 ROBIN RILEY, DIRECTOR

MISSION STATEMENT

The mission of the Department of Recreation is to provide high quality, diverse, and accessible programs, services, and facilities that enhance the quality of life for all ages, cultures, and abilities.

BUDGET OVERVIEW

The total recommended FY24 Operating Budget for the Department of Recreation is \$60,104,575, an increase of \$4,906,768 or 8.89 percent from the FY23 Approved Budget of \$55,197,807. Personnel Costs comprise 60.72 percent of the budget for 189 full-time position(s) and no part-time position(s), and a total of 591.77 FTEs. Total FTEs may include seasonal or temporary positions and may also reflect workforce charged to or from other departments or funds. Operating Expenses account for the remaining 39.28 percent of the FY24 budget.

The Debt Service for the Recreation Fund is appropriated in the Debt Service Fund and is, therefore, not displayed in this section. To pay for the Debt Service, a transfer of funds from the Recreation Fund to the Debt Service Fund of \$11,350,400 is required to cover General Obligation bond costs.

In addition, this department's Capital Improvements Program (CIP) requires Current Revenue funding.

COUNTY PRIORITY OUTCOMES

While this program area supports all seven of the County Executive's Priority Outcomes, the following are emphasized:

 **Thriving Youth and Families**

 **A Greener County**

INITIATIVES

-  Increase Excel Beyond the Bell Elementary (EEBE) services and expand existing out of school time programming with the addition of two new sites: Harriet Tubman and Watkins Mills Elementary School.
-  Expansion of TeenWorks youth development program, which provides job readiness training and skill building workshops.

-
- ★ Launch an electronic health management platform to modernize health record submissions for activities and programs.

INNOVATIONS AND PRODUCTIVITY IMPROVEMENTS

- ★ Starting January 3, 2023, Montgomery County Recreation fitness passes are free for Montgomery County residents. Free passes provide access to fully equipped fitness rooms, open gym (drop-in) activities, and game rooms at any recreation center during regularly scheduled hours.
- ★ Continue implementation of REC ZIP, an improvement strategy designed to digitize and automate several business processes allowing internal and external customers to interact virtually with Recreation's administrative team without delay. Customer refunds, contractor and vendor invoices, and bank deposits are examples of improvements which allowed for seamless continuation of financial services throughout the pandemic.
- ★ Enhance and expand outreach efforts through the weekly Recreation newsletter to provide information about program and services, as well as health and wellness information.
- ★ Continued implementation of the new, fully integrated recreation and parks management software solution in partnership with Community Use of Public Facilities and Montgomery Parks. This new platform is designed to increase efficiency and productivity while providing extensive reporting and statistical data and a more intuitive and interactive experience for customers.

PROGRAM CONTACTS

Contact Charlotte Keys of the Department of Recreation at 240.777.6942 or Alicia Singh of the Office of Management and Budget at 240.777.2780 for more information regarding this department's operating budget.

PROGRAM PERFORMANCE MEASURES

Performance measures for this department are included below (where applicable), with multi-program measures displayed at the front of this section and program-specific measures shown with the relevant program. The FY23 estimates reflect funding based on the FY23 Approved Budget. The FY24 and FY25 figures are performance targets based on the FY24 Recommended Budget and funding for comparable service levels in FY25.

PROGRAM DESCRIPTIONS

★ Administration

The Administration Program provides oversight, leadership, management, and supervision to accomplish the Department's mission. The Administration Program includes the Department's senior management, the Director's Office and staff, as well as business and information technology services, communications and outreach, facility planning, asset replacement, and fixed-cost management.

The Business Services and Information Technology Teams provide key infrastructure and support to the Department's operations. The Business Services Team provides human resource management, procurement and contracting services, budget and financial administration, and customer services. The Information Technology Team ensures availability and efficiency of technical tools, equipment and interfaces, responds to help tickets from the Department's centers and other satellite locations, and delivers

training related to the Department's business operations software. Both teams collaborate with agencies of County government, community, and other partners to address the needs of internal and external constituencies.

The Administration Program includes development and management of the Department's capital improvement projects and plans and implements the lifecycle asset replacement activities to protect the Department's investments and efficient-reliable operations of all facilities and equipment in service to County residents. The Program also includes fixed costs associated with utilities, property insurance, Workers' Compensation Insurance, and community grants. This Program also includes Communications and Public Outreach, which supports marketing of, and media relations concerning, all recreation and leisure activities in collaboration with the County's Public Information Office (PIO), Maryland-National Capital Park and Planning Commission (M-NCPPC), and Community Use of Public Facilities (CUPF). Outreach activities include summer camps and employment fairs, holiday events and commemorations, and coordination of visits from local, State, and Federal dignitaries and agencies as requested.

Program Performance Measures	Actual FY21	Actual FY22	Estimated FY23	Target FY24	Target FY25
Number of administrative services transactions ¹	9,135	22,000	25,000	25,000	25,000
Number of human resources transactions ²	760	2,272	2,726	2,780	2,836
Number of seasonal employees	1,988	2,000	2,160	2,200	2,200
Percent of allocated recreation financial assistance dollars used ³	30%	46%	60%	70%	80%

¹ The Department continues to be a vital quality of life service and expects to see moderate program growth as it rebounds from the pandemic and demand for programs and services which improve overall health and quality of life continues to rise. The reduced volume of FY21 transactions was related to limitations on the numbers of recreation-specific activities, programs, and services provided due to COVID-19 restrictions.

² In addition to hiring a high volume of seasonal staff, as part of the Department's safety plan, REC conducts background checks for staff, volunteers, coaches, youth services providers, non-profit partners, and contractors. The reduced volume of FY21 transactions reflect limitations on Departmental operations due to COVID-19. The Department expects to see moderate program growth as it rebounds from the pandemic, and therefore moderate increases in HR transactions.

³ The Department allowed RecAssist funds to be carried over from FY21 into FY22 due to limited program availability in FY21 as result of the pandemic and a software migration. As result, the percent of funds utilized for FY22 is likely to be an underrepresentation of public utilization.

Aquatics

The Aquatics programs provide recreational, fitness, instructional, competitive, therapeutic, and rehabilitative water activities that serve all residents. The broad ranges of programming include lessons, instructional wellness classes, and competitive programming such as dive and swim teams. Facilities also host a wide variety of local, regional, and national events and competitions each year.

The Department operates seven regional outdoor pools, four indoor aquatics facilities, and partners with Adventist Community Services to operate the Piney Branch Elementary School pool.

Program Performance Measures	Actual FY21	Actual FY22	Estimated FY23	Target FY24	Target FY25

Percent of total aquatics programs capacity enrolled ²	34.3%	63.2%	64.5%	65.8%	67.1%

¹ The Department anticipates increased use of aquatics facilities, however, it's important to note that this measure may be influenced by future expanded subsidies and price adjustments.

² The Department continues to be a vital quality of life service and expects to see moderate program growth as it rebounds from the pandemic, and demand for programs and services which improve overall health and quality of life continues to rise. It's important to note swim lessons demand exceeds availability.

Countywide Programs

Countywide Programs offers essential and universally accessible recreation and leisure services to all residents across the region--an indicator of a healthy, affordable, and welcoming community. Program staff generates partnerships with local small businesses and non-profit organizations to activate key public and private spaces and to offer culturally responsive programs, activities, and services such as classes, performing arts, camps, sports, workshops, therapeutic recreation, inclusion services, trips and tours, and special events which provide a wide range of economic, health, and social benefits. Additionally, community outreach such as events and festivals provide a wide platform to bridge diverse groups of people, generate social networks, and create community cohesion. Countywide Programs promote positive social capital through the provision of equal access to programs, which cultivates community ties through programs and services for all produces public benefits by connecting people more deeply to the fabric of the community. The benefits include public enjoyment and engagement; improved perception of community performance; economic well-being; quality recreation time with family and friends; strengthening social and familial bonds; improvement of mental and physical health thus reducing the impacts of chronic diseases; and measurable decreases in rates of crime and other detrimental activities making our communities safer.

Percent of planned countywide recreation programs completed ³	44.7%	77.6%	78.0%	79.0%	80.0%

¹ The Department was unable to establish this information for FY22 due to challenges in software migration.

² Individuals with disabilities faced significantly greater challenges as result of the pandemic. During FY22, programs and services were still being delayed and/or cancelled, and many restrictions were still in place for vulnerable populations, due to the COVID-19 pandemic and the emergence of new variants. Reconnecting with vulnerable populations continues to be a top priority for the Department. It's important to note the percentage reported is largely based on those who choose to self-report during registration as having a disability and/or those who request an accommodation. Additionally, the Department faced challenges in reporting due to migration into a new software system.

³ Recreation programs are critical indicators of quality of life in a community. The Department expects demand to continue to increase particularly as it examines ways to remove barriers to participation by reducing fees, improving accessibility, and offering more culturally diverse program offerings.

Recreation Community & Neighborhood Centers

The Department of Recreation has 23 recreation centers throughout the County. These facilities provide affordable programs featuring leisure activities, social interaction, family participation, and community civic involvement, as well as promote community cohesion and identity for all ages.

Centers are designed to support sports, fitness, dance, community/social activities, and art programs. Activities include instructional programs, organized competitions, performances and exhibitions, recreational clubs and hobby groups, and accessibility initiatives for special populations. Center spaces are available for community activities, party rentals, receptions, and civic group meetings. Designated sites offer afterschool programs for children and youth, such as Club Adventure and Club Friday, at affordable pricing. The centers are a place where individuals, families, communities, and government are connected, as well as a thriving hub of activities.

Percent of planned programs in recreation centers completed ²	48.9%	72.2%	73.6%	75.1%	76.6%

¹ The variance in FY21 and FY22 is due to individual pool reservations established for safe social distancing. This practice was discontinued as restrictions lifted. Additionally, general facility bookings were suspended during COVID and continued to be suspended briefly during software migration. *38,409 total. 37,700 were pool reservations (for laps) and 709 were facility usage (fields and rooms).

² The Department continues to be a vital quality of life service and expects to see moderate program growth as it rebounds from the pandemic and demand for programs and services which improve overall health and quality of life continues to rise.

Senior Adult Programs

The Senior Programs Team offers a wide range of supports, opportunities, programs, services, and facilities, which are designed to enhance the quality of life and help community members 55 and over remain active, engaged, and independent in their communities. Lifestyle and leisure program offerings such as fitness & wellness, sports, arts and culture, social clubs, trips, and special events help to attract and retain active retirees while providing critical tools and resources to improve and maintain the health span and independence of those who are isolated or more vulnerable.

¹ In FY21, the Department continued widespread meal distribution to vulnerable citizens 55 years of age or older. When the state of emergency was lifted, the Department discontinued its emergency response and restored congregate meals, which by State requirement, must be consumed on-site.					
² Recreation programs for 55+ play a critical role in recovery from COVID-19, and are critical for an increased health span. Physical activity, social connections and life-long learning are effective strategies to improve mobility, combat depression, and slow cognitive decline. Reconnecting with vulnerable populations continues to be a top priority for the Department. FY21 number does not include senior meal delivery programs.

Youth Development

The Youth Development team uses recreation to ensure young people are healthy, connected, and productive during out-of-school time. Program staff work to change the landscape of communities by tackling pressing and diverse issues, reducing barriers to participation, and improving equitable access to high quality out-of-school time opportunities which improve outcomes for young people. Positive youth development strategies are used to meet youth where they are and include opportunities, programs, and services which emphasize active and healthy living, youth leadership and social equity, engagement in learning, workforce readiness, and connection to caring adult role models.
