PROJECT DESCRIPTION

This project addresses countywide ballfield needs by funding ballfield improvements on parkland, school sites, and other public sites. Improvements may include, but are not limited to, ballfield lighting, irrigation, drainage improvements, reconfigurations, and upgrades. Generally, ballfields to be constructed as part of new park construction or reconstruction will be shown in the individual new park construction or reconstruction pdfs. Projects proposed for the six-year period include: fencing and backstop replacements, turf and infield renovations, bleacher replacements at selected recreational parks, new or upgraded irrigation systems, drainage improvements, and cricket field design.

COST CHANGE

Added \$250,000 in CUPF Current Revenues to FY20 for non-synthetic turf school ballfield renovations.

PROJECT JUSTIFICATION

2012 Parks, Recreation and Open Space (PROS) Plan. Montgomery County users of parks and recreation facilities identified a serious shortage of ballfields throughout the County. The Ballfield Work Group Reports, Phases 1 and 2, 1999.

FISCAL NOTE

Prior year partial capitalization of expenditures through FY16 totaled \$15,642,000. FY14 transferred in \$40K GO bonds from Pollution Prevention #078701. Due to fiscal capacity \$250,000 GO Bonds shifted from this project in FY15 and FY16 to fund Urban Park Elements project #871540. In FY17 through FY19, \$1,000,000 in operating funds from the Community Use of Public Facilities (CUPF) fund were approved to renovate MCPS ballfields. In FY20, an additional \$250,000 was recommended for MCPS ballfields. The funding source for MCPS ballfield improvement was switched in FY19 from intergovernmental to Current Revenue: CUPF.

DISCLOSURES

Expenditures will continue indefinitely.

COORDINATION

In January 1999, the Planning Board established a Work Group comprised of major sport user groups, public agencies and the Countywide Recreation Advisory Board to address the acute shortages of ballfields in the County.
