
Revenue Authority

AGENCY DESCRIPTION

The Revenue Authority is an instrumentality of Montgomery County and a public corporation created in accordance with State law in 1957 to construct and operate a variety of self-supporting projects. The Revenue Authority Board consists of six members. Five members serve five-year staggered terms and are appointed by the County Executive, subject to confirmation by the County Council. A sixth member, the Chief Administrative Officer or designee, was added when Chapter 42 of the County Code was amended in 1998. The Revenue Authority is authorized to issue its own revenue bonds and other debt, which are repaid solely from the revenues received by the Authority; general tax receipts are not used for the retirement of Authority debt.

PROGRAM DESCRIPTION AND OBJECTIVES

The Revenue Authority was created to construct, improve, equip, furnish, and maintain financially self-supporting projects devoted wholly, or partially, for the public use, public good, or general welfare. It promotes, develops, and operates or leases operations in several County program areas, including transportation and recreation. In the area of transportation, the Authority leases the operation of the Montgomery County Airport. The recreation program area includes nine active golf courses; and leased operations to the County Department of Recreation of four pools, which are partially financed by the Authority. Under a thirty year lease agreement between it and the Maryland-National Capital Park and Planning Commission (M-NCPPC), the Revenue Authority assumed responsibility for managing the following M-NCPPC golf courses in FY08: Sligo Creek, Northwest, Little Bennett and Needwood. The Sligo Creek golf course has since been returned to the M-NCPPC and is currently managed by the Revenue Authority under a management agreement.

HIGHLIGHTS

- Focus on long-term sustainability of fixed assets including modifications to the clubhouse food service areas, irrigation, and clubhouse seating improvements to the Falls Road, Little Bennett, Needwood, Northwest, and Poolesville golf courses.
- Continue to implement the next phase of the Airport Layout Plan and the Airport Capital Improvement Plan accepted by the Federal Aviation Administration.

PROGRAM CONTACTS

Contact Keith Miller, Executive Director, Montgomery County Revenue Authority, 301.762.9080, or Jennifer Bryant of the

Office of Management and Budget at 240.777.2761 for more information regarding this department's capital budget.

CAPITAL PROGRAM REVIEW

The FY13-18 Capital Improvements Program proposed by the Revenue Authority consists of six ongoing projects totaling \$26.7 million over the next six years. The request represents a \$9.4 million, or 26.1 percent decrease from the \$36 million approved in the amended FY11-16 program. The change is due mainly to some project expenditures for Needwood, Northwest and Rattlewood golf courses, and the Germantown Indoor Swim Center moving out of the six-year period. The FY13-18 six-year program costs are associated with improvements at Falls Road, Little Bennett, Needwood, Northwest, and Poolesville golf courses as well as additional Federal funding of the Airport Layout Plan and the Airport Capital Improvement Plan at the Airport.

The County Executive recommends \$26.7 million for the Revenue Authority for FY13-18.

The Revenue Authority FY13-18 program is funded by Revenue Authority debt, Revenue Authority current revenues, Federal funds, and State funds. Details of the Revenue Authority projects are included on the respective project description forms.

STATUTORY AUTHORITY

The Revenue Authority operates under the Montgomery County Code Chapter 42, 1984, amended 1998.

Prior to FY93, the Revenue Authority operated under State law. It was transferred from State law to the County Code during FY93. The transfer to the County enables local amendments to the Authority's governing law without requiring State legislative action.

The Revenue Authority is responsible for preparing a six-year Capital Improvements Program (CIP) and submitting it to the County Executive prior to October 1 of each biennial year. The County Executive includes this program, along with comments and recommendations, in the comprehensive six-year CIP submitted to the County Council by January 15 for each odd-numbered fiscal year.

The County Council holds public hearings and may approve, amend, or modify the Revenue Authority's capital budget on, or before, adoption of the County's annual budget and appropriation resolution. Funds for the Revenue Authority projects are not appropriated since the Revenue Authority is

self-supporting and operates independently of the County government. Any project costing more than \$50,000 may not be undertaken by the Revenue Authority without review and approval by the County Executive and County Council.

DESCRIPTION

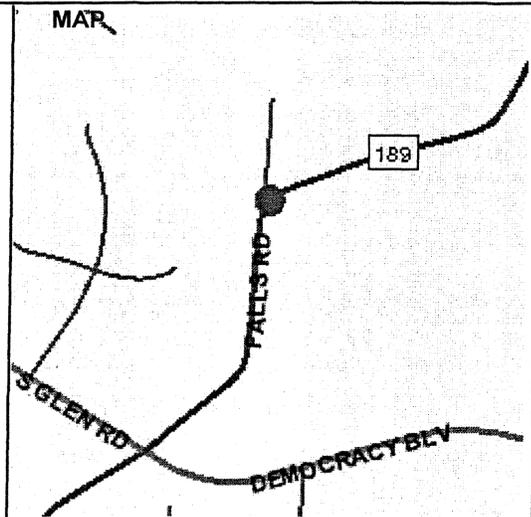

This project provides for improvements at Falls Road Golf Course located at 10800 Falls Road in Potomac. The course was completely renovated in FY03. The practice range lighting project was completed in FY11. Partial covering and heating of the range will be completed in FY12. Modifications to the existing clubhouse food service area will be completed in FY13, and the stream connection project will be completed in FY16 to address erosion and drainage issues. These projects were approved in the prior CIP but delayed.

JUSTIFICATION

The project proposes practice facility improvements, which serve to enhance current golfers' experiences, while increasing availability to non-golfers to learn the game. The planned modifications to the food services facility will provide patrons a broader selection of food options with quick efficient service.

DESCRIPTION

This project provides for improvements at Little Bennett Golf Course located at 25900 Prescott Road in Clarksburg. The improvements include upgrades to the irrigation system. The clubhouse renovation includes expansion of the seating area to better accommodate groups, which will improve revenue performance. The project was approved in the prior CIP and delayed.

JUSTIFICATION

The clubhouse remodeling will expand the seating area to better accommodate group functions and improve revenue performance

DESCRIPTION

This project provides for improvements to Needwood Golf Course located at 6724 Needwood Road in Derwood. In FY11, funding will allow for improvements to the main irrigation ponds which provide water to the entire golf course. In addition, FY12 funding will provide for modification to the existing clubhouse food service area to improve food and beverage service offerings for patrons of the facility. In FY15 and FY16, this project provides for a complete replacement of the irrigation system at this facility.

JUSTIFICATION

The irrigation system is in need of upgrades which will allow for improved playing conditions for golfers while also improving the efficient use of water resources. The planned modifications to the food services facility will provide patrons a broader selection of food options with quick, efficient service.

DESCRIPTION

This project provides for improvements at Northwest Golf Course located at 15711 Layhill Road in Wheaton. The project scope includes modifying the existing golf course, improving the playability for different levels of golfers by adding new forward tees, improving the green surfaces, and a large scale bunker renovation. The project also provides for remodeling the existing clubhouse.

JUSTIFICATION

The public daily fee golf course must cater to the diverse abilities of many golfers, from low to high handicappers, by providing both appropriate levels of strategy and challenge and an interesting and pleasant setting in which to play the game. The objective of the improvements is to provide maximum playability, enhance visual quality, and allow for the most efficient maintenance of the golf course. The project proposes improvements to the golf course which serve to enhance the existing character and playability, while employing contemporary standards for design, construction, and maintenance.

DESCRIPTION

This project provides for improvements at Poolesville Golf Course located at 16601 West Willard Road in Poolesville. The irrigation system replacement scheduled for FY14 will now be completed in FY16. The currently unused clubhouse facility is scheduled for demolition in FY15. These projects have been delayed to allow for the completion of a long term master plan for the property.

JUSTIFICATION

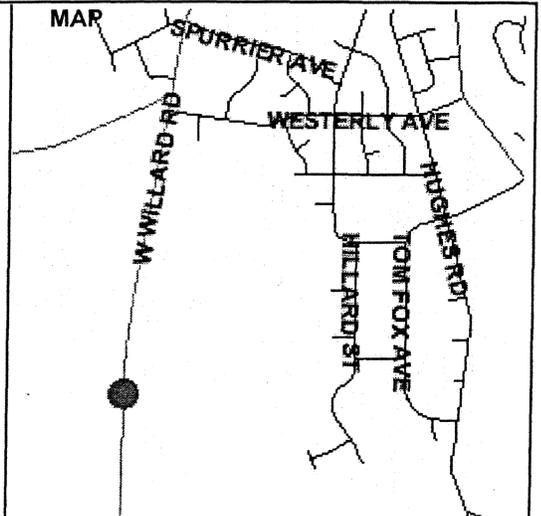

The projects address long term infrastructure needs.

DESCRIPTION

The Montgomery County Airpark is a general aviation reliever airport located at 7940 Airpark Drive in Gaithersburg. The Montgomery County Revenue Authority (MCRA) updated the Airport Layout Plan (ALP) in 2002. The updated ALP identifies the projects and plans the sequencing for continued airport improvement. An Environmental Study of the ALP identified projects for the first five years and was completed in December 2005. Federal funds for the Airpark are approved by the Federal Aviation Administration (FAA) through the Airport Capital Improvement Plan (ACIP). FAA priorities for funding airport projects include promoting safety and security; preserving existing infrastructure; mitigating noise or environmental impacts; fulfilling compliance; and providing capacity.

ESTIMATED SCHEDULE

ALP projects have slipped into later years due to the deferral of Federal funding.

COST CHANGE

Increase reflects funding schedule per the Federal Aviation Administration Airport Capital Improvement Program. Funding will provide for preliminary acquisition of properties as required by the FAA for the runway protection zone and for planning for the removal of obstructions to Runway 32. Future funding may be affected by changes to the federal budget and FAA funding levels.

JUSTIFICATION

The recommended acquisitions, easements, and obstruction removals address obstructions to air navigation and protect life and property on the ground. Activities are based on Federal Aviation Administration design standards and guidelines.

The basis for the planned improvements is the Airport Layout Plan (ALP) approved by the FAA on July 25, 2002 and the Airport Capital Improvement Plan (ACIP) for 2011 -2016 submitted to the FAA.

FISCAL NOTE

Typically, funding for all Airpark projects is approximately 95 percent Federal, 2.5 percent State, and 2.5 percent Revenue Authority. These percentages may change according to the future funding levels of the FAA.

OTHER DISCLOSURES

- A pedestrian impact analysis has been completed for this project.
- The Revenue Authority asserts that this project conforms to the requirements of relevant local plans, as required by the Maryland Economic Growth, Resource Protection and Planning Act.
