|------------------------------|---------|---------|-----|-------|-----|-----|-----|--|-----|-------|
| WSSC Bonds                   | 179,108 | 170,008 | 278 | 2,904 | 110 | 878 | 951 |  | 965 | 5,918 |
| State Aid                    | 242,480 | 242,480 |     |       |     |     |     |  |     |       |
| City of Rockville            | 8,264   | 7,736   | 16  | 168   | 6   | 51  | 55  |  | 56  | 344   |

# D. Description & Justification

# **DESCRIPTION**

This project provides funding for WSSC Water's share of the Blue Plains Enhanced Nutrient Removal projects required to achieve nutrient removal to levels below BNR levels to meet the Chesapeake Bay water quality targets determined in the 2010 Bay TMDL and DC Water's 2010 NPDES permit. Major projects to achieve enhanced nutrient removal are substantially completed and operational. Additional projects are required to ensure NPDES permit compliance, as flows and influent load to the plant increase. The projects will include ongoing program management upgrades to the secondary treatment facilities.

## **JUSTIFICATION**

The funding schedule reflects the final cost sharing agreement with the Maryland Department of the Environment.

Chesapeake Bay Program Tributary Strategies Process (2005); Blue Plains Strategic Process Study, Metcalf & Eddy (2005); Selection of the Enhanced Nitrogen Removal Process Alternative for the Blue Plains Advanced Wastewater Treatment Facility, Metcalf & Eddy (2009); Blue Plains Facilities Master Plan (2016); DC Water Approved FY2021 Capital Improvement Program; and the Blue Plains Inter-municipal Agreement of 2012.

### **COST CHANGE**

ENR upgrades are substantially complete. Future upgrades are planned for secondary treatment to provide full nitrification under future flow conditions.

#### **OTHER**

The project scope has remained the same. Project costs are derived from the DC Water Capital & Operating Budget 10-year forecast and latest project management data, and reflect DC Water's current expenditure estimates and schedules. Total Nitrogen Secondary Treatment Upgrades are scheduled to be initiated in FY'28 or later. At this time there are no additional BRF grant funds approved for this project. Projects extending beyond those supported by State Aid include rehabilitation and upgrades to older projects. Portions of the program have been financed by low interest loans through the Maryland Department of the Environment's Water Quality Administration State Revolving Loan Program. The funding schedule also indicates the calculated Rockville share of the cost.

## COORDINATION

Coordinating Agencies: City of Rockville;(responsible for a share of funding); DC Water;(responsible for design and construction); Maryland Department of the Environment; U.S. Environmental Protection Agency, Region III

Coordinating Projects: S - 000022.06 - Blue Plains WWTP: Liquid Train Projects, Part 2

| E. Annual Operating Budget Impact (000's) |                      |  |  |  |  |  |
