Subject: RE: ON BEHALF OF CHRISTOPHER RUHLEN Conditional Use 24-10 / 6412 Damascus Road (Olney, MD)
Date: Friday, April 26, 2024 1:46:16 PM

Mr. Ruhlen,

Thank you for the updated information regarding the proposed stormwater management facilities for CU 24-10. Has this plan been submitted to DPS? Have they provided any feedback? Did you share this plan/information with Planning Staff as well? In addition I have formulated a few questions below I'd like for your witnesses to be prepared to answer next week.

1. Lighting & Landscaping – I understand you believe that since there are no exterior changes proposed that no lighting or landscaping plans are required. Please be sure you have either testimony and/or documentary evidence regarding the light standards, location and lighting levels at the property boundaries. Also it appears a concrete wall is being removed. Please be prepared to have either testimony and/or documentary evidence submitted regarding the removal of the wall, how it does or does not impact the screening of the proposed use and generally how the project meets the overall screening requirements per Section 6.5.3.
2. Regarding the shared driveway, please be prepared to have either testimony and/or documentary evidence on any use restrictions that may or may not exist.
3. I will have questions about the capability of the onsite water and sewer and about the septic system/reserve area including age, upgrades, capacity related to residential use and proposed landscape contractor use, etc.
4. Please be prepared to have either testimony and/or documentary evidence regarding the total square footage of the existing single-family dwelling and all accessory buildings to be sure the calculations of all buildings satisfies Section 54-4.2.1.F.3, footnote c.
5. I see the parking spaces for the proposed landscape contractor use, but not for the single family dwelling. Please be prepared to have testimony on the number of spaces and location provided for the residential use.

I may have more questions on Thursday, but the issues raised above will need to be addressed during the hearing. Thank you.

Katy Byrne
