

Health and Human Services

Mission Statement

The Department of Health and Human Services (HHS) assures delivery of a full array of services to address the somatic and behavioral health, economic and housing security, and other emergent needs of Montgomery County residents. To achieve this, the Department (directly and/or via a network of community partners) develops and implements policies, procedures, programs, and services that: 1) offer customer-focused direct care and supports; 2) maximize financial and staffing resources to deliver services through effective management, coordination and pursuit of strategic funding opportunities; 3) pilot and evaluate innovative approaches to service delivery and systems integration; and 4) develop, enhance, and maintain a broad network of community-based organizations, public, and private agencies to promote and sustain partnerships, which increase the availability of needed services.

Budget Overview

The total approved FY17 Operating Budget for the Department of Health and Human Services is \$299,047,357, an increase of \$10,053,758 or 3.48 percent from the FY16 Approved Budget of \$288,993,599. - Safe Streets and Secure Neighborhoods
- Vital Living for All of Our Residents

Department Performance Measures

Performance measures for this department are included below (where applicable), with multi-program measures displayed at the front of this section and program-specific measures shown with the relevant program. The FY16 estimates reflect funding based on the FY16 approved budget. The FY17 and FY18 figures are performance targets based on the FY17 approved budget and funding for comparable service levels in FY18.

Measure	Actual FY14	Actual FY15	Estimated FY16	Target FY17	Target FY18
Multi-Program Measures

Percentage of client cases needing assistance with multiple services for which effective team functioning is documented (Service Integration Cases)	79	89	70	70	70

¹ Projected performance decline in this measure is attributed to larger caseloads matched with more complex client needs, resulting in less time to integrate others into decision-making and coordination.

Accomplishments

- ✓ The Specialty Behavioral Health Services Adult Drug Court Treatment Program provided services to 121 offenders, and graduated 21 clients in FY15. On average, 65.5 percent of Adult Drug Court clients have co-occurring mental health and substance use disorders.
- ✓ Public Health staff monitored over 2,000 travelers from West Africa; initiated an Ebola hotline; and provided Ebola technical guidance for hospitals, first responders, clinics, schools, and other agencies, as part of the coordinated Federal, State and Regional response to the Ebola epidemic in West Africa.
- Provided primary care for 3,919 uninsured children in FY15 through the Care for Kids Program, a 30 percent increase over FY14 due in part to the number of unaccompanied minors entering the County.
- Performed 5,963 inspections of restaurant and other food service facilities, including 31 new facilities in FY15.
- ✓ Case managed 15,067 children in MCPS with chronic health conditions including asthma, diabetes and life threatening allergic reactions; and handled 580,388 student visits to MCPS health rooms during FY15. Eighty-eight (88) percent of visits resulted in children returning to class.
- ✓ In FY15, the Community Support Network's Autism Waiver Program provided service coordination to 252 Montgomery County Public School (MCPS) students. The program has had three consecutive "perfect" audit ratings from the State.
- ✓ In FY15, Child Welfare Services exceeded their goal for cases closed to custody and guardianship by 40 percent, reaching 42 cases closed as compared to the goal of 12 cases.
- The Montgomery County Children's Resource and Referral Center supported 49 family child care providers in FY15 in obtaining their National Association of Family Child Care (NAFCC) Accreditation through coaching, training, and quality enhancement grants. This has placed Montgomery County as the jurisdiction with the highest number of NAFCC accredited providers in Maryland.
- ✓ In FY15, Linkages to Learning served 5,450 County residents in 29 schools. Over 1,600 of these individuals participated in community education and development activities, and over 3,800 received comprehensive behavioral health and/or family case management services resulting in more than 86,000 unduplicated units of service, a 20 percent increase from FY14.

Productivity Improvements

** In FY15, Screening and Assessment Services for Children and Adolescents (SASCA) provided substance abuse screening and mental health assessments for 986 youth, and for the first time began providing services downcounty through the hire of a Spanish speaking

- psychiatric nurse for the Silver Spring clinic. Since SASCA began providing clinical case management services in the diversion program to support the completion of treatment, recidivism rates have decreased from 12 percent in FY13 to 6 percent in FY15.
- The Community Food Rescue Project launched an online application to help quickly connect organizations with surplus nutritional food to agencies which can distribute food to those in need. Public Health staff provides ongoing food safety guidance.
- * The Montgomery Cares Program launched initiatives to better serve the 24,455 uninsured adults receiving service in FY15 by moving from an eligibility program to an enrollment program and by standardizing essential services, fees, and provider standards.
- ** In FY15, the Dental Services Program implemented a new family-centered model of care for uninsured children, pregnant women and other adults, allowing eligible patients, regardless of age or program, to be seen at any of the five Dental Services sites.
- ** The Office of Eligibility and Support Services (OESS) implemented Tuesday evening hours in FY15 to assist 918 customers during evening hours, an increase of 10 percent from FY08. This strategy helped address the overall increase in caseload from pre-recession rates (58 percent increase in Supplemental Nutrition Assistance, 113 percent in Medical Assistance, and 53 percent in Temporary Cash Assistance caseloads). OESS also completes more than 1/3 of overall Medicaid redeterminations in Maryland, and implemented additional Wednesday evening and Saturday hours to handle the volume. Across all programs, 80 percent of customers were served by a phone interview, reflecting increased efficiency and improved customer service.
- ** Special Needs Housing implemented an intensive team process to reduce the length of time families spend in homelessness. Through this process the family meets with service providers to collaboratively develop a housing plan that addresses barriers and service needs. Home Energy Program streamlined their businesses processes and reduced case processing times to within the State mandated time frame of 45 days.
