Cumulative Appropriation	1,140		
Expenditure / Encumbrances	-		
Unencumbered Balance	1,140		

PROJECT DESCRIPTION

This project will construct a 4,500 square foot addition to the the existing County's hypothermia overflow shelter at Crabbs Branch Way to provide year round congregation, meals, and medical and case management services. The existing building is a single-story and is setback 130 feet from Crabbs Branch Way with parking in front.

LOCATION

16911 Crabbs Branch Way, Derwood, MD 20855

CAPACITY

With the addition, the shelter will serve approximately 100 men.

ESTIMATED SCHEDULE

The work is scheduled to be completed by the end of FY20.

PROJECT JUSTIFICATION

The County owned facility on Crabbs Branch Way serves as part of the County's hypothermia season overflow shelter system. As part of that system, it was designed to provide just the basics of sleeping and restroom areas during winter months, with no available space for services. This project will modify the facility to include space for congregation, meal service, medical offices, and case management offices - none of which are currently available at the site. The current facility that provides year-round services, located at Taft Court in Rockville, will no longer be available starting spring of 2020. This expanded facility will ensure that a full complement of wrap-around services are available year-round to the men seeking emergency shelter in Montgomery County.

COORDINATION

Department of Health and Human Services, Department of General Services
