MISSION STATEMENT

The Montgomery County Public Schools (MCPS) operates a countywide system of public schools for students from pre-kindergarten through high school. For the 2022-2023 school year (FY23), 159,997 students in prekindergarten classes through Grade 12 attend 210 separate public educational facilities. For the 2023-24 school year (FY24), enrollment is estimated to be 161,831 students.

BUDGET OVERVIEW

The County Executive's role in the MCPS budget process is to present to the County Council a recommended total budget. The total Recommended FY24 budget is \$3,208.5 million, an increase of \$288.5 million, or 9.9 percent over the FY23 Approved budget of \$2,920.0 million. This recommended budget exceeds the amount required by the State's Maintenance of Effort (MOE) law by \$264.8 million.

In response to the Board of Education's largest ever requested budget, an increase of nearly \$300 million, the County Executive's recommended budget funds 99.8% of the Board's request.

In order to support this level of spending, the County Executive's budget assumes a \$0.10 property tax rate authorized under State Law (§5-104 of the Education Article). State Law permits counties to increase a property tax rate above a limit imposed by a charter for the sole purpose of funding the approved budget of the County Board of Education. All revenue generated under a supplementary school funding property tax must be allocated to schools and may not supplant local appropriations, two restrictions with which the County Executive's budget complies.

Separately, in addition to funding the MCPS' budget, \$27.2 million will be provided by the County from the Consolidated Retiree Health Benefits Trust for the purpose of paying retiree health claims in FY24.

The County also supports operations of the school system through expenditures in other budgets. For example:

- school health services, childhood wellness, mental health services, and Linkages to Learning programs are provided by the Department of Health and Human Services;
- high speed internet service provided by the County's FiberNet program;
- research and internet resources are made available in the Montgomery County Public Libraries' budget;

- crossing guards are provided by the Department of Police;
- sports academies for youth are sponsored by the Department of Recreation;
- reimbursements for classroom and school sports field rentals by residents or organizations are provided by the Community Use of Public Facilities; and
- the Maryland-National Capital Park and Planning Commission provides maintenance of MCPS' ballfields.

In addition to the total recommended in the operating budget for public schools, MCPS' Capital Improvements Program (CIP) requires County funding. Approximately \$29.1 million in FY24 Current Revenue: General and \$74.0 million in Recordation Tax are recommended in the Amended FY23-28 CIP. The Debt Service requirement for the MCPS capital program is estimated at \$150.0 million in FY24.

The table below summarizes the contributions to MCPS that are appropriated in other departments or agencies:

| Additional County Support for MCPS in F | Y24 |
|---|-----------|
| MCPS Budget (in millions) | \$3,208.5 |
| Additional County funding (not included in MCPS budget) | |
| Debt service on school construction bonds | \$150.0 |
| Pre-funding retiree health benefits | \$62.3 |
| Support services | \$125.6 |
| Technology modernization | \$26.7 |
| Total additional County funding | \$364.5 |
| Total expenditures for MCPS | \$3,572.9 |
| Sources: CE Recommended FY24 Operating and Capital Budgets | |
| Numbers may not sum due to rounding. | |

The recommended budget includes the County's contribution of \$2,062.4 million plus \$25.0 million in carryover funds (65.1 percent of all recommended funding), \$1.0 million of which is for lease payments at the new Stone Street warehouse. State Aid and grants total \$933.3 million (29.1 percent); Federal grants and aid total \$88.4 million (2.8 percent); and tuition, fees, and private grants total \$12.8 million (0.4 percent). The recommended appropriation for the fee-supported Enterprise Fund is \$85.0 million (2.6 percent) and for the Special Revenue Fund is \$1.7 million (0.1 percent).

The County Executive recommends a reduction to the Instructional Television Fund appropriation of \$0.1 million, recognizing a shortfall of revenues in the Cable Fund.

Tax Supported Funding for the Public Schools

For FY24, the total tax-supported portion of the County Executive's recommended budget (excluding grants, enterprise funds, fund balance, and special revenue funds) is \$2,995.9 million, an increase of \$301.2 million, or 11.2 percent from the FY23 adjusted tax-supported spending, driven by increases in the County contribution and State funding. The tax-supported portion of the recommendation includes a FY24 local contribution of \$2,062.4 million, plus carryover of \$25.0 million from prior-year appropriations, for a total local contribution of \$2,087.4 million. The local contribution represents a \$223.3 million increase from the prior-year appropriation.

MOE is a State requirement that each jurisdiction spend at last as much per-student on its local school district as it did in the prior year in order to receive additional State Aid. This requirement increases when enrollment grows and decreases when enrollment declines. For FY24, MOE allows for a decrease of \$41.5 million. With a recommended County contribution increase of \$223.3 million over FY23, the County Executive's budget exceeds the MOE-required level by \$264.8 million.

Fiscal Summary

The County Executive's total recommended budget, from all funding sources, is \$3,208.5 million, and funds 99.8 percent of the BOE request. The County Executive relies on the BOE to determine the most appropriate manner to deliver educational services within its recommended budget allocation.

However, §5-102 (c)(2) of the Education Article requires the County Executive to "indicate in writing which major categories of the annual budget of the county board have been denied in whole or reduced in part and the reason for the denial or reduction," a law that pertains only to counties whose "governing body ... consists of a county executive and county council," §5-102 (c)(1).

The County Executive's budget is \$7.5 million less than the Board of Education's total budget request due to a shortfall in revenues to both the Cable Fund and the General Fund. In order to conform with §5-102 (c)(2), and because of a shortfall in revenues, the County Executive intends to allocate \$0.1 million of the \$7.5 million to expenditures under Fund 5 Instructional Television Special Revenue Fund, and for the remaining \$7.4 million to be allocated between Categories 1-14 in equal proportion to the total amount of the County contribution in each Category. For example, if 15 percent of all County funds are allocated to Category 1 Administration, then 15 percent of the \$7.4 million should be allocated to Category 1 Administration as well.

Spending Affordability

In February 2023, the Montgomery County Council approved FY24 Spending Affordability Guidelines (SAG) of \$2,720.8 million for the tax-supported funds of MCPS. The BOE requested \$3,003.3 million in tax-supported funds, exceeding the SAG guideline by \$282.5 million. The County Executive's recommendation is \$275.1 million above the SAG guideline.

Additional Budget Details

The County Executive affirms the authority of the BOE to establish educational policy and determine the allocation of appropriated funds in support of the mission of the public school system. Complete information regarding the MCPS' budget request is available in the FY24 Operating Budget adopted by the BOE in February 2023. Copies of that budget are available at Montgomery County libraries, on the MCPS website, and upon request from the school system.
