DESCRIPTION

Phase I of this project provides for the rehabilitation of the flooring system in the Red Brick Courthouse at 29 Courthouse Square in Rockville. The structural integrity of the flooring system has been weakened by modifications made over the years to accommodate various electrical, mechanical, and plumbing systems. Phase II of the project will provide for complete renovation of the facility including but not limited to HVAC, electrical, roofing and architectural finishes.

COST CHANGE

Increase due to the addition of construction costs for structural repairs to the flooring systems on the first and second floors.

JUSTIFICATION

A structural engineer determined that some areas of the terra cotta arch and beam flooring system have been compromised by modifications that have been made for various electrical, mechanical, and plumbing systems. Access to certain areas on the first and second floors will be restricted until the problem is resolved.

A structural study was completed in December of 2006.
