## **Print Sources at MCCC Law Library**

***Internet Marketing and Consumer Marketing***, by Andrew B. Serwin, 2012-2013, West Publishing. Addresses issues on Internet privacy, security, advertising and spam laws.

***Law of the Internet***, 3<sup>rd</sup> edition, by George B. Delta and Jeffrey H. Matsuura, current, Wolters Kluwer Law & Business. Multi-volume treatise on internet law with explanations, sample forms and commentary.

***Privacy and the Internet: Your expectations and Rights Under the Law***, by Margaret C. Jasper, 2003, Oceana Publications, Inc. Written for non-lawyers, this book explains the role of the Federal Trade Commission, e-commerce, online financial services and the protection of children's privacy online.

***Smart Policies for Workplace Technologies***, by Lisa Guerin, 2012, Nolo Publishing. Shows how to protect privacy and trade secrets, create company policies for technology use and how to deal with email, blogs and cellphones in the workplace.

***Stopping Identity Theft: Ten Easy Steps to Security***, by Scott Mitic, 2012, Nolo Publishing and USA Today. Explains how to protect yourself from a very persistent problem in modern life - identity theft-through ten steps.

***Tracking and Targeting Customers and Prospects Online and in Social Media***, by D. Reed Freeman, Jr., 2011, Practising Law Institute. Describes how cookies, beacons and other technologies work; how online commerce is regulated; and what are the approaches and risks of privacy litigation.
