New Business

OEMHS Updates – Marianne Souders, Planning Section Chief, Michael Boldosser

OEMHS is working on a Heat Island project. This project is designed to measure if there are higher levels of heat in urban areas which can trigger adverse and austere weather conditions. This project will potentially assist the county with future funding for mitigation.

Hazard Mitigation Plan – OEMHS is beginning the steps for the update to the hazard mitigation plan. There will be a period of public review at which point the LEPC will be solicited for feedback.

Hazmat Permitting Program – Barbara Moore

Processing permitting notices as received and sending out letters.

Speakers/Presentation

- Montgomery County Flood Sensor Project Overview – Matt Miziorko - Montgomery County Office of Emergency Management and Homeland
- International Association of Emergency Managers (IAEM) Certified Emergency Manager (CEM) Program – James Howson - IAEM

Presentations will be posted online.

Moving Forward

Next Meeting – Mitch Dinowitz

Next meeting will be October 18, 2022.
