DEPARTMENT PERFORMANCE MEASURES

Performance measures for this department are included below, with multi-program measures displayed at the front of this section and program-specific measures shown with the relevant program. The FY15 estimates reflect funding based on the FY15 approved budget. The FY16 and FY17 figures are performance targets based on the FY16 recommended budget and funding for comparable service levels in FY17.

ACCOMPLISHMENTS AND INITIATIVES

- ❖ **EARLY VOTING:** *Montgomery County increased the number of Early Voting Centers from five to nine in 2014. To increase convenience for the voters, and provide greater geographic coverage, these new centers were located in Damascus, Bethesda, Gaithersburg, and Wheaton. The Centers ran smoothly and the voters expressed an appreciation for the opportunity to choose the time and location for their voting experience.*
- ❖ **RECYCLING EFFORTS:** *The Board of Elections partnered with the Division of Solid Waste Services to minimize the amount of recycling materials that are left at the Early Voting Centers and the Election Day Polling Places. Additional recycling containers were provided at Early Voting Centers and Polling Places on Election Day to encourage paper recycling.*
- ❖ **SAME DAY VOTER REGISTRATION:** *The Maryland Legislature expanded Early Voting for the 2014 election cycle and then offered same day voter registration for the 2016 elections. Beginning in 2016 at the Early Voting Centers, voters will be able to register then vote immediately.*
- ❖ **NEW VOTING SYSTEM:** *The State of Maryland will be replacing its statewide voting system before the presidential primary election in 2016. The Montgomery County Board of Elections will implement training programs for Election Judges and a countywide voter education effort.*
- ❖ **Productivity Improvements**
 - **PAPERLESS CALL TRACKING:** *The Board of Elections receives 1,500 calls from voters and Election Judges seeking technical support. In 2014, the Board of Elections eliminated paper call tickets in favor of a web-based call tracking system to achieve cost savings and improve the quality and timeliness of information available for analysis and problem solving. The department intends to expand the use of this platform for the 2016 presidential election.*

PROGRAM DESCRIPTIONS

Voter Registration Services

The Voter Registration Services program provides clerical and administrative support to register new voters and maintains the currency of information in the official registry. The Federal Help America Vote Act mandated the establishment of a statewide voter registration database (MDVOTERS) that occurred in 2006 moving the County voter registration database to a statewide platform under the aegis of the State Board of Elections. In addition, this program processes all changes of name, address, and party affiliation and maintains a delete file, removing voters for reasons of death, felony conviction, ineligibility for jury duty, moving out of the jurisdiction, and other valid legal reasons. The program provides legally-required training for volunteer registrars; responds to various voter and candidate requests for voter registration applications, listings, and CDs of registered voters; verifies nominating or referenda petitions submitted; and issues and canvasses absentee and provisional ballots. Implementation of the National Voter Registration Act of 1993, on January 1, 1995, requires all motor vehicle and State social service agencies to solicit voter registration applications and information changes from every client or customer resulting in an increase in the number of applications and changes received for processing, many of which require research to clarify inaccurate or incomplete information. The program also tracks returned mail and sends a second mailing in order to accurately maintain the database.

Election Operations

The Election Operations program provides administrative, clerical, and technical support for the conduct of local, State, and Federal elections. The Election Operations program assists individuals seeking elective office with candidate filings; provides information, guidance, and monitoring of required campaign committee filings and financial report submissions; delineates and maintains accurate precinct boundaries; prepares and produces various district and precinct maps; administers the results of redistricting; acquires and maintains required polling places; surveys and monitors compliance of handicapped accessibility at all polling places; obtains and provides all polling place supplies and logistics to properly equip the polling places for voting; and develops training materials, recruits, and trains election judges to staff the polling places. In 2010, the State of Maryland mandated the implementation of early voting in all jurisdictions. Montgomery County is required to provide staffing and supplies for nine early voting centers, open ten hours per day, for eight days prior to each election.
