Initiatives

The Montgomery County Business Portal is a component of the County Executive's three-pronged initiative to improve government services for businesses, especially small businesses. This initiative builds on the momentum of economic development restructuring by responding to a need that businesses have communicated regarding their interactions with the County. The Portal will improve access to information by creating a single point of entry for businesses when they need to interact with the County.

Accomplishments

- ✓ In recognition of efforts to engage and inform the public, Montgomery County was recently named a "citizen-engaged community" by the Public Technology institute the third time the County has achieved this distinction. The MC311 call center has fielded more than three millions calls for general information and service requests, and last year more than 60,000 service requests were made through the web portal, a 50 percent increase over the prior year. In an effort to provide excellent customer service, PIO continually seeks feedback through a Customer Satisfaction Survey. The most recent results indicate more than 80 percent of callers and web users were satisfied with their overall 311 experience and 90 percent were satisfied with their ability to find the information they were looking for on the MC311website
- Continued to enhance Executive Branch communications through a half hour radio show broadcast on WOL 1450 AM, "Montgomery Mosaic" and cable television shows that feature County youth on "Youth Montgomery;" the Police Chief; the "My

Green Montgomery" environmental show; a show of special interest to African Americans, "Mosaic: An African American Perspective;" and several Spanish language offerings - a television version of the "Montgomery Al Dia" Spanish language talk show which airs weekly on Spanish language radio, a Spanish version of "County Report This Week" and "Perfiles" (or profiles) which features interviews with Hispanic employees.

- Continue to work closely with departments and agencies on communication strategies to ensure that the County Executive's priorities are promoted clearly and accurately, including: economic development priorities; the transportation campaign; senior issues; panhandling; public safety; emergency communications; pedestrian safety; and open government transparency and accessibility.
- ✓ Increased direct communication with residents through social media sites: YouTube; Facebook; and Twitter expanded the Twitter site to nearly 27,000 followers and expanding distribution lists for electronic publications such as "The Paperless Airplane" which reaches over 120,000 households. MC311 collaborates with Public Information Office to respond to resident requests for services and information via Twitter and Facebook.
- ✓ Public Information Office interacts with residents about County issues, programs, and services through press releases; media advisories; on line chats; town hall meeting; news and other public events; County web site; email and online newsletters; YouTube, Facebook and Twitter.
- MC311 has installed digital displays in the EOB Lobby, Regional Service Centers and the Council Office Building that will provide information on County Government programs and services.
- The MC311 Community Engagement Team helps residents understand how to use MC311 to access County Government information and to request service. The Team members meet face-to-face with County residents at events such as the Montgomery County Agricultural Fair to discuss how to request a wide range of services, including pothole repair, assistance pay for child care and many more.

Productivity Improvements

- Continue to monitor and use MC311 data to improve operations and service delivery in all County departments. Regularly collaborate with CountyStat Office to improve department Service Level Agreement timeframes planning to improve customer experience.
- Improvements to the MC311 online request system www.mc311.com have made the site more user friendly. The "I Want To" categories on the County website are now linked to the most requested MC311 services.
- MC311 is providing alternate ways of connecting with County Government programs and services through Twitter and the staffing of the Executive Office Building Lobby Customer Service Desk five days a week. Additionally, Service requests are received from customers via Twitter (@311MC311), Monday - Friday from 8:00 AM - 4:30 PM, and will soon begin to accept photos through that channel. Messages regarding County event information, and promoting County services are pushed to a growing Twitter followers list.
- Reviewed all Knowledge Base Articles in the Customer Relationship Management (CRM) database, to ensure uniformity and voice, and to provide instructions for online users creating service requests.
