PROJECT DESCRIPTION

This project description form (PDF) is used to reconcile Montgomery College's capital budget requests with affordability and the County's bond capacity.

COST CHANGE

This project reconciles the College's request with the County Executive's recommendation based on affordability considerations.

Unfortunately, Impact Tax and Recordation Tax revenue estimates reflect a net reduction of almost \$122.0 million with the largest revenue shortfall related to Schools Impact Taxes (-\$120.7 million). These revenue reductions are so severe that funding for any new projects or funding for cost increases must be offset by reductions, with even further reductions required to balance the CIP.

In light of these resource limitations, The College leadership identified a number of project savings and reductions so that their top priorities could be funded. As a result of the College's efforts, the County Executive's CIP was able to support the requested escalation increases for the Takoma Park/Silver Spring Math & Science Center - the College's top priority.

Based on affordability, no other GO bond-funded project cost increases are recommended during the six year period, and an additional affordability reduction of \$2.4 million spread across FY21 - FY24 has been assumed due to the previously mentioned revenue shortfalls. This affordability reduction takes into account the College's efforts to identify manageable savings beyond the value of the Math and Science Center cost increases.

Overall, FY19-24 funding for the College is \$279.6 million. This represents a \$2.3 million, or 0.8 percent, increase over the previously approved CIP. Non-County resources made this increase possible.

In particular, the County Executive has deferred recommending increases in Current Revenue funding until they can be considered in the context of the operating budget.

DISCLOSURES

Montgomery College asserts that this project conforms to the requirement of relevant local plans, as required by the Maryland Economic Growth, Resource Protection and Planning Act.
