Mr. Darian Unger, Chair
Silver Spring Citizens Advisory Board
8435 Georgia Avenue
Silver Spring, Maryland 20910

Dear Mr. Unger:

I have received your letter of May 12, 2009 in which you expressed your concerns regarding the possible elimination of the Silver Spring Urban District Advisory Committee and the Silver Spring Transportation Management District Committee.

I understand your difficulty with the proposed changes and agree that all of us benefit when county residents are involved in county government, through our boards and commissions. We value the time and expertise provided by our numerous volunteers.

I will certainly consider the issues you have raised when reviewing Councilman Leventhal's proposal.

Thank you for your input and continued interest in our county.

Sincerely,

Isiah Leggett
County Executive
