A & R Comfort Care, LLC

19027 North Frederick Road

Gaithersburg, MD 20879

301-793-8127 (V)

E-mail: aileen@anrcomfortcare.com

www.anrcomfortcare.com

Serve children with Autism from ages 6 to 21.

Therapeutic Integration House delivers individualized programs that include music, art, dance, movement, social skills, sharing and turn taking. During the summer, weekly outings include libraries, parks, eateries, orchards, splash pools, aquatic therapeutics at a local pool, trampoline parks, and more. Offer Intensive Individual Support Services (IISS) with one-on-one interventions with the participant provided by a direct care worker. This service is goal-oriented and task-oriented, with interventions developed on an individualized basis based on the treatment plan that has been developed by the consultant assigned to the family. IISS service may be provided in the participant's home or community environment. Family Consultation is available for the participant's family to receive consultation on how to assist their child to acquire, retain or improve skills in a wide variety of areas that directly affect their child's development and ability to reside as independently as possible. Accept Autism Waiver and private pay.

Abilities Network and Project ACT

Montgomery County Office

8503 LaSalle Road

Towson, MD 21286

410-828-7700 (V)

1-800-492-2523 (Toll Free)

www.abilitiesnetwork.org

The **Project ACT** program offers a unique opportunity through Therapeutic Integration for children ages 5-14 on the autism spectrum to play and learn valuable social and leisure skills within after-school and summer camp settings with their typically developing peers. A specially trained Inclusion Specialist supports these children in the program and works on personalized goals according to each child's treatment plan.

Individualized plans are centered round the strengths and needs of each child participating in the program.

Through the **CEP (Community and Employment Partners)** program, they support adults with disabilities, including those on the autism spectrum, to live and work as independently as possible in their communities.

CEP supports individuals interested in gaining essential life skills to live and/or work independently.

Once personalized needs and skills are identified, each person receives a specific plan to guide the location and maintenance of jobs, homes, health, safety and happiness.

Arc Montgomery County

11600 Nebel Street

Rockville, MD 20852

www.montgomerycountymd.gov/hhs

Assist children and adults with developmental disabilities access public and private services, and provide professional support and guidance to families needing assistance in caring for their family member with a disability. Summer camp scholarships.

- **Autism Waiver** provides service coordination to children diagnosed with severe autism, ages birth to 21 years, who are currently enrolled in the Autism Waiver program.
- **Individual Support Services** monitors funding provided by the State of Maryland's Developmental Disabilities Administration (DDA) for family and individual support services for individuals with developmental disabilities.
- **My Turn Program** provides programmatic and financial assistance to families with children with developmental disabilities ages 3 to 13 years and to assist caregivers of children with developmental disabilities with accessing information, linking to other community resources, designing individual support services, and financial assistance with one-time only purchases.
- **Targeted Case Management / Coordination of Care Services** (formerly Resource Coordination) assists individuals with developmental disabilities who receive funding from the DDA in obtaining the best quality and most appropriate services and supports with available resources within the community. Resource Coordinators provide case management and advocate for individuals receiving services.
- **Respite Services** provides short-term temporary relief to unpaid live-in caregivers/families who are providing full-time care to children with severe medical conditions, children/adults with disabilities, or frail seniors. Care is provided by trained, certified care workers in the family's home or in a respite care facility.
- **Transitioning Youth** assists students with developmental disabilities, ages 14 to 21 years, and their families in the process of graduating from

the school system and entering the adult service system.
