## PROJ ECT DESCRIPTION

Projections indicate enrollment will exceed capacity for some of the elementary schools in the Bethesda-Chevy Chase and Walter Johnson clusters. Planning expenditures for a new elementary school were programmed in the out-years of the approved FY 2021-2026 CIP. An FY 2025 appropriation is requested to begin the planning for this new elementary school. Once the scope and cost of this project is determined, construction funding and a completion date will be considered in a future CIP.
