwater Management Ponds at Cinnamon Woods

Join the Montgomery County Department of Environmental Protection to learn about a project to improve four existing stormwater management ponds in Cinnamon Woods (see map on back for locations). Conceptual project plans will be presented at the meeting. Residents are encouraged to attend and provide any comments or questions about the project. Another meeting will be held in Summer/Fall 2013 about planned improvements to four additional ponds and a stream in Cinnamon Woods.
