PROJECT DESCRIPTION

This project funds a comprehensive and ongoing plan to replace key facility and site components based on an inventory of their age and conditions. A comprehensive inventory of all such components has been assembled so that replacements can be anticipated and accomplished in a planned and orderly manner. Facility components included in this project are code corrections, physical education facility/field improvements, school facility exterior resurfacing, partitions, doors, lighting, media center security gates, bleachers, communication systems, and flooring. An FY 2019 appropriation was approved to continue this level of effort project. FY 2019 supplemental appropriation and offsetting reductions of \$2.5 million were approved from this project to the current revitalization/expansion project for Seneca Valley High School. An FY 2020 appropriation and amendment to the adopted FY2019-2024 CIP was approved to address building systems such as physical education facility/field improvements, school facility exterior resurfacing, partitions, doors, lighting, bleachers, communication systems, and flooring. An FY 2021 appropriation was requested to continue this level of effort project. However, due to fiscal constraints, the County Council, in the adopted FY2021-2026

CIP reduced the FY 2021 appropriation by \$5.185 million less than the Board of Education's request. For a list of projects completed during the summer of 2019, see Appendix K of the FY 2021 Educational Facilities Master Plan. An FY 2022 appropriation and amendment to the FY2021-2026 CIP was approved to continue this level of effort project and reinstate the expenditures removed from FY 2022 in the adopted FY2021-2026 CIP. An FY 2023 appropriation was approved to continue this project to address building systems, school facility exterior resurfacing, partitions, doors, lighting, bleachers, communication systems, and flooring; however, the County Council, in the adopted FY2023-2028 CIP, decreased expenditures in FY23 and FY24, therefore, the number of projects to be completed will be reduced to align with the approved expenditures. An FY 2024 appropriation was approved to continue this level of effort project.
