## PROJECT DESCRIPTION

---

This project provides for the placement of Linkages to Learning (LTL) sites and School Based Health Centers (SBHC) at public schools. LTL sites provide accessible services to at-risk children and their families to improve adjustment to and performance in school, home, and community. Services include mental health, social services, and related community school programming. SBHCs are expanded models of LTL sites that include comprehensive primary health services. Host schools are selected based on criteria recommended by the SBHC Interagency Planning Group and the LTL Advisory Group. Montgomery County Public Schools (MCPS) will oversee the construction of SBHC and LTL sites. The County will occupy the space with School Health Services and LTL personnel and contractors.

## ESTIMATED SCHEDULE

Construction for the Odessa Shannon MS LTL facility is scheduled to be completed in FY23. Maryvale LTL was completed in FY21. Construction is scheduled to begin in FY22 for Silver Spring International Middle School LTL facility, with completion in FY25. Construction is scheduled to begin in FY22 for Gaithersburg Elementary School #8 LTL facility, with completion in FY23. Construction is scheduled to begin in FY22 for Neelsville Middle School LTL facility, with completion in FY25. Construction is scheduled to begin in FY22 for an LTL and SBHC at South Lake Elementary School, with completion in FY24. The scope was increased to add funding for planning and construction for an LTL and SBHC at JoAnn Leleck Elementary School, with completion in FY26. Construction at Greencastle Elementary School is planned to begin in FY23 and conclude in FY25.

## COST CHANGE

Funds have been added in FY24 to provide a full Linkages to Learning program space at Greencastle Elementary School to replace a smaller space that could not accommodate full program services.

## PROJECT JUSTIFICATION

This project is part of the recommendations of the Department of Health and Human Services and MCPS.

## OTHER

Cost estimates are based on per square foot costs for school construction, adjusted by additional health care facility requirements such as examination rooms, a laboratory, and medical equipment. MCPS will provide maintenance and utilities by a Memorandum of Understanding. Site specific factors are to be determined, and will be provided during construction.
