PROJECT DESCRIPTION

The scheduling of modernizations is consistent with the MCPS long-range plans to renew aging facilities on a rational and periodic basis. In order to accelerate the pace of secondary school modernizations, the Requested FY2011-2016 CIP included expenditures in the out-years of the CIP to reopen the Broome facility, currently owned by Montgomery County, for use as a middle school holding facility. This facility will require significant modifications to support a middle school program. Due to fiscal constraints, this project was delayed two years in the FY 2013-2018 CIP. Planning funds will be requested in FY 2017 to begin required modifications to the current facility. This project is scheduled to be completed by August 2019.
