**NOTICE OF DRAINAGE PROJECT
ON BERET LANE**

July 27, 2015

Dear Resident:

This letter is to inform you of the emergency storm drainage improvement project in your neighborhood. The Montgomery County Department of Transportation's (MCDOT) Division of Highway Services (DHS) will be managing the project, which will consist of replacing the existing manhole structure in the County right of way near 3300 Beret Lane.

The work will be performed under contract by D & F Construction Co., Inc., and will include: Removal of the failing manhole structure at 3300 Beret Lane and the installation of a new manhole structure. The county right-of-way near your residence may be disturbed by the planned project improvements. Any disturbed areas will be restored directly after the drainage repairs and during construction activities. MCDOT views these replacements as urgent. Therefore, work will commence shortly.

The emergency storm drainage improvement project will start on or about August 3, 2015. The project will take approximately seven (7) days to complete, weather permitting. Work hours are from 7 a.m. to 5 p.m. We apologize for the short notice and any inconvenience this project may cause. Your patience and understanding is appreciated during this important construction activity. If you should have any questions or comments feel free to contact Mr. John Birton, Program Manager, at 240-777-7616.

Should you have any general questions or concerns not related to this project, you may wish to contact MC311 at <http://www3.montgomerycountymd.gov/311/> or dialing 3-1-1.

We thank you for your cooperation and again we apologize for any inconvenience this project may cause. We will work with you to address any of your concerns.

Sincerely,

John Birton
Program Manager
