
History Schedules

Schedule F-1, Ten-Year History of Expenditures in Current and Deflated Dollars

This schedule shows the growth in expenditures for four major agencies: MCG, MCPS, Montgomery College, and M-NCPPC, in both current dollars and deflated to Fiscal Year 05. The purpose is to give a sense of the size of increases in real spending, with inflation removed.

Schedule F-2, Ten-Year History of Revenue by Major Category

This schedule reports the revenues received by MCG, Debt Service, MCPS, Montgomery College, and M-NCPPC. The great majority of the revenues are collected by Montgomery County government, but the educational institutions do receive significant State aid plus revenues from tuition, food service, and other charges.

The columns showing the percent of total revenues represented by the major categories give a sense of the relative importance of different types of revenues and show changes over time.

Schedule F-3, Ten-Year History of County Government Workyears by Function

This schedule has two tables that display workforce history in different ways. The first displays MCG workyears¹ by function. The second table takes the workforce data in the first table and divides it by the estimated population for each year to show the annual change in the number of workers per 1,000 population. The purpose is to show how the size of the MCG workforce, by governmental function, is tracking the growth in population. The data in this table excludes workyears provided by contract.

Schedule F-4, Ten-Year History of County Agencies Workyears by Fund

This schedule is similar to F-3 but displays MCG workyears by fund over the ten years.

Schedule F-5, Ten-Year History of Property Tax Rates for Typical Property Owner

This schedule shows the tax rates per 100 dollars of assessed valuation paid by the typical property owner.

Schedule F-6, Historical Analysis of Property Tax Rates

This schedule shows the total average weighted property tax rate (i.e., the rate resulting from taking all rates approved by the County Council, all other municipal district tax rates, and the State of Maryland tax rate, and weighing them by their respective assessable bases related to the Countywide base).

¹ The Workyears (WYs) employment indicator changed to Full-Time Equivalents (FTEs). Tables throughout the book showing FTEs in prior years have not been converted to FTEs; they still reflect WYs and maintain the integrity of the previously approved budgets.

SCHEDULE F-1
