PROJECT DESCRIPTION

This project funds the replacement of the current runway lighting system at the Airpark property with LED lighting, which will provide increased visibility and will comply with Federal Aviation Administration (FAA) standards.

LOCATION

7940 Airpark Road, Gaithersburg, Maryland

COST CHANGE

Cost change reflects actual costs associated instead of estimates.

PROJECT JUSTIFICATION

This project is a continuation of the Airport Layout Plan (ALP), which was developed in conjunction with the FAA in 2002. The ALP identifies the projects and plans the sequencing for continued airport improvement. A supplemental environmental assessment for this purchase was completed in 2017. This project includes the purchase of land adjacent to the Airpark which is necessary to maintain Federal safety standards for airport operations. Federal funds for the Airpark are approved by the FAA through the Airport Capital Improvement Plan (ACIP). FAA priorities for funding airport projects include promoting safety and security; preserving existing infrastructure; mitigating noise or environmental impacts; fulfilling compliance, and providing capacity. Federal funding and requirements will dictate the final timeline for the purchase.

COORDINATION

Federal Aviation Administration and Maryland Aviation Administration.
