Dear Sir/Madam,

The November 1, 2009 implementation date for the new sprinkler license requirements in Montgomery County, Md has been postponed. Due to unanticipated delays in preparation within the Office of the Fire Marshal (OFM), Fire Code Enforcement (FCE) Section, we are not in a position to begin the process by the November 1st date. Requirements remain unchanged at this time. You will be notified of the new implementation date at some time after the first of the year.

As you recall, the transition to the new license process will occur for each licensed contractor as they renew their existing annual license so it will not impact all of the license contractors on the same date. We will notify all license contractors with a new implementation date at the earliest possible time.

Thank you for your patience as we work through this process.

Michael T. Hamilton, Battalion Chief
Office of the Fire Marshal
Fire Code Enforcement Section
Montgomery County, Maryland
