Description

The purpose of this project is to establish and maintain a datacenter and network operating center on the Takoma Park/Silver Spring Campus and related central sites, and to provide for planned (lifecycle) technology replacements. The datacenter and network operating center houses the technology from which control is exercised over the College's instructional, academic, and administrative computing systems. This project also funds staff for monitoring security, cyber security, disaster recovery and redundant systems to help insure the integrity of the datacenters. Two (2) staff positions are included in the project.

Cost Change

Increase due to the addition FY19 and FY20.

Justification

The datacenter and network operating center located on the Takoma Park/Silver Spring Campus provides the College with high availability as well as upgraded disaster recovery components, security firewalls, and security systems. Planned lifecycle asset replacement and upgrades are critical components of maintaining state-of-the-marketplace hardware and operating software complement within each Campus center. The College's strategic planning initiatives include comprehensive strategies to cover information technology activities funded from all budget sources for an integrated and complete plan for the College. This strategic planning ensures that the College meets student requirements for information technology tools and instruction in preparation for career opportunities and transfer programs to four-year institutions. Use of state-of-the-market hardware and technology capabilities are required to attract and serve students, as well as serving the business community by upgrading work force technology skills and providing a base for continued economic development in the county. Collegewide strategic planning goals include using information technology to (1) facilitate student success; (2) effectively and efficiently operate the College; and (3) support the College's growth, development, and community initiatives. The College's strategic planning efforts provide for a cost effective and efficient vision for instructional, academic, and administrative systems. The College's strategic plan supports the current IT program and serves as documentation for future funding requests.

Other

FY15 Appropriation: \$2,000,000 (Current Revenue: Recordation Tax).

FY16 Appropriation: Total \$2,000,000; \$1,795,000 (Current Revenue: General), \$205,000 (Current Revenue: Recordation Tax).

By County Council Resolution No. 16-1261, the cumulative appropriation was reduced by \$146,000 (Current Revenue: General) as part of the FY10 savings plan. The following fund transfers have been made to this project: \$800,000 from the Network Infrastructure Support System project (#P076619), \$2,500,000 from the Information Technology project (#P856509)(BOT Resol. #: 12-06-037, 6/11/12).

Disclosures

Expenditures will continue indefinitely.

Coordination

Cafritz Foundation Arts Center (CIP No. P056604), Computer Science Alterations (CIP No. P046602), Germantown Science and Applied Studies Phase 1 - Renovation (CIP No. P136600).
