| <b>Welcome</b>          | Noelle and Arva welcomed participants, guests, liaisons and staff who then introduced themselves. The meeting was opened, agenda reviewed.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                     |
| <b>News and Updates</b> | <p>CRISP and EMR management codes: only 25% of physicians in Montgomery County currently use these codes that enable billing for management of Medicare patients and electronic management of Medicare patients. This creates an opportunity to increase awareness of these codes among PCPs in Montgomery County.</p> <p>MedStar Medical House Call Program provides at home medical care for frail elderly in specific zip codes in the District. Conversations are underway for similar services through MedStar Montgomery General in Olney.</p> <p>Health Services Cost Review Commission is tasked with educating Marylanders about changes to hospital care, especially reducing hospital readmissions by improving discharge and transition planning. HSCRC has met with</p> |                     |

|                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |  |
