MONTGOMERY COUNTY CIRCUIT COURT

GENEROUS JUROR PROGRAM

What is the Generous Juror Program?

The Generous Juror Program is a collaborative effort between the Circuit Court for Montgomery County, the Maryland Department of Health and Human Services, the Maryland Department of Juvenile Services, Montgomery's Miracles, Inc., and the citizens of Montgomery County who are called to jury duty.

What Does the Program Do?

The Generous Juror Program celebrates the dignity and value of every person by providing a variety of items and services to children and adults involved in the court system who are in the greatest need.

Who Benefits from the Generous Juror Program?

➔ Abused, neglected and troubled Montgomery County children served by the child welfare and juvenile justice systems. Every year thousands of children are served by these agencies, but many needs go unmet. The program provides many services and activities that enrich children's lives, increase confidence and provide them with a happy experience during a troubled time.

➔ Adults who are participating in the Circuit Court's intensive Drug Court Program, working toward achieving personal responsibility and productive citizenship. By assisting with employment training and placement, finding safe, clean and supportive living environments and the provision of appropriate incentives for positive and sustained sobriety, we celebrate the human dignity of every person and the belief that everyone has something important to contribute to our community.

➔ The citizens of Montgomery County, whose benevolence makes our community stronger by enhancing the lives of its neediest, most vulnerable members.
