

# MONTGOMERY COUNTY BOARD OF ELECTIONS

## VISION

*On behalf of the people of Montgomery County, Maryland, we proudly conduct elections with accuracy, integrity, and dignity.*

## MISSION

Our mission is to:

Provide the opportunity and the means for participation in the election process;

Be effective, efficient, and responsive to customer needs through continuous improvement;

Achieve open communication through teamwork and a spirit of goodwill;

Support educational and training opportunities to produce quality work;

Ensure legal requirements are met and applied consistently; and

Work together to pursue and achieve excellence.

## VALUES

We demonstrate and support the following values:

- Integrity
- Responsibility
- Accuracy
- Respect for All
- Ethical Conduct
- Commitment to Customer Service
- Efficiency

## MEDIA GUIDELINES

The Montgomery County Board of Elections provides this set of guidelines to ensure the orderly conduct of elections, and to protect the rights of voters and candidates alike. Although the guidelines may seem elementary, we ask that you observe them closely. If you have any questions, or require additional information, please call Marjorie Roher at 240-777-8625.

### Guidelines for Covering Activity at a Polling Place

- Contact Marjorie Roher, at 240-777-8625, at least 72 hours in advance of your Early Voting or Election Day coverage to arrange for media credentials.
- Upon entering the voting area, contact one of the Chief Judges, located at the Voter Assistance table. These persons have supervisory authority in the polling place and are the individuals to whom you should make your presence known. Be prepared to present your media credentials.
- Do not converse with any voter in the voting area.
- Although you may take pictures in the polling place during voting hours, you must first confer with the Chief Judge regarding camera placement, lighting, etc.
- Do not disrupt the voting process or the work of the polling place staff.
- Do not in any way compromise or endanger the secrecy of a voter's ballot (e.g., taking a picture in such a way as to show how a ballot was voted).
- Your presence in the polling place is authorized for media coverage only. Please leave promptly after completing your work.

### Guidelines for Exit Polling

- Pollsters are not permitted in the voting room.
- Pollsters are not permitted to ask questions of a voter until the voter has left the voting room.
- Pollsters must inform the voters that their participation in the poll is voluntary.
- Pollsters are not permitted to electioneer. Therefore, the electioneering limits set forth in Section 16-206(b)(2) of the Election Law do not apply.

---

E-mail: [elections@montgomerycountymd.gov](mailto:elections@montgomerycountymd.gov) • Web Site: [www.777vote.org](http://www.777vote.org)

## Who Is Authorized to Be Present in the Polling Place?

Under the Election Code, the following individuals (and ONLY the following individuals) are permitted access to the voting room at a polling place:

- A voter;
- An individual who accompanies a voter in need of assistance;
- An individual under the age of 18 who accompanies a voter;
- Members of the polling place staff;
- Members or representatives of the State Board of Elections or the county board of elections;
- Any accredited challenger/watcher (see below); and
- Any other individual authorized by the State Board of Elections or the county board of elections.

The State Board's regulations give express permission to representatives of the print and electronic media to be present in a polling place, and to use cameras there, as long as their activities do not cause disruption, infringe on voter privacy, inhibit election judges from performing their duties, or otherwise interfere with the orderly conduct of the election. Cell phones, pagers, or other audible electronic devices may not be used in a polling place by anyone (including a representative of the media) other than an election official or law enforcement officer acting in an official capacity.

State Board regulations also permit members of the media or others to conduct exit polling, whether by questionnaire or interview, within the "no electioneering" zone outside a polling place, as long as pollsters do not enter the voting room, do not ask questions of a voter until the voter has left the voting room, tell each voter being surveyed that the voter's participation is voluntary, and do not electioneer.

## Challengers/Watchers

The Election Code specifically authorizes the State and local election boards, candidates, recognized political parties, and other groups supporting or opposing a candidate or question on the ballot to designate registered voters as challengers or watchers. The board, candidate, party, or group designating a challenger or watcher must accredit the challenger/watcher by signing a certification form provided by the State Board of Elections. An accreditation certificate must bear the signature of an authorized officer of the designating authority, but the signature need not be an original. If the election judges have any question about the accreditation of a challenger/watcher, the chief judge should contact the local election director to perform any verification; meanwhile, the individual should be permitted to remain in the polling place.

It has been the practice to permit any candidate or party to designate more than one challenger/watcher for a particular polling place. The election judges retain ultimate authority, however, to limit the number of challengers/watchers as necessary to assure the orderly flow of election business. When imposing a limit, election judges should be careful to restrict all candidates, parties, and other groups equally.

A challenger or watcher has the right to:

- Enter the polling place more than 30 minutes before the polls open;
- Be present in the polling place whenever the polls are open;
- Be positioned near the election judges so that he/she may see and hear each person who offers to vote;
- Remain in the polling place after the polls close, until the election judges leave;
- Maintain a list of registered voters who have voted and take the list outside the polling place; and
- Enter and leave the polling place to take out information that indicates registered voters who have cast ballots.

Challengers/watchers are expressly prohibited from:

- Ascertaining how a voter voted or intends to vote;
- Conversing in the polling place with any voter;
- Assisting any voter in voting; or
- Physically handling any original election document.

If a challenger or watcher violates any of these prohibitions, an election judge may eject the challenger/watcher from the polling place. A challenger/watcher may challenge the right of any person to vote, but only on the grounds that the challenged individual is not the registered voter he or she claims to be. The challenger must be prepared to state, under oath, a reason for believing that the particular voter is claiming a false identify. The challenger/watcher may NOT routinely question voters.

If you do not have a *Challenger and Watcher Certificate*, you are considered a “nonaccredited challenger and watcher.” Nonaccredited challengers and watchers are permitted in a polling place for one purpose – to challenge an individual voter’s right to vote. The **only** ground on which a challenge can be made is a challenge to the voter’s identity (*i.e.*, that the voter is not who he or she says he or she is). Once the challenged voter shows ID or you and the challenged voter complete the required paperwork, you must leave the polling place.

If the individual does not present one of the forms of ID, the chief judge will:

- Require you to provide, in writing and under penalty of perjury, the reason for the challenge (see Appendix B for the *Affidavit for Challenger and Challenged Voter*);
- Offer the challenged voter the opportunity to cast a provisional ballot and submit a signed statement, witnessed by the election judge, of his or her identity; and
- Submit to the local board of elections the provisional ballot and other materials related to the challenge.

During the provisional ballot canvass (held on the second Wednesday after the election), the local board of canvassers will determine, based on the information submitted by you and the challenged voter, whether the voter is whom he or she claims to be and is otherwise qualified to vote. The voter is permitted to submit identification in accordance to regulations to respond to the identity challenge for the Provisional Canvass.

As a member of the media, or as a challenger and watcher, you do **not** have the right to challenge an act of an election judge. If, however, you are certain that an election judge either improperly performed a task or neglected to perform a required task, you should notify the local board of elections or follow the instructions provided by the individual or entity who designated you as a challenger and watcher.

**MEMORANDUM**

**TO:** All Boards of Elections  
**FROM:** Linda H. Lamone, Administrator  
**DATE:** February 18, 2014  
**SUBJECT:** EXIT POLLING

**EXIT POLLING** is permitted at Maryland polling places under the following conditions:

1. Pollsters are not permitted in the voting room.
2. Pollsters are not permitted to ask questions of a voter until the voter has left the voting room.
3. Pollsters must inform the voters that their participation in the poll is voluntary.
4. Pollsters are not permitted to electioneer.
5. Pollsters therefore are not subject to the electioneering limits set forth in the Election Law Article, Section 16-206.

Should you have questions regarding exit polling, please do not hesitate to contact me.

## ELECTION OBSERVER GUIDELINES

The purpose of an Election Observer is to provide an avenue for public observation and input into the election process. By promoting public participation, it ensures integrity and voter confidence in the electoral process.

### ELECTION NIGHT OBSERVERS

#### CHECK IN PROCEDURES

1. All observers must report and sign in at the reception desk located at 18753 N. Frederick Avenue, Suite 210, Gaithersburg, MD 20879.
2. Observers will be escorted to a viewing area and, when ready to leave, will be escorted back to the reception desk.

#### GENERAL RULES

1. No observer shall interfere with the orderly processing of Election Day supplies.
2. Observers will be permitted access to a designated observation area(s), sufficiently close to enable them to observe established procedures.
3. On election night radios, cameras, cell phones, blackberries or other forms of PDAs, and tape recorders are allowed in the observation area only. Additionally, pagers and cellular phones must be set to vibrate or off mode while observing the canvass.
4. Backpacks, briefcases, and large purses are allowed in the observation room on election night.
5. The individual's function is to observe that procedures are followed. Observers cannot assist in operations or handle any election related materials.
6. All questions concerning a procedure must be directed to a Board Representative or the Public Information Officer.
7. The number of observers may be limited so as not to interfere with the process. Observers must avoid physical contact with employees.

8. Operations will continue as scheduled whether or not an observer is present.
9. Observers must remain in the area they were assigned. If you are found unsupervised in an area that you were not assigned, you will be escorted from the building.

## CANVASS OBSERVERS

The no excuse absentee and provisional ballots are counted during special canvass sessions held during the weeks following the election. The results of the canvasses are then included with the Election Day totals and released as the official election results. The canvasses, which are open to the public, begin at 10 a.m. and are held at the Montgomery County Board of Elections, 18753 N. Frederick Avenue, Suite 105, in Gaithersburg. Canvasses for the 2014 Gubernatorial Primary Election begin on: Absentee Canvass I, June 26; Provisional Canvass, July 2; and Absentee Canvass II, July 7. Canvasses for the 2014 Gubernatorial General Election begin on: Absentee Canvass I, November 6; Provisional Canvass, November 12; and Absentee Canvass II, November 14.

## CHECK IN PROCEDURES

1. All observers must report and sign in at the reception desk located at 18753 N. Frederick Avenue, Suite 105, Gaithersburg, MD 20879.
2. Observers will be escorted to a viewing area and, when ready to leave, will be escorted back to the reception desk where they will return their issued badge.

## GENERAL RULES

1. No observer shall interfere with the orderly processing of absentee or provisional ballots, including touching or handling of the ballots or envelopes.
2. Observers will be permitted access to a designated observation area(s), sufficiently close to enable them to observe established procedures.
3. During the canvass period, radios, cameras, cell phones, blackberries or other forms of PDAs and pagers are **NOT PERMITTED**.
4. The individual's function is to observe that procedures are followed. Observers cannot assist in operations or handle any election related materials.

5. All questions concerning a procedure must be directed to Board Counsel or the Public Information Officer. No communication between canvass workers and observers will be allowed regardless of the topic. If you are seen communicating directly with a canvass worker, you will be asked to leave.
6. The number of observers may be limited so as not to interfere with the process. Observers must avoid physical contact with employees.
7. Observers will be allowed into the observation area only after employees are present.
8. Operations will continue as scheduled whether or not an observer is present.
9. Observers must remain in the area they were assigned. If you are found unsupervised in an area that you were not assigned, you will be escorted from the building.
10. **No food or drinks will be allowed in the canvass area around any ballots. We kindly ask observers to eat and drink at a local restaurant in our area during breaks.**

#### HELPFUL HINTS FOR OBSERVERS

1. Wear comfortable shoes as you may be standing for periods of time.
2. Please refrain from wearing strong perfume or aftershave while observing.
3. If staff can hear you breathe, back up, you're too close.

#### BALLOT HANDLING CHALLENGES

1. Observers shall be permitted to observe and challenge the manner in which the ballots are handled, from the processing of the ballot return envelopes through the counting and disposition of the ballots.
2. Observers may not challenge signatures on oaths.
3. Observers may challenge whether the individuals handling ballots are following established procedures.

## FREQUENTLY ASKED QUESTIONS

How many registered voters are in Montgomery County?

As of February 3, 2014, there were 669,402 registered voters.

Who may vote in a Primary Election?

The Primary Election is a closed Primary, meaning that a voter is only allowed to vote the ballot for the primary in which they are voting. Party affiliation is indicated on the ballot in the General Election. Board of Education candidates are non-partisan and appear on Democratic, Republican, and Non-Partisan primary ballots. Write-in candidates are only allowed in the General Election.

Where will election results be released?

Early Voting results will be posted on the Board of Elections' website – [www.777vote.org](http://www.777vote.org) – on Election Day as soon after 8:00 p.m. as possible.

Election Day precinct results will be posted on the Board of Elections' website – [www.777vote.org](http://www.777vote.org) – beginning at 9:20 p.m. Final results will be posted following State certification. Statewide results are also available on the Maryland State Board of Elections' website - <http://elections.maryland.gov>.

A viewing center for the media has been established at the Board of Elections' office at 18753 N. Frederick Avenue, Suite 210, in Gaithersburg. Interested persons should contact Marjorie Roher at 240-777-8625 for additional information and instruction.

How do I arrange to interview a Board Member or representative of the Board of Elections?

Election Day interviews are scheduled at the request of the media. For specific media locations, or to arrange for an interview on Election Day, please contact Marjorie Roher at 240-777-8625.

May I take photographs inside the polling place?

Yes. You must check in with the Chief Election Judge and follow all regulations provided in the "**Media Guidelines**" section of this manual. You may **NOT** take close up shots showing how a voter is registering his vote. Photographs may only be taken from a distance and, at no time, are you allowed to interfere with the voting process.

May I conduct "man on the street" interviews in a polling place?

No. All interviews, unless prearranged by the Board of Elections, must be conducted outside of the polling place. Specific information is contained in the "**Media Guidelines**" section of this manual.

If you have other questions, please contact Marjorie Roher at 240-777-8625.

## WHAT'S NEW SINCE THE LAST GUBERNATORIAL ELECTION?

**Early Voting:** In 2013 the Maryland Legislature increased the number of Early Voting locations in each jurisdiction effective with the 2014 Gubernatorial elections. What is early voting? Early voting provides the voter with an opportunity to vote in advance of Election Day on the same equipment that will be utilized on Election Day by visiting an Early Voting Center located in their jurisdiction. Voters may choose any of the nine Centers most convenient to their normal routine at which to vote. Votes cast during early voting are tabulated on Election Day and released as a separate total prior to the release of Election Day totals.

### Early Voting Dates:

Primary Election: June 12 - 19  
General Election: October 23 - 30

Early Voting Hours: 10 a.m.–8 p.m.

### Early Voting Locations:

- Activity Center at Bohrer Park, 506 S. Frederick Avenue, Gaithersburg, 20877\*
- Damascus Community Recreation Center, 25520 Oak Drive, Damascus, 20872\*
- Executive Office Building, 101 Monroe Street, Rockville, 20850
- Germantown Community Recreation Center, 18905 Kingsview Road, Germantown, 20874
- Jane E. Lawton Community Recreation Center, 4301 Willow Lane, Chevy Chase, 20815\*
- Marilyn J. Praisner Community Recreation Center, 14906 Old Columbia Pike, Burtonsville 20866
- Mid-County Community Recreation Center, 2004 Queensguard Road, Silver Spring, 20906\*
- Silver Spring Civic Building, One Veteran's Place, Silver Spring, 20910
- Wheaton Community Recreation Center, 11711 Georgia Avenue, Wheaton, 20902\*

\*New Locations in 2014

(Continued)

**On-Line Ballots:** You may now choose how you want to receive your absentee ballot. Election officials can mail or fax your ballot to you, or you may download your ballot from the States' website at

[http://elections.maryland.gov/voting/documents/2014\\_Absentee\\_Ballot\\_Application\\_English.pdf](http://elections.maryland.gov/voting/documents/2014_Absentee_Ballot_Application_English.pdf).

When you request a ballot, you pick how you want to receive your ballot. If you want to download it ballot, make sure you provide your email address.

Ballots are sent or posted to the website approximately three weeks before an election. If you want to download your ballot, we will send you an email when your ballot is ready. The email will include your ballot tracking number and a link where you can print your ballot and instructions for completing it and returning it to the Board of Elections. You must enter the ballot tracking number to access your absentee ballot. Once your ballot is completed, it shall be mailed or hand delivered to the Board of Elections.

**Uniformed and Overseas Citizens Absentee Voting:** The State Board of Elections (SBE) is now the single point of contact for all voters covered under the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA). This includes all voters who are members of the military and their dependents as well as all voters who will be out of the USA and who wish to vote by Absentee Ballot.

SBE will handle all calls, e-mails and faxes from UOCAVA Voters. SBE contact information:

Internet Address: <http://www.elections.state.md.us/>

Mailing Address: P.O. Box 6486, Annapolis, MD 21401-0486

Phone: 410-269-2840

Toll Free: 800-222-8683

Fax: 410-974-2019; 410-974-5415; 410-974-5126

Maryland Relay Service: 800-735-2258

E-mail: [info.sbe@maryland.gov](mailto:info.sbe@maryland.gov)

**Important Websites:** For additional information, please visit the Board's website ([www.777vote.org](http://www.777vote.org)) or the Maryland State Board of Elections' website ([www.elections.state.md.us](http://www.elections.state.md.us)). Early Voting results will be posted as soon after 8 p.m. as possible on election night. Up-to-the-minute Montgomery County Election Day results will be available election night beginning at 9:20 p.m. at [www.777vote.org](http://www.777vote.org). On the site is a link to statewide results provided by the State Board of Elections.

If you have questions or suggestions for items you would like to see in future election information kits please send an email to [margie.roher@montgomerycountymd.gov](mailto:margie.roher@montgomerycountymd.gov) or call 240-777-8625 to let us know your thoughts. Working together, we can make the electoral process more understandable to the voters of Montgomery County.

## ABSENTEE BALLOT INFORMATION (HOW TO, TRENDS, COUNTING)

**An Interesting History**.....Absentee voting goes back a long way. In fact it all began during the Civil War when the first absentee ballots were allowed by the North for the soldiers and sailors. Universal absentee voting began in 1978. Prior to 1978, absentee ballots were available only to the ill and disabled, those who lived too far from the polls and other special circumstances. As a result of the change in legislation allowing any person unable to vote in their polling place on Election Day to vote absentee, it has become a very popular means to cast a ballot. For the 2010 General Election 27,247 absentee ballots were requested and 20,304 absentee ballots were cast; for the 2012 General Election 45,376 absentee ballots were requested and 38,546 were cast.

No excuse absentee ballots may be requested in one of three ways:

- By letter to the Montgomery Board of Elections, P.O. Box 10159, Rockville, MD 20849-10159;
- By downloading the absentee voting application from the Board's website, [www.777vote.org](http://www.777vote.org) and either mailing it to the P.O. Box listed above or faxing it to 240-777-8590; or
- In person at the Gaithersburg office – 18753 N. Frederick Avenue, Suite 210, Gaithersburg, Maryland 20879.

You may now also **choose how you want to receive your absentee ballot**. Election officials can mail or fax your ballot to you, or you may download your ballot from the States' website at [http://elections.maryland.gov/voting/documents/2014\\_Absentee\\_Ballot\\_Application\\_English.pdf](http://elections.maryland.gov/voting/documents/2014_Absentee_Ballot_Application_English.pdf). When you request a ballot, you pick how you want to receive your ballot. If you want to download the ballot, make sure you provide your email address. Ballots are sent or posted to the website approximately three weeks before an election. If you want to download your ballot, we will send you an email when your ballot is ready. The email will include your ballot tracking number and a link where you can print your ballot and instructions for completing it and returning it to the Board of Elections. You must enter the ballot tracking number to access your absentee ballot. Once your ballot is completed, it shall be mailed or hand delivered to the Board of Elections.

**The following provides a list of remedies if you apply for a no excuse absentee ballot and have not received it within a week after mailing your application.**

- Request a replacement no excuse absentee ballot be mailed;
- Vote at the Board of Elections during the no excuse absentee voting period (from 29 days prior to the election through election day);
- Vote at your neighborhood polling location.

Under special circumstances a voter may request an emergency absentee ballot from June 18 - 24, for the Primary Election, and October 29 – November 4 for the General Election. The Board of Elections office will be open during the hours noted below. For additional information regarding this service, or any questions regarding absentee voting, you may call 240-777-8500 between the hours of 8:30 a.m. and 5 p.m., Monday through Friday.

### PRIMARY ELECTION:

Weekdays from 8:30 a.m. to 5 p.m.  
Saturday, May 31, from 1 p.m. to 5 p.m.  
June 12 – 19, from 10 a.m. to 8 p.m.

Weekdays from 8:30 a.m. to 5 p.m.  
Saturday, October 11, from 1 p.m. to 5 p.m.  
October 23 – 30, from 10 a.m. – 8 p.m.  
Saturday, November 1, from 10 a.m. to 4 p.m.

## PROVISIONAL VOTING IN THE STATE OF MARYLAND

The Provisional Ballot is a safeguard to ensure that no individual who asserts that he or she is registered and eligible to vote is prevented from casting a ballot on Election Day. The Provisional Ballot is only counted after the local Board of Elections has reviewed the Provisional Ballot Application and made a determination that the individual is registered and eligible to vote. The Provisional Ballot is not an alternative to the electronic voting equipment. The voter must be eligible to receive a Provisional Ballot. A Provisional Ballot cast by a voter who is ineligible to vote provisionally will be rejected.

1. **Who Votes a Provisional Ballot?** A person who believes he/she is registered to vote in the State of Maryland and is eligible to vote.
2. **Which Provisional Ballots will be counted?** The Board of Canvassers confirms the person is a registered voter in the State of Maryland, is eligible to vote, and was
  - a. not listed on the Precinct Register, or
  - b. listed on the Precinct Register but indicated a change of address, or
  - c. listed on the Precinct Register but claims to have a different party affiliation (Primary Election only), or
  - d. listed in the Precinct Register as an Absentee Voter (ABS), or
  - e. listed in the Precinct Register as an Identification Required Voter (ID) and unable to provide valid or current identification to qualify for a regular electronic ballot, or
  - f. not eligible to vote in the non-partisan Board of Education race (applies only to seventeen year olds who will turn eighteen on or before November 4, 2014), or
  - g. challenged on their right to vote.

### Provisional Ballot Statistics in Montgomery County

2010 General Election	6,351
2012 General Election	9,942

**Board of Elections**  
Montgomery County  
MARYLAND

**MEDIA ADVISORY**

For Immediate Release: October 6, 2014

**MONTGOMERY COUNTY VOTERS:  
CHECK YOUR MAIL FOR YOUR PERSONALIZED SAMPLE BALLOT**

Early voting starts October 23. Not sure where to vote or what choices will be on the ballot? Check your mail. If you are registered to vote, the Montgomery County Board of Elections is mailing you a personalized sample ballot, along with all of the information you will need to vote in the 2014 Gubernatorial General Election, depending on which political party you are registered with and where you live. Don't mistake it for junk mail - the sample ballot is an 8 ½ x 11 booklet and has information on Early Voting locations on the front cover and your Election Day polling place on the back cover.

Review your sample ballot carefully for the following information:

- The locations of the nine Early Voting Centers where you may choose to cast your ballot between October 23 and 30;
- The location of your assigned polling place on Election Day – November 4;
- Instructions on how to use the Touchscreen voting machine;
- Directions on how to review your choices prior to casting a ballot;
- Pictures of the actual ballot as it will appear on the Touchscreen voting machine;

Take the time to carefully read this information so you are familiar with it before you get to your polling place. To facilitate the voting process, the Board of Elections encourages you to mark your sample ballot in advance and take it with you – it saves you time.

The County's nine Early Voting Centers will be open from Thursday, October 23 through Thursday, October 30, from 10 a.m. to 8 p.m. To avoid lines during Early Voting, the Board of Elections encourages voters to visit our website – [www.777vote.org](http://www.777vote.org) – to view the wait time scroll bar and for voting information.

On Election Day, November 4, many people will vote during the peak hours of 7 a.m. to 9 a.m., 11 a.m. to 2 p.m., and 5 p.m. to 7 p.m. To avoid the longest lines you may want to vote outside of these hours.

For more information, call 240-777-VOTE, visit [www.777vote.org](http://www.777vote.org), our mobile friendly website at [m.montgomerycountymd.gov/elections](http://m.montgomerycountymd.gov/elections), the Maryland State Board of Elections' website at <http://elections.state.md.us>, or follow the Montgomery County Board of Elections on Facebook or Twitter.

Your Time, Your Voice, Your Vote!

**Board of Elections**  
Montgomery County  
MARYLAND

**MEDIA ADVISORY**

**For Immediate Release:** September 18, 2014

**Public Testing of Electronic Vote Tabulation System**

The Montgomery County Board of Elections will conduct a public test of the tabulation of voting units on Monday, October 9, at 10:00 a.m. This test will take place at 18753 N. Frederick Avenue, Suite 107 in Gaithersburg.

This is a parallel test of the voting system, which means that the test will occur on randomly selected voting equipment that is ready for use during early voting, beginning on October 23, and on Election Day, November 4. Participants in the test will mark both paper ballots and electronic voting equipment and the results will be compared to each other.

**To sign up to attend the public test, call 240-777-8562.**

For more information, call 240-777-VOTE, visit [www.777vote.org](http://www.777vote.org), our mobile friendly site at [m.montgomerycountymd.gov/elections](http://m.montgomerycountymd.gov/elections), the Maryland State Board of Elections' website at <http://elections.state.md.us>, or follow the Montgomery County Board of Elections on Facebook or Twitter.

#### WHAT IS AN ELECTION JUDGE?

An Election Judge is a registered Maryland voter who volunteers to assist voters on Election Day. The role of an Election Judge is to ensure fair and accessible elections for all voters and to protect the integrity of the election process. In accordance with Federal and State law, they must perform all of the duties assigned by the local Board of Elections and perform their duties faithfully, diligently, and without partiality or prejudice.

An Election Judge who serves in the polling place is a very important part of the electoral process. This individual is the point of contact between the Board of Elections and the general public during voting hours. He/She is responsible for administering the actual voting procedures in each precinct and making sure that the voters have a positive voting experience. Without these individuals, it would be impossible to conduct successful elections.

#### QUALIFICATIONS:

- Be a registered voter in Maryland
- Clearly and fluently speak, read and legibly write the English language
- Under Maryland law, an Election Judge may not hold or be a candidate for any elective public or political party office or any office created under the Constitution or Laws of the State and may not serve as a campaign manager for a candidate or as the treasurer for a campaign finance entity.
- Be able to work long hours on Election Day (about 16)
- Lift approximately 55 pounds with assistance
- Successfully complete Stage One (on-line) and Stage Two (hands-on) training
- Deal courteously and patiently with the public and coworkers
- Attend a mandatory meeting on the Monday evening prior to each election at the assigned polling precinct

#### ADA STATEMENT

The Montgomery County Board of Elections is sensitive to the needs of individuals with disabilities and the elderly who wish to serve as Election Judges and participate in the election process. Upon request reasonable accommodation will be made by the Board of Elections to facilitate opportunities for training and service.

All Election Judges in the service of the Board of Elections must be sensitive to the needs of voters with disabilities and the elderly. Reasonable accommodations will be made to assist these voters so as to enable them to vote.

#### ELECTION JUDGE CODE OF CONDUCT

To ensure that Montgomery County citizens are provided with the highest caliber of Election Judge, we ask that all judges adhere to the Election Judge Code of Conduct (COC) which governs individual responsibilities and polling place behavior. Violation of one or more of the codes of conduct may result in removal from the Montgomery County Election Judge program. The Code of Conduct is available online and will be reviewed in training.

#### ELECTION JUDGE POSITIONS

There are several different types of Election judge positions; some will require previous Election judge experience.

- § Chief Judge
- § Voter Operations Judge
- § Closing Judge
- § Technician
- § Opening Judge
- § Greeter
- § Roamer
- § Standby Judge
- § Runner
- § Early Voting Judges
  - o EV Chief Judge
  - o EV Voting Operations Judge
  - o EV Runner
  - o EV Line Management Judge

Connect with the  
Board of Elections

## TRAINING

Maryland law requires all registered voters who desire to become an Election Judge to attend a training session as a condition of appointment. Training is conducted online and in-person for judges serving on Election Day. Separate training sessions are held for judges selected to work Early Voting. Applicants are required to pass BOTH a written and hands on evaluation in order to serve. In person, hands-on training sessions are held primarily at the Board's offices but may be offered at other locations in the county.

It is necessary to review the laws and procedures that govern elections each year. Each year the General Assembly of Maryland passes legislation that changes the way elections are conducted. An informed Judge decreases the possibility of errors in the operation of a precinct on Election Day.

Select Language

# VOTE

# VOTÉ

In 1992 federal legislation (Public Law 102-344) passed extending the minority language provisions of the Voting Rights Act of 1965. Any county with more than 10,000 residents whose native language is not English and who indicated on their U.S. census form a lack of proficiency in English is required to provide election materials in the identified languages. In Montgomery County these language requirements extend to Spanish.

In a continuous effort to reach voters whose first language is not English, "How To Vote" instructions are provided in Chinese, Vietnamese, Korean, and French. In addition, our department's website has been expanded to include information on voting services for persons requiring assistance in Spanish (the language mandated for translation in compliance with the U.S. Voting Rights Act).

**Board of Elections**  
Montgomery County  
MARYLAND

**MEDIA ADVISORY**

**For Immediate Release:** August 22, 2014

**Board of Elections Needs Student Volunteers**

The Montgomery County Board of Elections is seeking school-age students, grades 6-12, to participate in its “Future Vote” Program. Future Vote students will serve as Election Day student aides during the 2014 Gubernatorial General Election on Tuesday, November 4. There are also opportunities for students to assist the Board of Elections with a variety of activities before Election Day.

Students and their guardians must attend mandatory training to participate in the Future Vote Program and, if applicable, students will receive Student Service Learning (SSL) credits. Most students work in precincts near their home. This initiative combines civic participation and the opportunity to observe democracy in action.

The Future Vote Program is available to all students within public, private, independent, religious or home-school settings throughout Montgomery County, MD. U.S. citizenship is not a pre-requisite and students with bilingual and American Sign Language skills are encouraged to apply.

In the 2012 Presidential Election, more than two thousand Montgomery County students participated in the Future Vote Program, including 473 students with bilingual skills and 15 students who were available at polling places to assist voters using American Sign Language.

**Interested parents/guardians may register their student(s) before October 9 online by visiting the Montgomery County Board of Elections’ website at [www.777vote.org](http://www.777vote.org).**

For more information, call 240-777-VOTE, visit [www.777vote.org](http://www.777vote.org), the Maryland State Board of Elections’ website at <http://elections.state.md.us>, or follow the Montgomery County Board of Elections on Facebook or Twitter.

###

## ELECTION DAY/NIGHT

### SPEED OF BALLOT COUNTING ELECTION NIGHT - HISTORICAL TRENDS

Early Voting results will be posted on the Board of Elections' website – [www.777vote.org](http://www.777vote.org) – on Election Day as soon after 8:00 p.m. as possible.

DO NOT EXPECT very many Election Day ballots to be counted before 10:30 p.m. Most precinct ballots do not begin to arrive at the Board of Elections in Gaithersburg until 10:30 p.m. - 11:00 p.m. Upon arrival, there are many check-in steps prior to tabulation (see “How do the ballots get to Gaithersburg?”).

Montgomery County tabulates the vote using a central count system. There is tabulation at each precinct, with approximately 66% of the precincts using a modem to transmit results, but the balance must be driven to the Board of Elections. The security layers added to the voting system have reduced the speed of the modem transmission from the precincts requiring more results to be driven to the Board of Elections.

Historically for countywide elections, approximately 86% of the ballots are counted by midnight on election night. We realize that media deadlines are often prior to midnight; however, we cannot count ballots until they physically arrive in Gaithersburg.

### HOW DO THE BALLOTS GET TO GAITHERSBURG?

On election night, ballots from all voting precincts are brought to the Board's headquarters in Gaithersburg for tabulation.

- After the polls close at 8 p.m., the poll worker teams must complete the regulatory paperwork to balance the number of ballots cast with the number of voters signing in and account for the number of remaining unvoted ballots. Most precincts complete this function between 9:00-9:30 p.m.
- The results are transmitted via modem from approximately 66% of the voting precincts and the balance is driven to the Board of Elections. Precinct results are posted at all locations. Most precincts complete this function between 9:00 p.m. and 9:30 p.m.
- Then precinct officials from the precincts bring their ballots and critical supplies to Board of Elections, usually arriving between 9:30 – 12:30 p.m.
- Prior to tabulation, all ballot cards must be checked-in, taken out of their case, inspected, and prepared for counting. Ballot cards are moved into the computer room in a continuous flow. There operators load the ballot cards into card readers.

There are 20 counting stations, each with one card reader, for a total of 20 card readers.

Thousands of dedicated individuals are involved in ballot transport, preparation and tabulation. We appreciate the massive effort undertaken by our staff, our poll workers and our polling place hosts!

## **INCOMPLETE TABULATION**

There are two categories of ballots which cannot be processed on Election Night:

- Absentee ballots
- Provisional ballots voted at the polls

### **ABSENTEE BALLOTS**

State law requires Absentee ballot tabulation to begin on the Thursday after the election. All absentee ballots must be pre-processed before they are counted – this includes verifying every absentee voter prior to opening the absentee ballot envelopes to remove the ballots in preparation for the counting.

Paper ballot counting will take place at 10:00 a.m. every day beginning the first Thursday following the election. Therefore, the first optical scan count will be held on Thursday, June 26 (Primary) and November 6 (General) at 10:00 a.m. with our goal to have the majority of absentee ballots tabulated by Tuesday, July 8 (Primary) and Saturday, November 15 (General). However, due to the extra research required to validate provisional ballots, these ballots are usually the last to be tallied prior to the completion of the official canvass.

### **PROVISIONAL BALLOTS**

Provisional ballots are voted at the polls when a voter's registration is in question, or when our records indicate the voter was already sent an absentee ballot. Provisional ballots are sealed in special envelopes at the polls and must be individually researched and verified at the Board's Office before ballots are counted or rejected in accordance with election laws.

We realize it is difficult for candidates/campaigns involved in close races to wait days and sometimes weeks to know whether or not they won or lost the election. However, we hope that the reasons for the delays in the final ballot tally have been explained fully in this memo. If you have any additional questions, please call Marjorie Roher at 240-777-8525.

## **WRAPPING UP THE ELECTION – CANVASSING AND RECONCILIATION**

### **WHAT IS THE VOTE CANVASS?**

The election canvass process is an internal reconciliation and is required by state law to ensure the accuracy of election results. Maryland election law allows 20 days for the conduct of the official canvass of final election results. The canvass begins on Thursday after the election and will be concluded no later than the second Monday after the election. All aspects of the canvass are open to public viewing. Prior to the canvass, provisional ballots are researched to determine eligibility. Eligibility recommendations are provided to the Board of Canvassers during the canvass and ballots are counted beginning on Thursday and every day until completed. The canvass concludes with the certification and issuance of official election results.

### **WHAT IS THE RECONCILIATION PROCESS?**

At the same time the canvasses are being held additional staff begins the reconciliation process. The post-election, pre-certification assessment and reconciliation is a comparison of the number of votes cast on the voting machines to the number of persons with posted credit by precinct. The review requires local board of elections' staff to examine the mandatory paperwork completed by the election judge relating to the documentation from the electronic poll book and the voting units assigned to the precinct. Staff will validate documentation provided to election judges including the successful closing of the units used related to the precinct reporting of results. A thorough review is made of information from each precinct to identify human error by voters or election judges and to correct such errors in order to accurately record and report voter credit to meet State Board of Elections Certification Deadlines.

### **Why is the number of voters at check-in different than the number of votes on the machines?**

A voter decides not to vote and leaves the Polling Place

The judges check-in the wrong voter by mistake

The voter ends up voting a Provisional Ballot

### **How do we reconcile the numbers so that they are an accurate reflection of what happened in the Polling Place?**

Compare both databases (Voting Unit and Voter Credit)

Examine Polling Place Resources: Given the correct information we can adjust voter credit to reflect what actually happened

**Title 33**  
**STATE BOARD OF ELECTIONS**

**Subtitle 12 RECOUNTS**

**Chapter 02 Initiation of Recounts**

Authority: Election Law Article, §§2-102(b)(4), 2-202(b), and 12-106(a), Annotated Code of Maryland

**.01 Petition.**

**A. Who May File.**

(1) In a contest for public or party office:

(a) A candidate who, based on the certified results, was defeated in that election may petition for a recount, as provided in Election Law Article, §12-101, Annotated Code of Maryland; and

(b) An opposing candidate of the petitioner may counterpetition for a recount, as provided in Election Law Article, §12-102, Annotated Code of Maryland.

(2) In a contest for a question on the ballot:

(a) Any registered voter eligible to vote for that question may petition for a recount, as provided in Election Law Article, §12-103, Annotated Code of Maryland; and

(b) Any registered voter eligible to vote for that question may counterpetition for a recount, as provided in Election Law Article, §12-104, Annotated Code of Maryland.

**B. Contents. The petition shall specify:**

(1) Whether the recount is requested for:

(a) All the precincts in which the contest was on the ballot, or

(b) Only certain precincts, to be designated in the petition;

(2) Which of the recount methods authorized by this subtitle the petitioner selects to use; and

(3) The order in which the precincts named in the recount petition should be counted.

**C. Where and When Filed.** The petition shall be filed within the time and with the State Board or local board as specified in Election Law Article, Title 12, Subtitle 1, Annotated Code of Maryland.

**D. Bond.** The petition shall be accompanied by a bond, as provided in Election Law Article, §12-105, Annotated Code of Maryland.

**E. Signature.** The petition shall be signed by the person seeking the recount, as authorized by Election Law Article, Title 12, Subtitle 1, Annotated Code of Maryland, or that person's authorized agent.

**.02 Cost Estimate.**

Before beginning the recount, the local board or local boards subject to the recount and State Board shall jointly estimate and inform the petitioner of the anticipated:

A. Number of hours needed to complete the recount; and

B. Cost per hour.

**.03 Notice to Affected Parties.**

**A. Notice Required.**

(1) By the end of the next business day following the receipt of a petition, the local board shall deliver to the persons listed in this regulation:

(a) A notice of recount, in the form specified by the State Board; and

(b) A copy of the petition or information on where the petition is posted on the Internet.

(2) The notice of recount shall specify the date, time, and place of the recount.

**B. Notice to Candidates, etc.** A notice of recount shall be given to the following:

STATE BOARD OF ELECTIONS

33.12.02.04

(1) For the recount of a contest for party or public office, to all candidates in the contest, including write-in candidates who have filed a certificate of candidacy under Election Law Article, Annotated Code of Maryland;

(2) For the recount of a ballot question, to representatives of supporters and opponents of the question, to the extent they are known to the board;

(3) For the recount of a contest for delegate to a national party convention, to authorized representatives of the presidential candidates to whom the candidates for delegate are pledged;

(4) For the recount of a contest for president and vice-president of the United States, to the candidate or the candidate's authorized representative; and

(5) For the recount of a contest for continuing an appellate judge in office, to the judge seeking continuance in office.

C. Notice to State Board. For every recount, a notice of recount shall also be given to the State Board.

**.04 Notice to Voting System Vendor.**

Upon receipt of a petition, the local board shall provide to the voting system vendor the notice required in Regulation .03A of this chapter.

**.05 Personnel—In General.**

A. In General. The recount shall be conducted by the local board, with the assistance of:

(1) The board's regular staff; and

(2) If needed:

(i) Substitute board members, and

(ii) Additional temporary staff.

B. Compensation of Substitute Members. If a substitute board member participates in the recount, that member is entitled to compensation at a rate established by the local board.

**.06 Personnel—Election Director.**

Subject to the directions of the State Board of Elections and the local board, the election director shall supervise the recount.

**.07 Personnel—Special Teams.**

A. Election Director to Appoint. The election director shall appoint one or more special teams, as may be needed for conducting the recount.

B. Qualifications. A person appointed to a special team must be a member, a substitute member, or a regular or temporary employee of the board.

C. Composition.

(1) Each special team shall be comprised of two or more members.

(2) When practicable, at least two of those members shall have different party affiliations.

**.08 Personnel—Instructions; Assignments.**

Before the recount begins, the local board shall:

A. Instruct all personnel in their respective duties; and

B. Have them complete and sign a recount assignment sheet, in the form specified by the State Board.

**.09 Scheduling.**

A. Start Time. Except as provided in Regulation .10 of this chapter, the recount shall begin within 2 business days of receiving the petition.

B. Continuation.

(1) The recount shall continue daily, at least 8 hours each day, until completion.

(2) The board may suspend the recount on Sundays and State holidays.

RECOUNTS

33.12.02.10

**.10 When Canvass Not Yet Completed.**

If a petition for recount is filed before the official canvass is completed, the local board shall finish the canvass and then conduct the recount.

**Administrative History**

Effective date:

- Regulations .01—.10 adopted as an emergency provision effective February 1, 2000 (27:6 Md. R. 637); adopted permanently effective April 17, 2000 (27:7 Md. R. 709)
- Regulation .01B amended effective November 24, 2003 (30:23 Md. R. 1655)
- Regulation .02 amended as an emergency provision effective October 31, 2008 (35:24 Md. R. 2074); emergency status expired January 20, 2009; amended permanently effective March 9, 2009 (36:5 Md. R. 424)
- Regulation .03A, B amended as an emergency provision effective October 31, 2008 (35:24 Md. R. 2074); emergency status expired January 20, 2009; amended permanently effective March 9, 2009 (36:5 Md. R. 424)
- Regulation .04 amended as an emergency provision effective October 31, 2008 (35:24 Md. R. 2074); emergency status expired January 20, 2009; amended permanently effective March 9, 2009 (36:5 Md. R. 424)
- Regulation .06 amended as an emergency provision effective October 31, 2008 (35:24 Md. R. 2074); emergency status expired January 20, 2009; amended permanently effective March 9, 2009 (36:5 Md. R. 424)
- Regulation .09B amended as an emergency provision effective October 31, 2008 (35:24 Md. R. 2074); emergency status expired January 20, 2009; amended permanently effective March 9, 2009 (36:5 Md. R. 424)

# 1 OVERVIEW OF RECOUNT METHODS FOR ACCUVOTE VOTING SYSTEM

There are three recount options with the AccuVote voting system. All methods are cumulative and must be performed in the order as described below. Section 1 offers an overview of the recount options. Section 2 explains how to prepare for the recount, and sections 3, 4, and 5 explain the technical steps for each of the three recount options.

## 1.1 INTRODUCTION

There are three options for a recount.

Table 1-1: Overview of Recount Options

	Touch Screen	Optical Scan
	This process encompasses all votes cast at the precincts on election day and is performed on all Vote Centers that include the recount contest(s).	This process encompasses all votes cast on absentee ballots and provisional ballots and is performed on all ballots that include the recount contest(s).
Option 1: Upload Verification	100% upload of all AccuVote-TS PC Memory Cards that contain votes cast on election day.	100% upload of all AccuVote-OS Cards that contain all votes cast on absentee and provisional ballots.
Option 2: System Recount	Generate ballot images and perform a manual tally from the electronic ballot images stored on the GEMS database.	Rescan all absentee and provisional ballots. Print totals and compare with canvass results.
Option 3: Manual Recount	Print ballot images and perform a manual tally of the printed ballot images.	Perform a manual recount of all absentee and provisional ballots.

### Security

Maryland's voting system has been studied more than any voting system in the United States and, as a result, is the most secure voting system in the country. Numerous security procedures and testing are conducted throughout the voting process, including:

- New systems and software are reviewed by a federally qualified independent testing authority (ITA). The ITA conducts a source code review of the software and sends the software directly to the Maryland State Board of Elections (SBE) for loading onto the voting units.
- Testing is conducted before every election and on each unit to test the functionality of the voting system with the ballot for the upcoming election.
- Tamper tape and seals are applied to the units after the ballots have been loaded to ensure that no unauthorized access to the machines occurred.
- Election officials are trained on procedures and background checks are conducted on election officials who have access to voting system.
- On Election Day, one randomly selected voting unit from each county is used to conduct parallel testing. Parallel testing, cited as a best practice by election administration and computer experts, is a method of testing an electronic voting unit by producing an independent set of results that can be compared against the results produced by the voting unit. The 2004 Election Day parallel test demonstrated the 100% accuracy of the State's voting system.

### Did you know...

- Maryland's voting units and central tabulator are never connected to the Internet.
- Voting units are sealed from the time the ballots are loaded until election judges open them on Election Day morning.
- Tamper tape is used to deter unauthorized access and alert election officials of possible tampering.
- Votes are stored in two different places on each voting unit.
- Unofficial election results sent via modem on election night are not part of the official results.
- Official election results are loaded from the memory cards the day after the election.

### Absentee and Provisional Voting

For absentee voting and provisional voting, voters use a paper-based optical scan voting system. With this system, a voter is issued a paper ballot and completes the oval next to the candidate or ballot question response for which the voter wants to vote. At the local board of elections, the ballot is fed into a scanning unit, which reads and tabulates the selections made by the voter.

(MORE)

## Overview of Maryland's Voting System

All voters in Maryland use the same voting system. Maryland uses a touchscreen voting system, also known as a Direct Recording Electronic (DRE), for polling place voting and an optical scan voting system for absentee and provisional voting. A DRE voting system was selected because of the many advantages that it offers over other voting systems.

### DRE voting systems:

- Eliminate issues of voter intent.
- Prevent "overvotes" (i.e., when a voter votes for more candidates than allowed).
- Provide a voter with a summary of a voter's selections before casting a ballot.
- Allow most voters with disabilities to vote a secret ballot.
- Offer magnified ballots for voters with low vision.
- Offer a high contrast ballot for voters with color blindness.
- Accommodate multiple languages.

### Accuracy

Maryland's DRE voting system is the most accurate system ever used in the state. In Maryland's 2004 General Election, only **0.3%** of the voters who voted did not have a vote recorded for President. This is a **40% reduction** from 2000 – the last election when optical scan and punchcard voting systems and mechanical lever machines were used for polling place voting in Maryland.<sup>1</sup>

### Voter Intent

With Maryland's touchscreen voting system, there are **no** issues of voter intent. The voter makes a selection and has the opportunity to review the selection before casting his or her vote. From the tests conducted on the voting units before each election, we are confident that the voting units accurately record voters' intent and include all votes cast in the tabulation.

With paper-based voting systems, election officials sometimes have to make determinations as to the candidate or ballot question response for which the voter intended to vote. If a voter erases a selection and makes another one or improperly marks the ballot, the scanning unit may not accurately read the ballot. In this case, election officials must review the voter's ballot and try to determine for what candidate or ballot question response the voter intended to vote.

### Accessibility

The touchscreen voting system used in Maryland is accessible to most voters with disabilities. Using a headset and keypad, blind voters and voters with visual impairments are able to vote independently and secretly by listening to the ballot selections and making selections using the keypad. High contrast ballots and magnified or enlarged ballots are also available. For voters who prefer or need to sit while voting, the screen can be adjusted to accommodate this need. Future enhancements include a "sip and puff" device to allow voters with disabilities that prevent arm movement to vote independently and secretly.

<sup>1</sup> Maryland had the lowest voter error rate in the country in 2004. (See [Residual Vote in the 2004 Election, CalTech/MIT Voting Technology Project](#).)

# SECURITY, ACCURACY, AND RELIABILITY OF MONTGOMERY COUNTY'S VOTING SYSTEM

## INTRODUCTION

Montgomery County has been using the Premier Touchscreen electronic voting system since 2002. Premier's Touchscreen voting system is used throughout the State of Maryland. This document is provided for Montgomery County voters who have concerns regarding electronic voting systems and who want to know whether their vote cast on an electronic voting device is safe and secure without a "voter-verified paper audit trail." The information provided in this document can provide confidence to the vast majority of Montgomery County voters that their vote will be accurately counted and reported by our voting system.

While no voting system is perfect, studies show that electronic voting systems offer the most accurate and secure method of voting available:

- It is impossible to "overvote" (vote for more candidates than can be elected).
- Voters are immediately able to completely correct a vote for the wrong candidate.
- Voters must view a summary screen of all races and measures before casting the ballot – this gives an opportunity to review and change their choices before a vote is cast.
- Voters are alerted to un-voted or under-voted races on the summary screen.
- It eliminates ambiguity regarding voter intent.
- Electronic voting systems have been shown to eliminate racial and language gaps found in the documented error rates of paper-based voting systems (including optical scan).
- Votes are redundantly stored in multiple physical memory locations to preserve election results in the event of equipment failure.

It is also important to remember that voting equipment is only one component of an overall election system that includes citizen involvement, transparency, external security measures, management policies and procedures, and professional election officials. All of these people, procedures, and technologies work together to ensure reliable and trustworthy election results.

## WHY WE REPLACED OUR ELECTION DAY VOTING SYSTEM

The Help America Vote Act of 2002 (HAVA) required the state to supply each polling place by January 1, 2006, with a voting system that is accessible for individuals with disabilities, including non-visual accessibility for the blind and visually impaired so that

these voters can cast ballots in a manner that provides the same opportunity for privacy and independence as other voters. The handicapped-accessible units in each polling place on Election Day meet this requirement.

## **HISTORY OF ELECTRONIC VOTING SYSTEMS**

Electronic voting systems have been used in jurisdictions throughout the United States since the 1970's. According to the American Association of People with Disabilities, "In almost four decades, not a single case of election fraud due to tampering of a system's hardware or software has occurred. Comparably, in the last 40 years, hundreds of cases of election fraud involving paper have occurred and been successfully prosecuted." Electronic voting machines are very reliable and have multiple redundant features to capture and store votes accurately.

## **DESIGN OF THE PREMIER TOUCHSCREEN VOTING SYSTEM**

### **EQUIPMENT SAFEGUARDS AGAINST UNAUTHORIZED ACCESS**

The Touchscreen system includes both physical and electronic intrusion detection controls, such as numbered seals (commonly used in elections), and time-stamped transaction logs that record every system action related to the voting process. Data cannot be inserted or altered by unauthorized personnel because the database structure is proprietary and is protected by encrypted passwords determined by the State Board of Elections' Administrator.

### **CLEAR AUDIT TRAIL**

Each component of the Touchscreen voting system creates an audit record every time it is accessed or information is changed. All audit records can be extracted and printed in hard copy. All audit reports, audit trail documents, databases, and election reports can be archived in hard copy and/or saved electronically to CD-ROM to preserve information as required by the Election Code. Ballot images are captured of each vote cast. These ballot images can be printed after the election if a candidate in the election requests a manual recount.

## **VOTING SYSTEMS CERTIFICATION & INDEPENDENT TESTING**

### **FEDERAL CERTIFICATION TESTING**

Voting system certification standards employed in Maryland are among the most stringent in the nation. The voting system certified for use in Maryland must comply with the Federal Voting System Standards promulgated by the Federal Election Commission. An Independent Testing Authority (ITA) selected and approved by the

National Association of State Election Directors (NASSED) rigorously tests each voting system's hardware, firmware, and software for compliance with the Federal Voting System Standards. Voting systems certified by the ITA are issued a NASSED Qualified Identification number to show that they meet or exceed the Federal Voting System Standards.

## STATE CERTIFICATION TESTING

In addition, Maryland election law requires the Election Administrator to certify the state voting system. The Election Administrator's testing involves a team of six examiners. The Election Administrator appoints four examiners, one of whom must be a full-time employee of the Maryland State Board of Elections. The Attorney General appoints two examiners, one of whom must be a full-time employee of the Office of the Attorney General. Two of the Election Administrator's appointees must have demonstrated ability and experience in mechanics or electronics appropriate to the system or equipment to be examined, and two of the Election Administrator's appointees must have demonstrated knowledge of and experience in election law and procedure. Before the Maryland examination of a voting system, the system must be tested by a Nationally Recognized Test Laboratory (NRTL) and shall meet or exceed the minimum requirements set forth in the Performance and Test Standards for Punch Card, Mark Sense, and Direct Recording Electronic Voting Systems, or in any successor voluntary standard document developed and promulgated by the Federal Election Commission.

Voting systems vendors must submit each hardware, firmware, and/or software update to the ITA and the Election Administrator for testing in order to maintain their voting system's certification.

## VOTING SYSTEM TRANSPARENCY – TESTING, TESTING, TESTING . . .

### LOGIC AND ACCURACY TESTING

The accuracy of electronic voting devices are tested by "Logic and Accuracy" testing before and after each election as required by the Election Code to make certain that the voting system is working properly. Votes from a hand-marked paper ballot are entered into the electronic voting devices. Printed totals from the electronic system are then compared to the hand-counted results. Additional functional tests are performed manually on each voting device. The schedule of Logic and Accuracy testing and functional testing is posted in advance of each election, and these testing sessions are open to the public.

In addition, the Touchscreen voting system prints a "zero report" when the machines are opened and powered-up at the polling place to document that there are no prior votes stored within the system.

## PARALLEL TESTING OF VOTING EQUIPMENT

Parallel testing of voting equipment involves the random testing of production voting devices on Election Day by the State Board of Elections. Voting units are selected at random. The selected voting device(s) are taken to the State Board of Elections and then used for additional logic and accuracy testing.

## OTHER SECURITY MEASURES AND PROCEDURES

### SECURITY AT THE COUNTY ELECTIONS OFFICE

An upgrade of physical security features was conducted within the Board of Elections including video surveillance of all areas of the office where voting equipment is to be stored and rooms where ballot origination computers and election tabulation computers are located. Access into certain secure areas (where ballot origination and tabulation computers are kept) is limited to key Election staff members.

### SECURITY AT THE POLLING PLACE

Voting devices are delivered to the polling places several days before Election Day. They are kept in a secure location at each polling place until Election Day. Each voting unit is stored inside a locked, secure case and sealed with a numbered seal to prevent unauthorized access. The presiding election judge is required to verify that the correct seals are intact on the voting devices and to certify this information on a chain-of-custody log before the equipment may be opened and used in the election.

## OTHER MANAGEMENT AND OPERATIONAL PROCEDURES

Internal management and operational procedures are crucial to the success and reliability of any voting system, including our previous voting systems. The following procedures will be carried forward or instituted:

- An audit of each precinct's electronic tally of the number of votes cast is conducted against the number of signatures in the precinct's poll book roster.
- Polling place officials are required to certify in writing that the proper locks and seals were found to be intact on the voting equipment before the polls open.
- Polling place officials are required to print and keep a "zero tape" from the voting system before the polls open to ensure that no votes have been pre-loaded into the system.
- A physical inventory of all voting devices is conducted before and after each election to ensure custody of all voting devices is maintained.
- All election judges, early voting workers, county Election staff, and central counting workers undergo extensive training in both voting equipment operation and election law/procedure.

- Bi-partisan staffing is encouraged and employed to the extent possible at Election Day polling places and the central counting station.

## **WHY CAN'T A PAPER RECORD BE PROVIDED?**

Neither Federal Election law nor the Maryland Election Code requires electronic voting systems to produce a paper record commonly referred to as a “contemporaneous paper record” (CPR) or “voter-verified paper audit trail” (VVPAT). Proposed legislation on the state and federal levels that would require a CPR has been previously submitted but has failed due to a lack of wide bipartisan support.

## **SUMMARY REMARKS**

Montgomery County's voting equipment is only one component of an overall election system that includes citizen involvement, transparency, external security measures, management policies and procedures, and professional election officials. All of these people, procedures, and technologies work together to ensure reliable and trustworthy election results.

The Montgomery County Board of Elections is keenly aware that it has front-line responsibility for the integrity of the voting process. We have a commitment to each Montgomery County voter, taxpayer, candidate, elected official, and citizen that each vote is correctly tabulated and reported.

Questions, comments, or concerns regarding the voting process should be submitted in writing to:

Margaret A. Jurgensen, Election Director  
Montgomery County Board of Elections  
18753 N. Frederick Avenue, Suite 210  
Gaithersburg, Maryland 20879
