DPS GOES GREEN

Electronic Plans Submission

“ePlans” - “ePermits”

Montgomery County Executive Isiah Leggett recently announced the launch of “ePlans” and “ePermits” in the County’s Department of Permitting Services (DPS). Customers can now apply for permits on line and electronically file plans to obtain electrical, deck, new home and right-of-way permits from the comfort of their home or business – saving significant time, money, fuel and paper. Pictured with Leggett are County Council President Craig Rice and DPS Director Diane Schwartz Jones. [Click here for contact information...](#)
