## PROJECT DESCRIPTION

Damascus Elementary School was built in 1934 and renovated in 1980. Scheduling of this modernization is consistent with the MCPS long-range plans to renew aging facilities on a rational and periodic basis. Due to fiscal constraints the Board of Education's Requested FY 2015-2020 CIP includes a one-year delay for elementary school revitalizations/expansions. While planning funds remain on schedule due to fiscal constraints the construction funds for this project were delayed one year in the approved FY2015-2020 CIP. The Board of Education's requested FY2015-2020 Amended CIP reinstated the construction schedule previously requested by the Board. Due to fiscal constraints the County Council did not approve the Board's request. Based on the Montgomery County Council Office of Legislative Oversight (OLO) study of the revitalization/expansion program released in July 2015, this program is under review in order to develop a multi-variable approach to determine the priority order of large-scale renovations of facilities, possibly including programmatic and capacity considerations. Recommendations regarding possible changes to this program will be released once the review is complete.
