Expenditure / Encumbrances	19,600		
Unencumbered Balance	1,400		

PROJECT DESCRIPTION

This project provides for the design and construction of a structured parking garage to accommodate the current and future parking needs of the North Bethesda Conference Center, which is jointly owned by Montgomery County and the State of Maryland. The garage is needed in order to replace the parking spaces that are being lost due to the construction and realignment of roads in the White Flint area (see CIP #501506). The garage will consist of approximately 650 spaces and will be operated by the management company of the Conference Center, Marriott International, in accordance with the County's existing agreement with Marriott. Groundbreaking for the garage took place in November, 2017 and is being followed by a twelve to fifteen month construction period.

LOCATION

Bethesda North Marriott Hotel & Conference Center at 5701 Marinelli Rd, Bethesda, MD 20852

ESTIMATED SCHEDULE

Design was completed in FY16. Construction began in FY17 and will be completed by FY18.

PROJECT JUSTIFICATION

Significant changes and development activity will occur around the Conference Center property in accordance with the 2010 White Flint Sector Plan (WFSP), which will require the conversion of the conference center's parking from a surface lot to a structured garage. Per the Sector Plan, Executive Boulevard will be realigned to allow for a standard four-way intersection. The addition of several smaller streets will break up block sizes into more pedestrian scale blocks, contributing to the goal of the WFSP to create a pedestrian friendly environment. These roadway modifications will significantly impact the size of the Conference Center property. The realignment of Executive Boulevard will cut across the northwest corner of the site, while the addition of the new Market Street will eliminate a 70-foot strip along the northern edge of the property. In addition, the new Woodglen Drive to the east will bisect the site into east and west parcels. These changes will significantly reduce the current number of available surface parking space. Therefore, a parking garage must be constructed to accommodate the parking needs of the conference center. Operating profits from the garage will accrue to the County's General Fund through its management agreement with Marriott and will be accounted for in the Conference Center NDA.

FISCAL NOTE

As the result of a joint agreement between Montgomery County, the Maryland Department of Transportation, and Federal Realty Investment Trust (FRIT), the County received the proceeds of \$21 million from a transaction involving State Highway Administration surplus land in White Flint. The surplus property was sold to an adjacent developer (FRIT) at full market value, resulting in a net gain of \$21 million dollars for the County. As part of the agreement with the State, these land sale proceeds are designated to fund the design and construction of a multi-level parking garage at the site of the County/State owned Bethesda North Conference Center. The funds are being held in an escrow account that is jointly controlled by the County and the State. An FY14 supplemental appropriation request was approved for this project for the amount of \$1,500,000; an FY16 supplemental appropriation request was approved for this project for the amount of \$19,500,000.

DISCLOSURES

The County Executive asserts that this project conforms to the requirement of relevant local plans, as required by the Maryland Economic Growth, Resource Protection and Planning Act.

COORDINATION

Department of Transportation, Office of the County Executive, Department of Finance, Office of the County Attorney, Maryland Stadium Authority, Maryland Department of Transportation, Maryland State Highway Administration
