Total	400	0	0	400	320	80	0	0	0	0	0

DESCRIPTION

This project provides for the design of a new 8-foot wide shared use path along the south side of Needwood Road, a distance of approximately 0.8 miles, between Equestrian Lane and Muncaster Mill Road (MD 115) in order to provide a safe and continuous pedestrian and bike connection to the Shady Grove Metro Station, Colonel Zadok Magruder High School, the ICC Shared Use Path, Rock Creek Trail, future North Branch Trail, and Rock Creek Regional Park (Lake Needwood). The project will also include the design of the crossing of Muncaster Mill Road at Needwood Road intersection and a new 6-foot sidewalk along the east side of Muncaster Mill Road, a distance of approximately 450 feet, from Needwood Road to Colonel Zadok Magruder High School.

ESTIMATED SCHEDULE

The design is estimated to start in the Summer of 2012 and be completed in 18 months.

JUSTIFICATION

This project will provide for a safe and continuous pedestrian and bike access to Shady Grove Metro Station, schools, parks and bicycle trails to enhance multi-modal transportation for commuters and recreational users. The Upper Rock Creek Area Master Plan (2004) and Countywide Bikeways Functional Master Plan (2005) propose a dual bikeway - shared use path and on-road bike lanes - on Needwood Road from Redland Road to Muncaster Mill Road. Design of this project will not preclude the future implementation of on-road bike lanes on Needwood Road.

FISCAL NOTE

The estimated cost of the project, including design, land acquisition, site improvements, utility relocation, and construction, is in the range of \$2.5-\$3.0 million. Funds for this project were originally programmed in Annual Bikeway Program (No. 507596).

OTHER DISCLOSURES

- A pedestrian impact analysis has been completed for this project.
