DESCRIPTION

This project provides for the design and construction of a new fire/rescue station in the Darnestown - Germantown area and the purchase of associated fire apparatus. The facility is a single story, 16,866 gross square foot fire station and will be located on a site at the northwest corner of MD 118 (Germantown Road) and MD 117 (Clopper Road) in Germantown. The station will include: apparatus bays, dormitory and support space, personnel living quarters, administrative offices, and meeting areas. On-site parking will be provided. Fire/rescue apparatus to be purchased for this station includes a pumper and two EMS units.

COST CHANGE

Increase due to cost escalation and additional design and management fees

JUSTIFICATION

A new station is necessary in this area due to the present and projected population density for the Darnestown - Germantown areas and the development of the Germantown Town Center. This project is recommended in the Fire, Rescue, Emergency Medical Services, and Community Risk Reduction Master Plan approved by the County Council in October 2005 and the MCFRS "Station Location and Resource Allocation Work Group, Phase I Report, Need for Upcounty Fire-Rescue Resource Enhancements," October 14, 1999.

FISCAL NOTE

The expenditures shown as "Other" includes the purchase of new apparatus (\$890,000) and furniture and equipment (\$786,000). Future replacement apparatus expenditures will be provided from the Operating Budget of the Montgomery County Fire and Rescue Service. Debt service for this project will be financed with Consolidated Fire Tax District Funds.

OTHER DISCLOSURES

- A pedestrian impact analysis has been completed for this project.
