

SILVER SPRING CITIZENS ADVISORY BOARD

September 3, 2009

The Honorable Isiah Leggett  
County Executive  
Executive Office Building  
101 Monroe Street 2<sup>nd</sup> Floor  
Rockville, Maryland 20850

Dear County Executive Leggett:

We are writing today to express our support for St. Camillus Parish's proposed plan to build Victory Oaks, a residential community that will provide affordable housing to independent seniors in our community. The construction of this housing is supported by neighboring residents and organizations, including the Weed and Seed program which is deeply invested in the community.

We strongly support this project and believe the Victory Oaks development will add to the overall community spirit by promoting the inclusion of seniors and providing affordable housing to this growing population in Montgomery County.

Sincerely,

Darian Unger  
Chair
